

<b>NHM&amp;E Client Level Variables</b>			
<b>Variable #</b>	<b>Variable Name</b>	<b>Variable Definition</b>	<b>Value Description where applicable</b>
A01	Agency Name	The official legal name of the agency or organization.	
A01a	Agency ID	An alpha-numeric identification used to uniquely identify an agency.	
A02	Community Plan Jurisdiction	The CDC-directly funded state, territory, city area, or region where a state or local health department receives funding to monitor HIV prevention activities. Each jurisdiction has a corresponding Federal Information Processing Standards (FIPS) code.	
A27	CBO Agency Name	The official name of the directly-funded community-based organization funded by CDC to conduct HIV prevention activities.	
A28	CBO Agency ID	The identification number of a CDC directly-funded community-based organization. This number is assigned by the CDC.	
S01	Site ID	A unique code used to distinguish the locations where an agency delivers the HIV prevention service. A site ID is linked to the site type and the site zip code. For Partner services (PS) the site ID is that of the local agency to which the case is assigned.	
S04	Site Type	The setting of the location in which HIV prevention services are provided. For HIV testing, CDC will assume that testing done in a clinical (or health care) setting is part of a screening program and that testing done in a non-clinical (or non-health care) setting is part of a targeted testing strategy. For PS the type of local agency to which the PS case is assigned.	
			Clinical - Inpatient hospital
			Clinical - TB clinic
			Clinical - Substance abuse treatment facility
			Clinical - Community health center
			Clinical - Emergency department
			Non-clinical - HIV testing site
			Non-clinical - Community setting - School/educational facility
			Non-clinical - Community setting - Church/mosque/synagogue/temple
			Non-clinical - Community Setting - Shelter/transitional housing
			Non-clinical - Community setting - Commercial facility
			Non-clinical - Community setting - Bar/club/adult entertainment
			Non-clinical - Community setting - Public area

Variable #	Variable Name	Variable Definition	Value Description where applicable
			Non-clinical – Community setting – Individual residence
			Non-clinical - Community setting - Other
			Non-clinical - Correctional facility - Non-healthcare
			Clinical - Primary care clinic (other than CHC)
			Clinical - Pharmacy or other retail-based clinic
			Clinical - STD clinic
			Clinical - Dental clinic
			Clinical - Correctional facility clinic
			Clinical - Other
			Non-clinical - Health department - field visit
			Non-clinical - Community Setting - Syringe exchange program
			Non-clinical - Other
S08	Site - County	The county, parish, or municipality where the agency's site of service delivery is physically located.	
S09	Site - State	The state, territory or district in which the official mailing address for the site is physically located.	
S10	Site - Zip Code	The postal zip code associated with the site where services are provided. The site's postal zip code is linked to the unique Site ID and Site Type. For PS, this is the zip of the local agency to which the case is assigned.	
CDC03	CDC Variable 3	This field is reserved for use within the MSM Testing Initiative Project. The specifications are to be determined (TBD).	
CDC04	CDC Variable 4	This field is reserved for use within the MSM Testing Initiative Project. The specifications are to be determined (TBD).	
CDC05	CDC Variable 5	This field is reserved for use within the MSM Testing Initiative Project. The specifications are to be determined (TBD).	
CDC06	CDC Variable 6	TBD	
CDC07	CDC Variable 7	TBD	
CDC08	CDC Variable 8	TBD	
G101	Date Collected	The date on which client demographic data are collected. For reporting to CDC, this should be the intake date or the date of the first session before the intervention begins.	
G103	Local Client ID	A locally developed client unique key used to distinguish an individual client receiving multiple services within an agency.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
G112	Date of Birth - Year	The calendar year in which the client was born.	
G114	Ethnicity	The client's self report of whether they are of Hispanic or Latino origin. Standard OMB ethnicity codes are applied.	
			Declined to answer
			Don't know
			Hispanic or Latino
			Not Hispanic or Latino
G116	Race	A client's self-reported classification or classifications of the biological heritage with which they most closely identify. Standard OMB race codes are applied.	
			Declined to answer
			Don't know
			American Indian or Alaska Native
			Asian
			Black or African American
			Native Hawaiian or Pacific Islander
			White
G120	State/Territory of Residence	The state, territory or district where the client was residing at the time of service delivery.	
G123	Assigned Sex at Birth	The biological sex assigned to the client at birth, (i.e., the sex noted on the client's birth certificate).	
			Male
			Female
			Declined to answer
G124	Current Gender Identity	The client's current self-reported gender identity. This may include one's social status, self-identification, legal status, and biology.	
			Male
			Female
			Transgender - MTF
			Transgender - FTM
			Transgender - Unspecified
			Declined to answer
			Additional (specify)
G124a	Specify Current Gender Identity	The additional specification of Current Gender Identity if G124 = 89 "Additional (specify)".	
G132	Client - County	The county, parish, or municipality of the client's locating address.	
G200	Date Client Risk Collected	The date client risk profile data are collected. For reporting to CDC, this should be the intake date or the date of the first session before the intervention begins.	
G204	Previous HIV test	The client's self-report of having had at least one prior HIV test.	
			No
			Yes
			Not asked
			Declined to answer
			Don't know

Variable #	Variable Name	Variable Definition	Value Description where applicable
G205	Self Reported HIV Test Result	The client's self-reported result from his/her most recent HIV test.	
			Positive
			Negative
			Preliminary positive
			Indeterminate
			Not asked
			Declined to answer
			Don't know
G209	Pregnant (only if female)	The self-reported pregnancy status of the client.	
			No
			Yes
			Not asked
			Declined to answer
			Don't know
G210	In Prenatal Care (only if pregnant)	The self-reported status of the pregnant client's receipt of regular health care during pregnancy.	
			No
			Yes
			Not asked
			Declined to answer
			Don't know
G211_01	Injection Drug Use	The client self-reported use in the past 12 months any illicit injection drugs/substances (including narcotics, hormones, silicon, etc.). Illicit injection drugs/substances are those for which a client does not have a prescription (or which the client uses in a way other than is prescribed) or drugs/substances that are not available over the counter (or which are used in a way other than intended).	
			No
			Yes
			Don't know
G211_08	Share Drug Injection Equipment	The client self-reported that they shared hypodermic needles, syringes, or other injection equipment. This variable should only be completed if client has reported injection drug use.	
			No
			Yes
			Don't know
G212	Additional Client Risk Factors	If the client's risk factors in the past 12 months involve anal or vaginal sexual activity, these are additional factors that further describe the client's sexual risk for HIV exposure and/or transmission.	
