4400. GENERAL

The Paperwork Reduction Act of 1995 requires that the private sector be informed as to why information is collected and what the information is used for by the government. In accordance with §§1815(a) and 1861(v)(1)(A) of the Social Security Act (the Act), providers of medical and other health services as defined under §1861(s), participating in the Medicare program are required to submit annual information to achieve settlement of costs for health care services rendered to Medicare beneficiaries. Federally qualified health centers (FQHCs) are required under 42 CFR 405.2470, to maintain adequate financial and statistical records and provide annual cost reports as the Secretary determines necessary to administer the program. The data submitted on the cost reports supports management of Federal programs. The information reported on Form CMS-224-14, must conform to the requirements and principles set forth in the Provider Reimbursement Manual, (CMS Pub. 15), as well as those set forth in the Medicare Benefit Policy Manual, CMS Pub. 100-02, chapter 13, and the Medicare Claims Processing Manual, CMS Pub. 100-04, chapter 9.

Section 10501(i)(3)(A) of the Affordable Care Act (Pub. L. 111-148 and Pub. L. 111-152) added §1834(o) of the Act to establish a new system of payment for the costs of FQHC services under Medicare Part B based on prospectively set rates. The statute requires implementation of the FQHC prospective payment system (FQHC PPS) for FQHCs with cost reporting periods beginning on or after October 1, 2014. Form CMS-224-14 must be used by all freestanding FQHCs for cost reporting periods beginning on or after October 1, 2014. The FQHC cost report must be submitted to the Medicare administrative contractor (MAC) (hereafter referred to as contractor) electronically in accordance with 42 CFR 413.24(f)(4). Cost reports are due on or before the last day of the fifth month following the close of the period covered by the report. For cost reports ending on a day other than the last day of the month, cost reports are due 150 days after the last day of the cost reporting period, in accordance with 42 CFR 413.24(f)(2).

NOTE: This form is to be used by freestanding FQHCs only. FQHCs that are hospital-based must use the Form CMS-2552.

The public reporting and recordkeeping burden for this cost report is estimated to average 58 hours per response. This includes time for reviewing instructions, gathering data, maintaining records, and completing the forms. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to:

4400.1 Rounding Standards for Fractional Computations.--Throughout the Medicare cost report, required computations result in the use of fractions. Use the following rounding standards for such computations:

1. Round to 2 decimal places:
 - a. Rates
 - b. Cost per visit
 - c. Cost for pneumococcal and influenza vaccines
2. Round to 6 decimal places:
 - a. Ratios
 - b. Unit cost multiplier

If a residual exists as a result of computing costs using a fraction, adjust the residual in the largest amount resulting from the computation. For example, in cost finding, a unit cost multiplier is applied to the statistics in determining costs. After rounding each computation, the sum of the allocation may be more or less than the total cost allocated. This residual is adjusted to the largest amount resulting from the allocation so that the sum of the allocated amounts equals the amount allocated.

4404. WORKSHEET S - FEDERALLY QUALIFIED HEALTH CENTER COST REPORT CERTIFICATION AND SETTLEMENT SUMMARY

4404.1 Part I - Cost Report Status.--This section is to be completed by the FQHC and contractor as indicated on the worksheet. If this is a consolidated cost report, the organization must choose a primary FQHC whose CMS certification number (CCN) must be utilized throughout the entire cost report.

Line 1.--Indicate if the cost report is an electronic submission by entering “Y” for yes or “N” for no in column 1. If yes, enter the electronic file creation date and time in columns 2 and 3, respectively. If no, line 2 must be completed.

Line 2.--If line 1 is no, indicate if this cost report is a manual submission by entering “Y” for yes or “N” for no. This line is only completed by FQHCs filing low utilization cost reports in accordance with CMS Pub. 15-2, chapter 1, §110 or FQHCs demonstrating financial hardship in accordance with CMS Pub. 15-2, chapter 1, §133.

Line 3.--If this is an amended cost report, enter the number of times the cost report has been amended.

Line 4.--Enter an “F” if this is full cost report or an “L” if this is a low Medicare utilization cost report (“L” requires prior contractor approval, see CMS Pub. 15-2, chapter 1, §110).

Lines 5 through 12 are for contractor use only:

Line 5.--Enter the Healthcare Cost Report Information System (HCRIS) cost report status code that corresponds to the filing status of the cost report: 1=As submitted; 2=Settled without audit; 3=Settled with audit; 4=Reopened; or 5=Amended.

Line 7.--Enter the 5 position contractor number.

