Assessment Report of Ecological, Social, and Economic Sustainability, Conditions, and Trends for the Rio Grande National Forest

AGENCY: Forest Service, USDA.

ACTION: Notice of initiating the assessment phase of the Rio Grande National Forest land management plan revision.

SUMMARY: The Rio Grande National Forest, located in south central Colorado, is initiating the forest planning process pursuant to the 2012 Forest Planning Rule (36 CFR 219). This process results in a Forest Land Management Plan which describes the strategic direction for management of forest resources for the next fifteen to twenty years on the Rio Grande National Forest. The first phase of the process, the assessment phase, has begun and interested parties will be invited to contribute to the development of the assessment (36 CFR 219.6). The Forest hosted a series of informational meetings with key stakeholders and the public in the fall of 2014, and will be hosting additional meetings between January and June 2015. Additional information on public participation opportunities will be available on the project Web site: <http://www.fs.usda.gov/riogrande>. The trends and conditions identified in the assessment will help in identifying the need for change, in the development of plan components.

DATES: A draft of the assessment report for the Rio Grande National Forest is expected to be completed by fall of 2015 and will be posted on the Rio Grande National Forest Web site at <http://www.fs.usda.gov/riogrande>. From January 2015 through June 2015, the public is invited to engage in a collaborative process to identify relevant information and local knowledge to be considered for the assessment. The Forest will then initiate procedures pursuant to the National Environmental Policy Act (NEPA) and prepare a forest plan revision. The Forest will again be inviting the public to help identify the appropriate plan components that will become the NEPA proposed action and/or alternatives for the land management plan revision. The NEPA procedures result in a record of decision and the plan revision process results in a draft revised plan. The **Federal Register** availability announcement for these documents starts the pre-decisional administrative review process (36 CFR