			Exchange sex for drugs/money/or something they needed
			While intoxicated and/or high on drugs

Variable #	Variable Name	Variable Definition	Value Description where applicable
			With person of unknown HIV status
			With person who exchanges sex for drugs/money
			With anonymous partner
			Diagnosed with a sexually transmitted disease (STD)
			Sex with multiple partners
			Oral Sex (optional)
			Unprotected vaginal/anal sex with a person who is an IDU
			Unprotected vaginal/anal sex with a person who is HIV positive
			Unprotected vaginal/anal sex in exchange for drugs/money/or something they needed
			Unprotected vaginal/anal sex with person who exchanges sex for drugs/money
			Unprotected sex with multiple partners
G216a	Vaginal or anal sex with a male in the past 12 months	The client self-reported having vaginal or anal sex with a male in the past 12 months.	
			No
			Yes
			Don't know
G216b	Vaginal or anal sex with a female in the past 12 months	The client self-reported having vaginal or anal sex with a female in the past 12 months.	
			No
			Yes
			Don't know
G216c	Vaginal or anal sex with a transgender person in the past 12 months	The client self-reported having vaginal or anal sex with a transgender person in the past 12 months.	
			No
			Yes
			Don't know
G217a	Vaginal or Anal Sex Without a condom with a male	The client self-reported having unprotected vaginal or anal sex with a male.	
			No
			Yes
			Don't know
G217b	Vaginal or Anal Sex Without a condom with a female	The client self-reported having unprotected vaginal or anal sex with a female.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
			No
			Yes
			Don't know
G217c	Vaginal or Anal Sex Without a condom with a transgender person	The client self-reported having unprotected vaginal or anal sex with a transgender person.	
			No
			Yes
			Don't know
G218a	Vaginal or Anal Sex with a male IDU	The client self-reported having vaginal or anal sex with an identified IDU male partner in the past 12 months.	
			No
			Yes
			Don't know
G218b	Vaginal or Anal Sex with a female IDU	The client self-reported having vaginal or anal sex with an identified IDU female partner in the past 12 months.	
			No
			Yes
			Don't know
G218c	Vaginal or Anal Sex with a transgender IDU	The client self-reported having vaginal or anal sex with an identified transgender IDU partner in the past 12 months.	
			No
			Yes
			Don't know
G219a	Vaginal or Anal Sex with HIV-positive male	The client self-reported having vaginal or anal sex with an HIV-positive male partner(s) in the past 12 months.	
			No
			Yes
			Don't know
G219b	Vaginal or Anal Sex with HIV-positive female	The client self-reported having vaginal or anal sex with an HIV-positive female partner(s) in the past 12 months.	
			No
			Yes
			Don't know
G219c	Vaginal or Anal Sex with HIV-positive transgender person	The client self-reported having vaginal or anal sex with an HIV-positive transgender partner(s) in the past 12 months.	
			No
			Yes
			Don't know
G220	Vaginal or Anal Sex with MSM (female only)	The client self-reported having vaginal or anal sex with identified MSM partner(s) in the past 12 months.	
			Yes
			No

Variable #	Variable Name	Variable Definition	Value Description where applicable
G221	No Client Risk Information	An indication of why behavioral risk data may not be available for the client. A risk may not have been identified, or identified during the 12 month recall period; the HIV testing provider may not have asked the client about his or her risks; or, the client was asked but declined to provide information.	
			No risk identified
			Not asked
			Declined to answer
G222	Vaginal or Anal Sex without a condom (PS only)	The client self-reported having unprotected vaginal or anal sex with a partner during the past 12 months.	
			No
			Yes
G223	Vaginal or Anal Sex with an IDU (PS only)	The client self-reported having vaginal or anal sex with an identified IDU partner in the past 12 months.	
			No
			Yes
H01	Intervention ID	A number used to uniquely identify an intervention.	
H01a	Intervention Name	The name of intervention.	
			Community PROMISE
			Healthy Relationships
			Holistic Health Recovery
			Many Men, Many Voices
			Mpowerment
			Popular Opinion Leader
			RAPP
			Safety Counts
			SISTA
			Street Smart
			Together Learning Choices
			VOICES/VOCES
			WILLOW
			SiHLE
			CLEAR
			OPTIONS
			Focus on Youth with imPact
			MIP
			D-UP
			Sister to Sister
			Project START
			Connect
			SHIELD
			Nia

Variable #	Variable Name	Variable Definition	Value Description where applicable
			Cuidate!
			Partnership for Health
			Personalized Cognitive Counseling (PCC)
			Project AIM
			Safe in the City
			RESPECT
			Comprehensive Risk Counseling Services
			Study / Special Study (specify)
			Other (specify)
H01b	Specify Other Intervention Name	A name of intervention if 3.01 - Study / Special Study (specify) or 3.02-Other (specify) was selected in H01a.	
H02	Number of planned sessions	The total number of sessions planned for an intervention. The number of planned sessions can differ depending on the needs of individual clients (e.g., CRCS).	
H04a	Form ID	A code or identification number used to uniquely identify and connect data collected on a standardized form for a given intervention. This is system and program required for HIV Testing and optional for other interventions.	
H05	Number of completed sessions	The number of sessions completed by the client for a particular intervention.	
H06	Session Date	The calendar date (month, day, and year) on which the session was delivered to the client.	
PCR101	Case Number	A number to uniquely identify a PS case within an agency. This number is system-generated when establishing a PS case. It can also be an assigned number that is key-entered by the provider (e.g., interview record number).	
PCR103	Case Open Date	The calendar date on which the PS case was opened at this agency.	
PCR104	Case Close Date	The calendar date on which the PS case was closed at this agency.	
PCR108	Date of Report	The date on which an index client was newly reported to surveillance as being infected with HIV. Persons reported to surveillance have not previously been reported to the same health department surveillance unit.	
PCR109	Reported to Surveillance	An indication of whether or not the index client's HIV case was reported to surveillance.	
			No
			Yes
			Unknown
PCR200	Date Collected	The date on which information about the partner is initially collected. Information includes partner type, demographic and risk behaviors of the partner.	
PCR202a	Local PS ID	This variable is unique to each partner. Each local PS ID is associated with a specific PS case number (PCR101).	
PCR207	Partner Type	The partner's sex and needle-sharing relationship with the index client. This relationship could involve sexual relations between the client and the partner, needle-sharing between the client and partner or both sex and needle-sharing partners.	
			Sex partner
			Needle-sharing partner

Variable #	Variable Name	Variable Definition	Value Description where applicable
			Both sex and needle sharing partner
PCR209	Notification Plan	The method that will be used to inform the partner that he or she has been potentially exposed to HIV.	
			Client notification
			Provider notification
			Dual notification
			Contract
			Third-party notification
U01	formID_status	The indicator to define the status of the record. This status indicator is used for HIV testing records only.	
			Deleted Record
			New Record
			Updated Record
U02	FormId_lastModifiedDate	An indicator to denote the date in which the record was modified based on the status in U01: formID_Status. This status indicator is used for HIV testing records only.	