Lines 8 and 9.--If this is an initial cost report, enter “Y” for yes in the box on line 8. If this is a final cost report, enter “Y” for yes in the box on line 9; if neither, enter “N”. An initial report is the very first cost report for a particular FQHC CCN. A final cost report is a terminating cost report for a particular FQHC CCN.

Line 10.--Enter the Notice of Program Reimbursement (NPR) date (mm/dd/yyyy). The NPR date must be present if the cost report status code is 2, 3 or 4.

Line 12.--Complete this line only if the cost report status code on line 5 is “4”. If this is a reopened cost report (response to line 5 cost report status, is “4”), enter the number of times the cost report has been reopened.

4404.2 Part II - Certification.--This certification is read, prepared, and signed by an officer or administrator of the FQHC after the cost report has been completed in its entirety

Part I - Federally Qualified Health Center Identification Data

Part II - Federally Qualified Health Center Consolidated Cost Report Participant Identification Data

4405.1 Part I - Federally Qualified Health Center Identification Data.--The information required on this worksheet is needed to properly identify the FQHC, or in the case of a consolidated cost report, the primary FQHC. In the case of a consolidated cost report, only the primary FQHC completes the entire Worksheet S-1, Part I. All other FQHCs filing under a consolidated cost report must be listed on line 14 and its subscripts and must complete a separate Worksheet S-1, Part II.

Line 1, columns 1 through 4.--Enter in the appropriate column the site name, CCN, core based statistical area (CBSA) code (rural CBSA codes are assembled by placing the digits "999" in front of the two digit state code, e.g., for the state of Maryland the rural CBSA code is 99921), and certification date.

Enter in column 1 the site name, column 2 the CCN, column 3 the CBSA, column 4 the date the FQHC requested approval to file as part of a consolidated cost report, and column 5 the date the contractor approved the FQHCs request to file as part of a consolidated cost report. Each FQHC listed on line 14 and its subscripts must complete a separate Worksheet S-1, Part II.

Line 15.--There are 3 types of organizations that are eligible to enroll in Medicare as FQHCs. Indicate in column 1, the type of organization this FQHC is by entering a number from the list below. If your response in column 1 is "1" or "3", enter any or all of the alpha character (s) associated with the response in column 2. For example if you entered "1" in column 1, enter in column 2, "A", "B", "C" and/or "D." An organization receiving a grant under §330 of the Public Health Service (PHS) Act or an outpatient health program/facility can operate as any or all of the subcategories listed under the respective numeric options presented below.

- 1) An organization receiving a grant(s) under §330 of the PHS Act:
 - A) Community Health Centers
 - B) Migrant and Seasonal Agricultural Workers Health Centers
 - C) Health Care for the Homeless Health Centers

A claims-made insurance policy covers claims first made (reported or filed) during the year the policy is in force for any incidents that occur that year or during any previous period during which the insured was covered under a “claims-made” contract. Malpractice self-insurance is money paid by the FQHC where the FQHC acts as its own insurance company (either as a sole or part-owner) to financially protect itself against professional negligence. Often FQHCs will manage their own funds or purchase a policy referred to as captive insurance, which provides insurance coverage the FQHC needs but could not obtain economically through the mainstream insurance market.

Line 22.--Indicate if malpractice premiums paid, paid losses, or self-insurance are reported in a cost center other than the Administrative and General (A&G) cost center. Enter “Y” for yes or “N” for no. If yes, submit a supporting schedule listing cost centers and amounts.

Line 25.--Indicate if the FQHC received a Primary Care Residency Expansion (PCRE) grant from HRSA to train new residents in primary care residency programs. Enter “Y” for yes or “N” for no in column 1. If yes, enter the number of primary care full time equivalent (FTE) residents your FQHC trained using PCRE grant funding in column 2, and the total number of visits performed by such residents in column 3, during this cost reporting period.

Line 26.--Indicate if the FQHC received a Teaching Health Center (THC) development grant authorized under Part C of title VII of the PHS Act from HRSA for the purpose of establishing new accredited or expanded primary care residency programs. Enter “Y” for yes or “N” for no in column 1. If yes, enter the number of FTE residents your FQHC trained using THC funding in column 2, and the total number of visits performed by such residents in column 3, during this cost reporting period.

Line 27.--Indicate if you own or lease the building or office space occupied by your FQHC. Enter a “1” for owned or a “2” for leased in column 1. If you lease the office space, enter the rent/lease expense for this cost reporting period in column 2.

