Do you have any questions regarding the schedule for developing the Square Guidelines, the review process for future redevelopment of Squares 378 & 379, or how and when you will be able to provide input?

(For website: Refer to the Public Meeting video, minutes __:__ for more information)

NPC will consider these topics in developing Square Guidelines:

Land Use • Building Massing • Build-to-lines • Building Height • Upper-story Setbacks • Penthouses • D Street • Ground Floor Use
General Design Guidelines • Public Realm • Sustainability • Circulation/ Access/Loading.

Are these the right topics to include in the guidelines?

Are there additional topics NPC should consider?

Are certain topics more important to you, and if so, why?

(For website: Refer to the Public Meeting video, minutes _:_ for more information)

Do you have comments on NCPC's initial discussion of possible building heights and build-to-lines for Squares 378 and 379?

Do you have any additional comments?