U03	Client ID Status	The indicator to define the status of the record. This status indicator is used for Partner Services records only.	
			Deleted Record
			New Record
			Updated Record
U04	Client ID Last Modified Date	An indicator to denote the date in which the record was modified based on the status in U03: IndexClientID_Status. This status indicator is used for Partner Services records only.	
X103	Test Technology	A description of the type of test or test methods used to screen for HIV antibodies.	
			Conventional
			Rapid
			NAAT/RNA Testing
			Other
X104	HIV Test Election	An indication of whether the test is linked to a name or is anonymous.	
			Tested anonymously
			Tested confidentially
			Test not offered
			Declined testing
X105	Sample Date	The calendar date (month, day, year) on which the specimen for the HIV test was collected.	
X110	Test Result	The outcome of the current HIV test.	
			Positive/reactive
			Negative
			Indeterminate
			Invalid

Variable #	Variable Name	Variable Definition	Value Description where applicable
			No result
X111	Result Provided	The act of informing the client of the HIV test result.	No
			Yes
			Yes, client obtained the result from another agency
X115	If Result Not Provided, Why	An explanation for why the HIV test result was not provided to the client.	Refused notification
			Did not return/could not locate
			Obtained results from another agency
			Other
X135	Worker ID	A unique ID used to distinguish between persons who are delivering services to clients.	
X136	In Surveillance System or Records	Information obtained via surveillance system or records that verifies whether or not a client who has tested positive was previously reported to your jurisdiction's surveillance department as a new HIV case.	No
			Yes
			Not checked
X137	Program Announcement or Program Strategy	The CDC program announcement or program strategy and the category (e.g., Part A, Part B), if applicable, under which this HIV testing event was conducted. This variable is required to be completed by health departments and CBOs directly funded by CDC.	PS 12-1201 – Category A
			PS 12-1201 – Category B
			PS 12-1201 – Category C
			PS 11-1113
			PS 10-1003
			PS 08-803
			MSM Testing Initiative
			Other (specify)
X137-1	Specify Program Announcement/Strategy	A specification of the funding source for the HIV testing event if '89 Other-specify' was selected in X137 Program Announcement (PA) or Program Strategy (PS).	
X302	Attempt to Locate Outcome	The result of a PS provider's attempt to locate the index client or the index client's partner(s).	Unable to locate
			Located
X303	Reason for Unsuccessful Attempt	The explanation for why the location attempt was not achieved.	Deceased
			Out of jurisdiction
			Other (specify)
X303a	Specify Reason for Unsuccessful Attempt	A specification for why the client was not located if X303--89 Other (specify) is selected.	
X306	Enrollment Status	The decision made by the index client or the index client's partner to enroll in PS.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
			Accepted
			Declined
X502	Time Period for Recall (in months)	The period of time as defined in months for which the client is asked to remember and report his or her number of sex and/or needle-sharing partners.	
X503	Total Number of Partners Claimed	The total number of sex or needle-sharing partners reported by the client over a specified recall period. This would include anonymous partners and partners for which there is not sufficient information to locate and notify.	
X511	Total Number of Named Partners	The total number of sex or needle-sharing partners for which there is sufficient identifying and locating information.	
X511a	Total Number of Named Male Partners	The total number of sex or needle-sharing male partners for which there is sufficient identifying and locating information.	
X511b	Total Number of Named Female Partners	The total number of sex or needle-sharing female partners for which there is sufficient identifying and locating information.	
X511c	Total Number of Named Transgender Partners	The total number of sex or needle-sharing transgender partners for which there is sufficient identifying and locating information.	
X600	Partner Notifiability	An indication of whether or not a named partner is determined to be eligible for notification of exposure. Partners that are found to be previously positive, deceased, or for which there is a risk of domestic violence are not considered to be notifiable.	
			No - Partner is deceased
			No - Partner is out of jurisdiction
			No - Partner has a risk of domestic violence
			No - Partner is known to be previously positive
			Yes - Partner is notifiable
			Other
X601	Actual Notification Method	The actual method used to notify each identified partner that they have been exposed to HIV. This outcome may differ from the notification plan (PCR209).	
			Client notification
			Provider notification
			Dual notification
			Third-party notification
			Refused notification
X602	Previous HIV test	The partner's self-report of having had at least one prior HIV test before these data were collected.	
			No
			Yes
			Not asked
			Declined to answer
			Don't know
X603	Self-Reported HIV Test Result	The client's self-reported test result from his/her most recent HIV test prior to notification.	
			Positive
			Negative

Variable #	Variable Name	Variable Definition	Value Description where applicable
			Preliminary positive
			Indeterminate
			Not asked
			Declined to answer
X604	Date of Last HIV Test	The date of the partner's last HIV test.	
X702	Referral Date	The date on which the referral was made for the client.	
X702a	Reason Client Not Referred to HIV Medical Care	The reason why a referral to HIV medical care on HIV-positive client was not made.	
			Client already in care
			Client declined care
X703_01	Referred To HIV Testing	The client was referred to HIV testing. HIV testing is a diagnostic, laboratory procedure to assess for the presence of HIV antibodies.	
			No
			Yes
			Don't know
X703_10	Referred To Medical Care	The client was referred to medical services for (or due to their HIV positive diagnosis) HIV infection including: evaluation of immune system function and screening, treatment, and prevention of opportunistic infection.	
			No
			Yes
			Don't know
X703_14	Referred To Partner Services	The client was referred to Partner Services. Partner services include a range of available services for newly and previously diagnosed HIV-infected persons, their partners and affected communities.	
			No
			Yes
			Don't know
X703_17	Referred To HIV Prevention Services	The client was referred to HIV prevention services. Prevention services include services that address additional prevention service or treatment needs such as health education, individual counseling, and community level interventions.	
			No
			Yes
			Don't know
X706	Referral Outcome	The current status of the referral based on activities to verify that the service was accessed.	
			Pending
			Confirmed - Accessed service
			Confirmed - Did not access service
			Lost to follow-up
			No follow-up
X706b	First HIV Medical Care Appointment within 90 Days of HIV Test	Confirmation that a client attended his/her HIV medical care appointment within 90 days of the HIV test date.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
			No
			Yes
			Don't know
X712	HIV Test Performed	A client received an HIV test as a result of a referral from PS to CTR. This variable is required for PS referrals only.	
			No
			Yes
X713	HIV Test Result	The confirmed outcome of an HIV test conducted on the partner as a result of a referral to HIV testing through Partner Services (PS). This variable is required for PS only.	
			Positive/reactive
			Negative
			Indeterminate
			Invalid
			No result
X714a	HIV Test Results Provided	The act of informing the client of his or her HIV test result.	
			No
			Yes
X724	Client Receive Prevention Services	Confirmation that a client received prevention services after receiving an HIV positive test result. Prevention services is defined as generally, any service or intervention directly aimed at reducing risk for transmitting or acquiring HIV infection.	