4405.2 Part II - Federally Qualified Health Center Consolidated Cost Report Participant Identification Data.--Each FQHC that is included on Worksheet S-1, Part I, line 14, and applicable subscripts, who is filing as part of a consolidated cost report must complete a separate Worksheet S-1, Part II in the identical sequence that the consolidated FQHCs are reported on Worksheet S-1, Part I, line 14 and its subscripts. Do not complete this worksheet for the primary FQHC reported on Worksheet S-1, Part I, line 1.

Line 1.--Enter the FQHC site name in column 1 and the FQHC certification date in column 2. Indicate the type of control under which the FQHC operates by entering a number from the list below in column 3.

- | | |
|--------------------------------------|---------------------------|
| 1 = Voluntary Nonprofit, Corporation | 7 = Governmental, Federal |
| 2 = Voluntary Nonprofit, Other | 8 = Governmental, State |
| 3 = Proprietary, Individual | 9 = Governmental, County |
| 4 = Proprietary, Corporation | 10 = Governmental, City |
| 5 = Proprietary, Partnership | 11 = Governmental, Other |
| 6 = Proprietary, Other | |

Enter the date the FQHC terminated its participation in the Medicare program (if applicable) in column 4. In column 5, enter a “V” for a voluntary termination or an “I” for an involuntary termination.

If the FQHC changed ownership immediately prior to the beginning of the cost reporting period enter the date of the change of ownership in column 6. Also submit the name and address of the new owner and a copy of the sales agreement with the cost report.

Line 2.--Enter the FQHC's street address in column 1 and the post office box in column 2 (if applicable).

Line 3.--Enter the city in column 1, state in column 2, ZIP code in column 3, county in column 4, and the appropriate designation ("U" for urban or "R" for rural) in column 5. See CMS Pub. 100-04, chapter 9, §20.6.2 for information regarding urban and rural designations. If you are uncertain of your designation, contact your contractor.

Line 4.--There are 3 types of organizations that are eligible to enroll in Medicare as an FQHC. Indicate in column 1, the type of FQHC organization by entering a number from the list below. If your response in column 1 is "1" or "3", enter any or all of the alpha characters associated with the response in column 2. For example if you entered "1" in column 1, enter in column 2, "A", "B", "C" and/or "D". An organization receiving a grant under §330 of the PHS Act or an outpatient health program/facility can operate as any or all of the subcategories listed under the respective numeric options below.

Line 8.--Indicate if your FQHC is legally required to carry malpractice coverage. Enter "Y" for yes or "N" for no. Malpractice insurance premiums are money paid by the FQHC to a commercial insurer to protect the FQHC against potential negligence claims made by their patients/clients.

Line 9.--If line 8 is yes, indicate if your malpractice insurance is a claims-made or occurrence policy. A claims-made insurance policy covers claims first made (reported or filed) during the year the policy is in force for any incidents that occur that year or during any previous period during which the insured was covered under a "claims-made" contract. The occurrence policy covers an incident occurring while the policy is in force regardless of when the claim arising out of that incident is filed. 4406. WORKSHEET S-2 - FEDERALLY QUALIFIED HEALTH CENTER REIMBURSEMENT QUESTIONNAIRE

This worksheet collects organizational, financial and statistical information previously reported on Form CMS-339. Where instructions for this worksheet direct the FQHC to submit documentation/information, mail or otherwise transmit the requested documentation to the contractor with submission of the electronic cost report (ECR). The contractor has the right under §§1815(a) and 1883(e) of the Act to request any missing documentation. When filing a consolidated cost report, this worksheet applies only to the primary FQHC.

To the degree that the information in the questionnaire constitutes commercial or financial information which is confidential and/or is of a highly sensitive personal nature, the information will be protected from release under the Freedom of Information Act. If there is any question about releasing information, the contractor should consult with the CMS Regional Office.

NOTE: The responses on all lines are “yes” or “no” unless otherwise indicated. When the instructions require documentation, indicate on the documentation the Worksheet S-2 line number the documentation supports. Lines 1 through 19 are required to be completed by all FQHCs reported on Worksheet S-1, Part I, line 1.

Line 1.--Indicate whether the FQHC has changed ownership immediately prior to the beginning of the cost reporting period. Enter “Y” for yes or “N” for no in column 1. If column 1 is “Y”, enter the date the change of ownership occurred in column 2. Also, submit the name and address of the new owner and a copy of the sales agreement with the cost report.