			No
			Yes
			Don't know
X725	Partner Service Interview	The indication that a client was interviewed for Partner Services.	
			No
			Yes
			Don't know
X725a	Was the PS Interview within 30 days of receiving a positive HIV test result	If a client was interviewed for Partner Services, this is an indication of whether or not he/she was interviewed within 30 days of receiving their HIV positive test result.	
			No
			Yes
			Don't know
XML01a	CT Schema Version Number	Specifies the version of the XSD which has been used to validate the XML file. This ensures proper synchronization of the validation of the XML data on both sides of the communication channel. This only refers to the HIV testing schema.	
XML01b	PS Schema Version Number	Specifies the version of the XSD which has been used to validate the XML file. This ensures proper synchronization of the validation of the XML data on both sides of the communication channel. This only refers to the HIV Partner Services schema.	
XML02	Agency Id Sending XPEMS File	The agency which sent the XML data file. This field allows for better CDC management of multiple files from multiple entities.	
XML03	Date Range Included in File	Specifies the data range which bounds the data and allows for better data management (duplicate identification).	

Variable #	Variable Name	Variable Definition	Value Description where applicable
XML04	Data Type in File	Specifies the type of data being sent (e.g., Agency, Service). This helps to identify the correct data receiving process necessary to handle the XML message.	
XML05	Contact Person Information	Contact information of the person who manages the packaging and sending of the data.	
XML06	Collection of Agency IDs Included in File	The IDs of each agency for which data are being transmitted in the file.	
XML07	Date xPEMS XML File Was Created	The date the XML file was created.	
XML08	Date File Last Modified	If it has been modified, the last date it was modified.	
XML09	Special Instructions	Special instructions about XML file, if any.	
XML10	Agency Name of Data Owner	The actual owner of the submitted XML file.	
<b>NHM&amp;E Aggregate Level Variables</b>			
ME101a	Number of HIV-diagnosed MSM who participated in a linkage to HIV medical care program or activity	The number of HIV-diagnosed MSM who participated in a program or activity designed to link them to HIV medical care. Linkage to HIV medical care occurs when a client is seen by a health-care provider to receive medical care for his/her HIV infection.	
ME101b	Number of HIV-diagnosed IDU who participated in a linkage to HIV medical care program or activity	The number of HIV-diagnosed IDU who participated in a program or activity designed to link them to HIV medical care.	
ME101c	Number of HIV-diagnosed heterosexuals who participated in a linkage to HIV medical care program or activity	The number of HIV-diagnosed heterosexuals who participated in a program or activity designed to link them to HIV medical care.	
ME101d	Number of HIV -diagnosed clients with other/unknown behavioral risk factors who participated in a linkage program or activity	The number of HIV-diagnosed clients with other behavioral risks (i.e., excluding MSM, IDU, or heterosexuals) or unknown behavioral risks who participated in a program or activity designed to link them to HIV medical care.	
ME101e	Number of HIV-diagnosed African Americans who participated in a linkage to HIV medical care program or activity	The number of HIV-diagnosed non-Hispanic blacks or African Americans who participated in a program or activity designed to link them to HIV medical care.	
ME101f	Number of HIV-diagnosed Hispanics who participated in a linkage to HIV medical care program or activity Database variable name: HIVHISPlinkedtocare	The number of HIV-diagnosed Hispanics/Latinos of any race who participated in a program or activity designed to link them to HIV medical care.	
ME101g	Number of HIV-diagnosed clients of other race/ethnicity who participated in a linkage to HIV medical care program or activity	The number of HIV-diagnosed clients of a race/ethnicity, other than blacks/African Americans, Hispanics/Latinos, or of unknown race/ethnicity who participated in a program or activity designed to link them to HIV medical care.	
ME102a	Number of HIV-diagnosed MSM who participated in an HIV medication (ART) adherence support program/activity	The number of HIV-diagnosed MSM who participated in a program or activity designed to increase adherence to ART. An ART adherence program/activity is any intervention that is client-centered and provides support and assistance to HIV-diagnosed people who are taking ART. HIV diagnosed clients who enrolled into any of these types of programs/activities are considered to have participated in ART adherence support program or activity.	
ME102b	Number of HIV-diagnosed IDU who participated in an HIV medication (ART) adherence support program/activity	The number of HIV-diagnosed IDU who participated in a program or activity designed to increase adherence to ART.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
ME102c	Number of HIV-diagnosed heterosexuals who participated in an HIV medication (ART) adherence support program/activity	The number of HIV-diagnosed heterosexuals who participated in a program or activity designed to increase adherence to ART.	
ME102d	Number of HIV-diagnosed clients with other/unknown behavioral risk factors who participated in an HIV medication (ART) adherence support program/activity	The number of HIV-diagnosed clients with other behavioral risks (i.e., excluding MSM, IDU, or heterosexuals) or unknown behavioral risks who participated in a program or activity designed to increase adherence to ART.	
ME102e	Number of HIV-diagnosed African Americans who participated in an HIV medication (ART) adherence support program/activity	The number of HIV-diagnosed non-Hispanic blacks or African Americans who participated in a program or activity designed to increase adherence to ART.	
ME102f	Number of HIV-diagnosed Hispanics who participated in an HIV medication (ART) adherence support program/activity	The number of HIV-diagnosed Hispanics/Latinos of any race who participated in a program or activity designed to increase adherence to ART.	
ME102g	Number of HIV-diagnosed clients of another race/ethnicity who participated in an HIV medication (ART) adherence support program/activity	The number of HIV-diagnosed clients of a race/ethnicity, other than blacks/African Americans, Hispanics/Latinos, or of unknown race/ethnicity who participated in a program or activity designed to increase adherence to ART.	
ME103a	Numbers of HIV-diagnosed MSM who participated in a program/activity to retain/re-engage them into HIV medical care	The number of HIV-diagnosed MSM who participated in a program or activity designed to retain or re-engage them in HIV medical care. Participation in an a retention or re-engagement program/activity is defined as enrollment into any program or activity that helps HIV-diagnosed clients keep their scheduled clinic appointments following entry into HIV medical care.	
ME103b	Numbers of HIV diagnosed IDU who participated in a program/activity to retain/re-engage them into HIV medical care	The number of HIV-diagnosed IDU who participated in a program or activity designed to retain or re-engage them in HIV medical care.	
ME103c	Numbers of HIV-diagnosed heterosexuals who participated in a program/activity to retain/re-engage them into HIV medical care	The number of HIV-diagnosed heterosexuals who participated in a program or activity designed to retain or re-engage them in HIV medical care.	
ME103d	Number of HIV -diagnosed clients with other/unknown behavioral risk factors who participated in a program/activity to retain/re-engage them into HIV medical care	The number of HIV-diagnosed clients with other behavioral risks (i.e., excluding MSM, IDU, or heterosexuals) or unknown behavioral risks who participated in a program or activity designed to retain or re-engage them in HIV medical care.	
ME103e	Numbers of HIV-diagnosed African Americans who participated in a program/activity to retain/re-engage them into HIV medical care	The number of HIV-diagnosed non-Hispanic blacks or African Americans who participated in a program or activity designed to retain or re-engage them in HIV medical care.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
ME103f	Numbers of HIV-diagnosed Hispanics who participated in a program/activity to retain/re-engage them into HIV medical care	The number of HIV-diagnosed Hispanics/Latinos of any race who participated in a program or activity designed to retain or re-engage them in HIV medical care.	
ME103g	Number of HIV diagnosed clients of another race/ethnicity who participated in a program/activity to retain/re-engage them into HIV medical care	The number of HIV-diagnosed clients of a race/ethnicity, other than blacks/African Americans, Hispanics/Latinos, or of unknown race/ethnicity who participated in a program or activity designed to retain or re-engage them in HIV medical care.	
ME104	Number of condoms distributed	The total number of condoms distributed.	
ME105a	Number of condoms distributed to high-risk individuals who are HIV-negative or whose HIV status is unknown	The estimated number of condoms distributed to high-risk HIV negative/unknown status clients.	
ME105b	Number of condoms distributed to HIV positive individuals	The estimated number of condoms distributed to HIV positive clients.	
ME105c	Number of condoms distributed to general population	The estimated number of condoms distributed to the general population.	
ME109	Number of Community EBI conducted	The total number of number of community evidence-based interventions (EBI) conducted. A community EBI is defined as an EBI that seeks to improve the risk conditions and behaviors in a community through a focus on the community as a whole, rather than by intervening only with individuals or small groups.	
ME110	Number of people reached by community EBI interventions	The estimated total number of people reached by all of the community evidence-based interventions (EBIs).	
ME111	Number of social marketing conducted	The total number of social marketing/public Info events conducted. Social marketing/public Information events are defined as HIV-prevention messages delivered through one or more mass communication channels to target audiences.	
ME112	Number of people reached by social marketing/public information events	The estimated total number of people exposed to a key message disseminated by a social marketing /public information events. Exposure to marketing campaign occurs when a person views or hears a key message disseminated by the campaign.	
ME113	Number of media placements for marketing campaigns	The total number of media placements for marketing campaigns. A media placement is the use of various types of media to promote or advertise a particular message.	
ME114a	Number of MSM referred to nPEP therapy	The number of MSM clients referred to non-occupational Post-Exposure Prophylaxis (nPEP) therapy. PEP (Post-Exposure Prophylaxis) involves the medically-supervised provision of HIV antiretroviral drugs (ART) to HIV-negative persons who may have recently been exposed to HIV.	
ME114b	Number of IDU referred to nPEP therapy	The number of IDU clients referred to non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME114c	Number of HRHET referred to nPEP therapy	The number of high-risk heterosexuals referred to non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME114d	Number of clients with other risks referred to nPEP therapy	The number of clients with other behavioral risks (i.e., excluding MSM, IDU, or high-risk heterosexuals) or unknown behavioral risks referred to non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME114e	Number of African Americans referred to nPEP therapy	The number of non-Hispanic blacks or African Americans referred to non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
ME114f	Number of Hispanics referred to nPEP therapy	The number of Hispanics/Latinos of any race referred to non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME114g	Number of clients of another race/ethnicity referred to nPEP therapy	The number of clients of a race/ethnicity, other than African American or Hispanic or of unknown race/ethnicity referred to non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME115a	Number of MSM initiated nPEP therapy	The number of MSM who were referred and initiated non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME115b	Number of IDU initiated nPEP therapy	The number of IDU who were referred and initiated non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME115c	Number of HR-HET initiated nPEP therapy	The number of high-risk heterosexuals who were referred and initiated non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME115d	Number of clients with other risks initiated nPEP therapy	The number of clients with other behavioral risks (i.e., excluding MSM, IDU, or high-risk heterosexuals) or unknown behavioral risks who were referred to and initiated non-occupational Post-Exposure Prophylaxis (nPEP) therapy.	
ME115e	Number of African American initiated nPEP therapy	The number of non-Hispanic blacks or African Americans who were referred to and initiated Post-Exposure Prophylaxis (PEP) therapy.	
ME115f	Number of Hispanics initiated nPEP therapy	The number of Hispanics/Latinos of any race who were referred to and initiated Post-Exposure Prophylaxis (PEP) therapy.	
ME115g	Number of clients of another race/ethnicity initiated nPEP therapy	The number of clients of a race/ethnicity, other than African American or Hispanic, or of unknown race/ethnicity who were referred to and initiated Post-Exposure Prophylaxis (PEP) therapy.	
ME116a	Number of African American MSM clients referred to PrEP therapy	The number of high-risk non-Hispanic black or African American MSM referred to Pre-Exposure Prophylaxis (PrEP) therapy. PrEP may be part of comprehensive HIV prevention services in which HIV negative people who are at high risk, take antiretroviral medication daily to try to lower their chances of becoming infected with HIV if they are exposed to it.	
ME116b	Number of Hisp MSM referred to PrEP therapy	The number of Hispanics/Latinos of any race MSM referred to Pre-Exposure Prophylaxis (PrEP) therapy.	
ME116c	Number of MSM of another race/ethnicity referred to PrEP therapy	The number of MSM clients of a race/ethnicity, other than African American or Hispanic, or of unknown race/ethnicity were referred to Pre-Exposure Prophylaxis (PrEP) therapy.	
ME117a	Number of African American MSM Clients initiated PrEP therapy	The number of non-Hispanic blacks or African Americans MSM who were referred and initiated Pre-Exposure Prophylaxis (PrEP) therapy.	
ME117b	Number of Hispanic clients initiated PrEP therapy	The number of Hispanics/Latinos of any race MSM who were referred and initiated Pre-Exposure Prophylaxis (PrEP) therapy.	
ME117c	Number of MSM of another race/ethnicity initiated PrEP therapy	The number of MSM clients of a race/ethnicity, other than Blacks/African Americans, Hispanics/Latino, or of unknown race/ethnicity who were referred and initiated Pre-Exposure Prophylaxis (PrEP) therapy.	
<b>NHM&amp;E Budget Allocation Variables</b>			
BT101a	Amount of PS12-1201 Category A funds allocated for routine HIV testing or screening	For PS12-1201 Category A award (HIV Prevention Programs for Health Departments), this value represents the allocation associated with routine HIV testing or screening. Routine HIV testing or screening is a testing strategy that involves testing persons regardless of whether they have a recognized behavioral risk or presence of signs or symptoms of HIV infection.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
BT101b	Amount of PS12-1201 Category B funds allocated for routine HIV testing or screening	For PS12-1201 Category B award (Expanded HIV Testing for Disproportionately Affected Populations), this value represents the allocation associated with routine HIV testing or screening performed in your area using Category B funds.	