Line 2.--Indicate whether the FQHC has terminated participation in the Medicare program. Enter “Y” for yes or “N” for no in column 1. If column 1 is “Y”, enter the date of termination in column 2, and “V” for voluntary or “I” for involuntary in column 3.

Line 3.--Indicate whether the FQHC is involved in business transactions, including management contracts, with individuals or entities (e.g., chain home offices, drug or medical supply companies) that are related to the FQHC or its officers, medical staff, management personnel, or members of the board of directors through ownership, control, or family and other similar relationships. Enter “Y” for yes or “N” for no in column 1. If column 1 is “Y”, submit a list of the individuals, the organizations involved, and a description of the transactions with the cost report.

NOTE: A related party transaction occurs when services, facilities, or supplies are furnished to the provider by organizations related to the provider through common ownership or control. (See Pub. 15-1, chapter 10 and 42 CFR 413.17.)

Line 4.--Indicate in column 1 whether the financial statements were prepared by a certified public accountant; enter "Y" for yes or "N" for no. If column 1 is yes, indicate the type of financial statements in column 2 by entering "A" for audited, "C" for compiled, or "R" for reviewed. Submit a complete copy of the financial statements (i.e., the independent public accountant's opinion, the statements themselves, and the footnotes) with the cost report. If the financial statements are not available for submission with the cost report enter the date they will be available in column 3.

If column 1 is no, submit a copy of the internally prepared financial statements, and written statements of significant accounting policy and procedure changes affecting Medicare reimbursement which occurred during the cost reporting period. You may submit the changed accounting or administrative procedures manual in lieu of written statements.

Line 5.--Indicate whether Intern-Resident costs were claimed on the current cost report. Enter "Y" for yes or "N" for no in column 1.

Line 6.--Indicate whether Intern-Resident program(s) have been initiated or renewed during the cost reporting period. Enter "Y" for yes or "N" for no in column 1. If you answer "Y" in column 1, submit copies of the certification(s)/program approval(s) with the cost report. (See 42 CFR 413.79(l) for the definition of a new program.)

Line 7.--Indicate whether graduate medical education costs were directly assigned to cost centers other than the "Allowable GME Costs" on Worksheet A, line 47. Enter "Y" for yes or "N" for no in column 1. If you answer "Y" in column 1, submit a listing of the cost centers and amounts with the cost report.

Line 8.--Indicate whether you are seeking reimbursement for bad debts resulting from Medicare deductible and/or coinsurance amounts which are uncollectible from Medicare beneficiaries. (See 42 CFR 413.89(e) and CMS Pub. 15-1, chapter 3, §§306 - 324 for the criteria for an allowable bad debt.) Enter "Y" for yes or "N" for no in column 1. If you answer "Y" in column 1, submit a completed Exhibit 1 or internal schedule duplicating the documentation requested on Exhibit 1 to support the bad debts claimed.

Exhibit 1 requires the following documentation:

Columns 1, 2, 3, 4 - Patient Names, Health Insurance Claim (HIC) Number, and Dates of Service (From - To).--The documentation required for these columns is derived from the beneficiary's bill. Furnish the patient's name, HIC number and dates of service that correlate to the claimed bad debt. (See CMS Pub. 15-1, chapter 3, §314 and 42 CFR 413.89.)

Columns 5 & 6--Indigency/Medicaid Beneficiary.--If the patient included in column 1 has been deemed indigent, place a check in column 5. If the patient in column 1 has a valid Medicaid number, include this number in column 6. See the criteria in CMS Pub. 15-1, chapter 3, §§312 and 322 and 42 CFR 413.89 for guidance on the billing requirements for indigent and Medicaid beneficiary.

Columns 7 & 8--Date First Bill Sent to Beneficiary & Date Collection Efforts Ceased.--This information should be obtained from the FQHC's files and should correlate with the beneficiary name, HIC number, and dates of service shown in columns 1, 2, 3 and 4 of this exhibit. The date in column 8 represents the date that the unpaid account is deemed worthless, whereby all collection efforts, both internal and by an outside entity, ceased and there is no likelihood of recovery of the unpaid account. (See 42 CFR 413.89(e) and (f), and CMS Pub. 15-1, chapter 3, §§308, 310, and 314.)

Column 9--Medicare Remittance Advice Dates.--Enter in this column the remittance advice dates that correlate with the beneficiary name, HIC number, and dates of service shown in columns 1, 2, 3 and 4 of this exhibit.