BT101c	Amount of PS12-1201 Category C funds allocated for routine HIV testing or screening	For PS12-1201 Category C award (Demonstration Projects), this value represents the funds allocated from your Category C award that are for routine HIV testing or screening.	
BT101d	Amount of CDC funds other than PS12-1201 award allocated for routine HIV testing or screening	For all CDC funds excluding PS12-1201 award, this value represents the funds allocated for routine HIV testing or screening that uses funding sources other than from PS12-1201.	
BT102a	Amount of PS12-1201 Category A funds allocated for targeted HIV testing	For PS12-1201 Category A award (HIV Prevention Programs for Health Departments), this value represents the allocation associated with targeted HIV testing. Targeted HIV testing is a testing strategy that involves testing persons based on characteristics that increase their likelihood of being infected with HIV. These characteristics can include the presence of sexually transmitted diseases, behavioral risks, or attendance at venues frequented by high-risk persons.	
BT102b	Amount of PS12-1201 Category B funds allocated for targeted HIV testing	For PS12-1201 Category B award (Expanded HIV Testing for Disproportionately Affected Populations), this value represents the allocation associated with targeted HIV testing at non-health-care setting (optional).	
BT102c	Amount of PS12-1201 Category C funds allocated for targeted HIV testing	For PS12-1201 Category C award (Demonstration Projects), this value represents the allocation associated with targeted HIV testing.	
BT102d	Amount of CDC funds other than from PS12-1201 award that was allocated for targeted HIV testing	For all CDC funds excluding PS12-1201, this value represents the allocation associated with targeted HIV testing.	
BT102e	Amount of all CDC funds allocated to provide targeted HIV testing to MSM	For all CDC funds allocated to targeted HIV testing, this value represents allocation for MSM.	
BT102f	Amount from all CDC funds allocated to provide targeted HIV testing to IDU	From all CDC funds allocated to targeted HIV testing, this value represents allocation for IDU.	
BT102g	Amount of all CDC funds allocated to provide targeted HIV testing to heterosexuals	For all CDC funds allocated to targeted HIV testing, this value represents allocation for heterosexuals.	
BT102h	Amount of all CDC funds allocated to provide targeted HIV testing to clients of other/unknown behavioral risks	For all CDC funds allocated to targeted HIV testing, this value represents allocation for clients with other (i.e., excluding MSM, IDU, or heterosexuals) or unknown behavioral risks.	
BT102i	Amount of all CDC funds allocated to provide targeted HIV testing to African Americans	For all CDC funds allocated to targeted HIV testing, this value represents allocation for non-Hispanic blacks or African Americans.	
BT102j	Amount of all CDC funds allocated to provide targeted HIV testing to Hispanics	For all CDC funds allocated to targeted HIV testing, this value represents allocation for Hispanics/Latinos of any race.	
BT102k	Amount of all CDC funds allocated to provide targeted HIV testing to clients of other or unknown race	For all CDC funds allocated to targeted HIV testing, this value represents allocation for clients of a race/ethnicity, other than blacks/African Americans, Hispanics/Latinos, or of unknown race/ethnicity.	
BT102l	Open-ended question 1 for Targeted HIV testing	If you are unable to report funding allocations for targeted HIV testing by risk group or by race/ethnicity (above categories), please provide a brief explanation of any limitations to providing this level of detail.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
BT102m	Open-ended question 2 for Targeted HIV testing	Please provide any additional information to explain funding allocation limitations or caveats for HIV testing that may be a concern to you, if applicable.	
BT103a	Amount of PS12-1201 Category A funds allocated for comprehensive prevention with positives	For PS12-1201 Category A award (HIV Prevention Programs for Health Departments); this value represents the funding allocation associated with comprehensive prevention with positives (CPP) programs and services. CPP covers a range of prevention activities including Partner Services, continuum of care (linkage, retention, re-engagement in care, and treatment adherence), risk-reduction EBIs with HIV-positive people and other prevention programs that are targeted to HIV-diagnosed individuals and their partners.	
BT103b	Amount of PS12-1201 Category B funds allocated for comprehensive prevention with positives	For PS12-1201 Category B award (Expanded HIV Testing for Disproportionately Affected Populations); this value represents the funding allocation associated with comprehensive prevention with positives (CPP) programs and services.	
BT103c	Amount of PS12-1201 Category C funds allocated for comprehensive prevention with positives	For PS12-1201 Category C award (HIV Prevention Programs for Health Departments); this value represents the funding allocation associated with comprehensive prevention with positives (CPP) programs and services.	
BT103d	Amount of CDC funds other than PS12-1201 allocated for comprehensive prevention with positives	For CDC funds other than PS12-1201, this value represents the allocation associated with comprehensive prevention with positives (CPP).	
BT103e	Amount of all CDC funds allocated to Partner Services	For all CDC funding, this value represents the allocation associated with Partner Services.	
BT103f	Amount of all CDC funds allocated to HIV continuum of care	For all CDC funding, this value represents the allocation associated with HIV continuum of care. HIV continuum of care activities include linkage, retention, and re-engagement in care, and HIV medication adherence support.	
BT103g	Amount of all CDC funds allocated to Risk-Reduction EBIs with Positives	For all CDC funding, this value represents the allocation associated with risk-reduction EBIs with HIV positive people.	
BT103h	Amount of all CDC funds allocated to other CPP activities	For all CDC funding, this value represents the allocation associated with comprehensive prevention with positive activities other than Partner services, continuum of care and risk-reduction EBIs with HIV positive people.	
BT103i	Open-ended question 1 for comprehensive prevention with positives	Please identify the specific prevention activities included in the allocations to "other CPP" activities category.	
BT103j	Open-ended question 2 for comprehensive prevention with positives	Please provide any additional information to explain CPP-related funding allocation limitations or caveats that may be a concern to you, if applicable.	
BT104a	Amount of PS12-1201 Category A funding allocated for condom distribution	For PS12-1201 Category A award (HIV Prevention Programs for Health Departments), this value represents the funding allocation associated with condom distribution.	
BT104b	Amount of CDC funds other than PS12-1201 allocated to condom distribution	For CDC funds other than PS12-1201, this value represents the allocation associated with condom distribution.	
BT104c	Amount of all CDC funds allocated to condom distribution targeting HIV positives	For all CDC funds, this value represents the allocation associated with condom distribution that was targeting HIV-positive individuals.	
BT104d	Amount of all CDC funds allocated to condom distribution targeting high-risk individuals who are HIV-negative or whose HIV status is unknown	For all CDC funds, this value represents the allocation associated with condom distribution that was targeting high-risk individuals with HIV-negative or unknown status.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
BT104e	Amount of all CDC funds allocated to condom distribution targeting the general population	For all CDC funds, this value represents the allocation associated with condom distribution that was targeting the general population.	
BT104f	Open-ended question 1 for condom distribution	If you are unable to report allocations to condom distribution for the three groups, please provide a brief explanation of any limitations to providing this level of detail.	
BT104g	Open-ended question 2 for condom distribution	Please provide any additional information to explain condom distribution-related funding allocation limitations or caveats that may be a concern to you, if applicable.	
BT105a	Amount of PS12-1201 Category A allocated for Policy Initiatives	For PS12-1201 Category A award (HIV Prevention Programs for Health Departments), this value represents the allocation associated with policy initiatives.	
BT105b	Amount of CDC funds other than PS12-1201 allocated for Policy Initiatives	For CDC funds other than PS12-1201, this value represents the allocation associated with Policy Initiatives.	
BT106a	Amount of PS12-1201 Category A funds allocated for all PS12-1201 recommended components	For PS12-1201 Category A award (HIV Prevention Programs for Health Departments); this value represents the allocation associated with all PS12-1201 recommended components (RC). RC includes Evidence-based HIV Prevention Interventions for HIV-Negative Persons at Highest Risk of Acquiring HIV, social marketing, media, and mobilization, and Pre-exposure prophylaxis and Non-occupational post-exposure prophylaxis services.	
BT106b	Amount of PS12-1201 Category B allocated for service integration (optional)	For PS12-1201 Category B award (Expanded HIV Testing for Disproportionately Affected Populations), this value represents the allocation associated with the optional services integration component.	
BT106c	Amount of CDC funds other than PS12-1201 allocated for all recommended components	For CDC funds other than PS12-1201, this value represents the annual allocation associated with all recommended components (RC).	
BT106d	Open-ended question for PS 12-1201 Category A funds allocated for Recommended Components	If you have allocated PS12-1201 category A to recommended components, please give a brief list of programs or activities that you are going to implement.	
BT106e	Open-ended question for PS12-1201 Category B funds allocated for Optional Components	If you have allocated PS12-1201 category A to optional components, please give a brief list of programs or activities that you implement.	
BT106f	Open-ended question for CDC funds other than PS 12-1201 allocated for Recommended Components	If you have allocated CDC funds other than PS 12-1201 to recommended components, please give a brief list of programs or activities that you implement.	
BT107a	Amount of PS12-1201 funds allocated for HIV prevention program monitoring and evaluation	For PS12-1201, this value represents the allocation associated with program monitoring and evaluation.	
BT107b	Amount of CDC funds other than PS12-1201 allocated for program monitoring and evaluation	For CDC funds other than PS12-1201, this value represents the allocation associated with program monitoring and evaluation.	
BT108a	Amount of PS12-1201 funding allocated for Jurisdictional HIV Prevention Planning	For PS12-1201, this value represents the allocation associated with jurisdictional HIV prevention planning.	
BT108b	Amount of CDC funds other than PS12-1201 allocated for Jurisdictional HIV Prevention Planning	For CDC funds other than PS12-1201, this value represents the allocation associated with jurisdictional HIV prevention planning.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
BT109a	Amount of PS12-1201 funding allocated for Capacity Building and Technical Assistance	For PS12-1201, this value represents the allocation associated with capacity building and technical assistance.	
BT109b	Amount of CDC funds other than PS12-1201 allocated for Capacity Building and Technical Assistance	For CDC funds other than PS12-1201, this value represents the allocation associated with capacity building and technical assistance.	
BT110a	Amount PS12-1201 allocated for agency's general operations or admin activities	For PS12-1201, this value represents the allocation associated with agency's general operations or administrative activities.	
BT110b	Amount CDC funds other than PS12-1201 allocated for agency's general operations or admin activities	For CDC funds other than PS12-1201, this value represents the allocation associated with agency's general operations or administrative activities.	
BT111	Open-ended question for overall budget allocation	Please provide any additional information to explain funding allocation limitations or caveats that may be a concern to you, if applicable, for any of the budget allocation variables.	
<b>NHM&amp;E Community-Based Organization Specific Variables - Client, Aggregate, and Targets</b>			
<b>CLIENT-LEVEL VARIABLES</b>			
EDate	Date of enrollment	The calendar month, day, and year on which the client enrolls in the intervention.	
CompEBI	Completed Intervention	Whether or not a client completes an intervention.	
			Yes
			No
HIVpos	HIV positive	A client's self-report of whether he or she has received a positive HIV test result.	
			Yes
			No
			Declined to answer
			Client doesn't know
CONDATE	Condom distribution	The calendar month, day, and year on which a client first receives condoms in conjunction with another HIV prevention service (i.e., HIV prevention intervention, referral to HIV prevention and support services, referrals and linkage specifically for positives).	
BEREF	Basic education continuation and/or completion services	The calendar month, day, and year of each referral for basic education and/or completion services that a client receives.	
BIREF	Behavioral interventions for HIV prevention	The calendar month, day, and year of each referral for behavioral interventions for HIV prevention that a client receives.	
DCREF	Dental Care	The calendar month, day, and year of each referral for dental care that a client receives.	
EREF	Employment and readiness and referral programs	The calendar month, day, and year of each referral for employment and readiness and referral programs that a client receives.	
FREF	Food/clothing/other basic needs	The calendar month, day, and year of each referral for food, clothing and/or other basic needs that a client receives.	
HIVREF	HIV testing	The calendar month, day, and year of each referral for HIV testing that a client receives.	

<b>Variable #</b>	<b>Variable Name</b>	<b>Variable Definition</b>	<b>Value Description where applicable</b>
HREF	Housing services	The calendar month, day, and year of each referral for housing services that a client receives.	
IREF	Insurance enrollment	The calendar month, day, and year of each referral for insurance enrollment that a client receives.	
MHREF	Mental health services program	The calendar month, day, and year of each referral for mental health services that a client receives.	
PEPREF	Post-exposure prophylaxis	The calendar month, day, and year of each referral for post-exposure prophylaxis that a client receives.	
PREREF	Pre-exposure prophylaxis	The calendar month, day, and year of each referral for pre-exposure prophylaxis that a client receives.	
PHREF	Primary health care	The calendar month, day, and year of each referral for primary health care that a client receives.	
HEPREF	Screening and/or treatment for Hepatitis	The calendar month, day, and year of each referral for screening and/or treatment for Hepatitis that a client receives.	
STDREF	Screening and/or treatment for STDs	The calendar month, day, and year of each referral for screening and/or treatment for STDs that a client receives.	
SAREF	Screening and/or treatment for substance abuse	The calendar month, day, and year of each referral for screening and/or treatment for substance abuse that a client receives.	
TBREF	Screening and/or treatment for TB	The calendar month, day, and year of each referral for screening and/or treatment for TB that a client receives.	