Column 10--Coinsurance/Total Medicare Bad Debts.--Record on each line of this column the beneficiary's unpaid coinsurance amount that relates to covered services. Calculate the total bad debts by summing up the amounts on all lines of column 10. This "total" must agree with the bad debts claimed on the cost report. Attach additional supporting schedules, if necessary, for bad debt recoveries.

Line 9.--Indicate whether your bad debt collection policy changed during the cost reporting period. Enter "Y" for yes or "N" for no in column 1. If you answer "Y" in column 1, submit a copy of the revised bad debt collection policy with the cost report.

Line 10.--Indicate whether patient coinsurance amounts were waived. Enter "Y" for yes or "N" for no in column 1. If you answer "Y" in column 1, ensure that they are not included on the bad debt listings (i.e., Exhibit 1 or your internal schedules) submitted with the cost report.

Line 11.--Indicate whether the cost report was prepared using the Provider Statistical & Reimbursement (PS&R) Report only. Enter "Y" for yes or "N" for no in column 1. If column 1 is "Y" enter the paid through date of the PS&R in column 2. Also, submit a crosswalk between revenue codes and visits found on the PS&R to the cost center groupings on the cost report. This crosswalk will reflect a cost center to revenue code match only.

Line 12.--Indicate whether the cost report was prepared using the PS&R for totals and the FQHC's records for allocation. Enter "Y" for yes or "N" for no in column 1. If column 1 is "Y" enter the paid through date of the PS&R used to prepare this cost report in column 2. Also, submit a detailed crosswalk between revenue codes and visits on the PS&R to the cost center groupings on the cost report. This crosswalk must show visits by cost center and include which revenue codes were allocated to each cost center. The total visits on the cost report must match the total visits on the PS&R (as appropriately adjusted for unpaid claims, etc.) to use this method. Supporting work papers must accompany this crosswalk to provide sufficient documentation as to the accuracy of the FQHC's records.

Line 13.--If you entered "Y" on either line 11 or 12, indicate whether adjustments were made to the PS&R data for additional claims that have been billed but not included on the PS&R used to file this cost report. Enter "Y" for yes or "N" for no in column 1. If column 1 is "Y", include a schedule which supports any claims not included on the PS&R. This schedule should include totals consistent with the breakdowns on the PS&R, and should reflect claims that are unprocessed or unpaid as of the cut-off date of the PS&R used to file the cost report.

Line 14.--If you entered "Y" on either line 11 or 12, column 1, indicate whether adjustments were made to the PS&R data for corrections of other PS&R information. Enter "Y" for yes or "N" for no in column 1. If column 1 is "Y", submit a detailed explanation and documentation which provides an audit trail from the PS&R to the cost report.

Line 15.--If you entered "Y" on either line 11 or 12, column 1, indicate whether other adjustments were made to the PS&R data. Enter "Y" for yes or "N" for no in column 1. If column 1 is "Y", include a description of the other adjustments and documentation which provides an audit trail from the PS&R to the cost report.

Line 16.--Indicate whether the cost report was prepared using FQHC records only. Enter "Y" for yes or "N" for no in column 1. If column 1 is "Y", submit detailed documentation of the system used to support the data reported on the cost report. If detail documentation was previously supplied, submit only necessary updated documentation with the cost report.

The minimum requirements are:

- Internal records supporting program utilization statistics, charges, prevailing rates and payment information broken into each Medicare bill type in a manner consistent with the PS&R report.
- A reconciliation of remittance totals to the provider's internal records.
- The name of the system used and system maintainer (vendor or FQHC). If the FQHC maintained the system, include date of last software update.

NOTE: Additional information may be supplied such as narrative documentation, internal flow charts, or outside vendor informational material to further describe and validate the reliability of your system.

Line 17.--Enter the first name, last name and the title/position held by the cost report preparer in columns 1, 2, and 3, respectively.

Line 18.--Enter the employer/company name of the cost report preparer.

Line 19.--Enter the telephone number and email address of the cost report preparer in columns 1 and 2, respectively.

4407. WORKSHEET S-3 - FEDERALLY QUALIFIED HEALTH CENTER DATA

This worksheet consists of three parts:

Part I - Federally Qualified Health Center Statistical Data

Part II - Federally Qualified Health Center Contract Labor and Benefit Cost

Part III - Federally Qualified Health Center Employee Data

4407.1 Part I - Federally Qualified Health Center Statistical Data.--This part collects statistical data regarding the number and types of visits by title, as well as, the number of visits performed by interns and residents. Only those visits associated with a beneficiary receiving services under the Medicare fee for service program are included in column 2. However, visits attributable to beneficiaries enrolled in a Medicare Advantage plan must be included in column 4. For the purposes of the Medicare program, a beneficiary who receives care at an FQHC can be seen for three types of visits:

- Medical Visit
- Medical Visit for Subsequent Illness or Injury
- Mental Health Visit

All visits performed by interns and residents who are funded by a THC or PCRE grant from HRSA must be excluded from lines 5 and 6 on this worksheet. Visits performed by an intern or resident funded by a THC or PCRE grant from HRSA are separately reported on the Worksheet S-1, Parts I and II.