SGREF	Support groups	The calendar month, day, and year of each referral for support groups that a client receives.	
SSREF	Syringe services program	The calendar month, day, and year of each referral for a syringe services program that a client receives.	
TTREF	Transgender transition support services	The calendar month, day, and year of each referral for transgender transition support services that a client receives.	
OSREF	Specify other service	Description of a service for which the client received a referral. The service cannot be classified by one of the previously specified referral categories.	
ODATE	Other services	The calendar month, day, and year of each referral for the specified service that a client receives.	
DISDATE	Discussion Date	The calendar month, day, and year that CBO staff initiate discussion of referral and linkage to HIV medical care with client.	
DIAGDATE	Date of HIV positive diagnosis	The calendar month and year that a client received a positive HIV test result.	
MEDCARE	Client currently in HIV medical care	A client's self-report of whether he or she is currently seeing an HIV medical care provider.	
			Yes
			No
			Declined to answer
REFCARE	Referred to HIV medical care	CBO report of whether CBO staff referred a client who is not currently in care to HIV medical care.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
			Yes
			No, referral offered, but client declined
			No, another reason
MEDDATE	Date of first medical appointment	The calendar month, day, and year on which the client attends his or her first medical appointment after referral is made by the CBO.	
LTCREF	Evidence-based linkage to care activity	The calendar month, day, and year of each referral that a client receives for an evidence-based linkage to care activity.	
RMEDDATE	HIV Medical Care (after unsuccessful initial attempt to refer and/or link to care, or for client who needs to be re-engaged in care)	The calendar month, day, and year of each referral that a client receives for HIV medical care after an unsuccessful initial attempt to refer and/or link to care, or for a client who needs to be re-engaged in care.	
PSREF	Partner services	The calendar month, day, and year of each referral that a client receives for partner services given to the client.	
TAREF	Treatment adherence services, including adherence to ARV	The calendar month, day, and year of each referral that a client receives for treatment adherence services, including adherence to ARV.	
OSPREF	Specify other service	Description of the service for positives that the client received a referral for. The service cannot be classified by one of the previously specified referrals for positives.	
OPDATE	Other services	The calendar month, day, and year of each referral that a client receives for other services (OSPREF) given to the client.	
<b>AGGREGATE-LEVEL VARIABLES</b>			
PEERED	Peer Educators	Number of peer educators who attended all required training sessions as planned (according to EBI guidance or approved adaptation)	
RCONV	Risk Conversations	Number of conversations conducted by trained peer educators that include risk reduction messaging.	
SMMEDIA	Small media	Total number of outreach materials distributed to the target population that promote HIV risk reduction.	
OUTREACH	Formal outreach events	Number of outreach events planned and conducted where safer sex or HIV risk reduction is promoted.	
CONCLI	Condoms distributed as part of CLI	Total number of condoms that are distributed specifically as part of the community-level intervention.	
CONTOT	Total condoms purchased	Total number of all condoms bought using PS11-1113 funding.	
CONNAG	Condoms distributed for high-risk negative/HIV status unknown persons	Number of condoms that were provided during activities approved by and paid for by PS11-1113 funding intended to reach persons at high-risk of acquiring HIV who are currently HIV negative or unaware of their HIV status.	
CONPOS	Condoms distributed for HIV positive persons	Number of condoms that were provided during activities approved by and paid for by PS11-1113 funding intended to reach persons who are HIV positive.	
<b>TARGETS</b>			
THIVTST	Target for HIV testing events	Number of HIV testing events the CBO plans to provide to clients.	

<b>Variable #</b>	<b>Variable Name</b>	<b>Variable Definition</b>	<b>Value Description where applicable</b>
TNEWPOS	Target for newly-identified HIV positive tests	Percentage of total testing events that will be associated with a newly-identified HIV infection.	
TRECRES	Target for receipt of results	Percentage of total newly-identified HIV positive testing events for which clients will receive their HIV positive test result.	
TNEWREF	Target for referral to HIV medical care (test-level)	Percentage of total newly-identified HIV positive testing events for which clients will receive a referral to HIV medical care. This target is set only for referrals provided through HIV testing events.	
TNEWLINK	Target for linkage to HIV medical care (test-level)	Percentage of total newly-identified HIV positive testing events for which clients will be linked to HIV medical care (i.e., referred to HIV medical care and attended first appointment within 3 months of diagnosis). This target is set only for linkage to care provided through HIV testing events.	
TREFPS	Target for referral to Partner Services	Percentage of total newly-identified HIV positive testing events for which clients will be referred to Partner Services. This target is set only for referral to Partner Services provided through HIV testing events.	
TREFPRS	Target for referral to prevention services	Percentage of total newly-identified HIV positive testing events for which clients will be referred to prevention services. This target is set only for referral to prevention services provided through HIV testing events.	
TENRINT	Target for intervention enrollment	Number of clients that will be enrolled in each HIV prevention intervention that the CBO is funded to conduct.	
TCOMPINT	Target for intervention completion	Percentage of clients enrolled in each intervention that will complete the intervention (according to EBI guidance or approved adaptation).	
TENRPOS	Target for intervention enrollment of HIV positives	Percentage of clients who will enroll in each intervention who are HIV positive.	
TMGRAPP	Target for MGroup and RAPP completion	Number of clients that will be enrolled in the M group and RAPP HIV informational sessions.	
TPEERED	Target for peer educator training	Number of peer educators who will attend all required training sessions as planned (according to EBI guidance or approved adaptation).	
TRISKRED	Target for risk reduction conversations	Number of conversations conducted by trained peer educators that include risk reduction messaging that will take place (e.g., informal outreach, stage-based encounters).	
TSMMED	Target for small media	Total number of outreach materials that will be distributed to the target population that promote HIV risk reduction.	
TOUTREAC	Target for formal outreach	Number of outreach events planned and conducted where safer sex or HIV risk reduction is promoted.	
TCONCLI	Target for condom distribution for CLIs	Number of condoms that will be distributed specifically as part of the community-level intervention.	
TCONDAT	Target for client-level condom distribution	Percentage of the total number of clients receiving at least one PS 11-1113 funded program activity (e.g., HIV prevention intervention, referral, or linkage to HIV medical care) who will be provided condoms.	
TCONTOT	Target for total condoms purchased	Total number of condoms that will be purchased through PS 11-1113 funds.	

Variable #	Variable Name	Variable Definition	Value Description where applicable
TREFCARE	Target for HIV positives referred to HIV medical care (client-level)	Percentage of HIV positive clients receiving referrals and linkage specifically for positives who are not yet in HIV medical care who will be referred to HIV medical care.	
TMEDDATE	Target for HIV positives linked to HIV medical care (client-level)	Percentage of HIV positive clients who are referred to HIV medical care who will attend their HIV medical care appointment.