Column 0.--Use this column only when you are filing a consolidated cost report to identify each FQHC listed on Worksheet S-1, Part I, line 14 and subscripts in the exact same order.

Columns 1 through 3.--Enter the number of medical visits, mental health visits and visits performed by interns and residents, if applicable, for each program (title V, title XVIII and title XIX). Include dually eligible (Medicare/Medicaid) beneficiaries in column 2.

Column 4.--Enter the total medical visits, mental health visits and visits performed by interns and residents, if applicable, for all patients. The total FQHC medical, mental health and intern and resident visits in column 4 may not equal the sum of the visits reported in columns 1 through 3, as visits paid by other insurers (i.e., private pay) are included in this column.

Line 1.--Enter the number of medical visits applicable to columns 1 through 4. Each visit to the FQHC by the beneficiary counts as a single visit, even in the case where a beneficiary returns to the FQHC in the same day for a subsequent illness or injury. If you are filing under a consolidated cost report, line 1 must contain the medical visits exclusively for the primary CCN and you must subscript line 1 to report the number of medical visits for each additional FQHC included in this consolidated cost report. Each subscript of line 1, column 0, must contain a corresponding CCN from Worksheet S-1, Part I, line 14 and subscripts in the exact same order. Enter the number of medical visits applicable to columns 1 through 4, for each FQHC listed on line 1 and its subscripts.

Line 2.--Enter the total number of medical visits (sum of line 1 and its subscripts) for each applicable column.

Line 3.--Enter the number of mental health visits applicable to columns 1 through 4. Each visit to the FQHC by the beneficiary counts as a single visit, even in the case where a beneficiary returns to the FQHC in the same day for a subsequent illness or injury. If you are filing under a consolidated cost report, line 3 must contain the mental health visits exclusively for the primary CCN and you must subscript line 3 to report the number of mental health visits for each additional FQHC included in this consolidated cost report. Each subscript of line 3, column 0, must contain a corresponding CCN from Worksheet S-1, Part I, line 14 and subscripts in the exact same order. Enter the number of mental health visits applicable to columns 1 through 4, for each FQHC listed on line 3 and its subscripts.

Line 4.--Enter the total number of mental health visits (sum of line 3 and its subscripts) for each applicable column.

Line 5.--Enter the total number of visits performed by interns and residents not funded by a THC or PCRE grant from HRSA applicable to columns 1 through 4. If you are filing under a consolidated cost report, line 5 must contain the visits performed by interns and residents exclusively for the primary CCN and you must subscript line 5 to report the number of visits performed by interns and residents for each additional FQHC included in this consolidated cost report. Each subscript of line 5, column 0, must contain a corresponding CCN from Worksheet S-1, Part I, line 14 and subscripts in the exact same order. Enter the number of visits performed by interns and residents applicable to columns 1 through 4 for each FQHC listed on line 5 and its subscripts.

Line 6.--Enter the total number of visits performed by interns and residents not funded by a THC or PCRE grant from HRSA (sum of line 5 and its subscripts) for each applicable column.

NOTE: When reporting data for FQHCs reporting under the consolidated cost reporting provisions, subscript lines 1, 3, and 5 in the identical sequence that the consolidated FQHCs are reported on Worksheet S-1, Part I, line 14.

4407.2 Part II - Federally Qualified Health Center Contract Labor and Benefit Cost.--This section identifies the contract labor and benefit costs relating to direct patient care and top level management services.

DEFINITIONS

Column 1 - Contract Labor Costs.--Enter the amount paid for services furnished under contract, rather than by employees, for direct patient care and top level management services for the occupations on lines 1 through 13. DO NOT include cost for equipment, supplies, travel expenses, and other miscellaneous or overhead items (non-labor costs).

Column 2 - Benefit Costs.--Enter the amount of employee benefit costs, also referred to as wage-related costs, for services furnished under contract, rather than by employees, for direct patient care and top level management services for the occupations listed on lines 1 through 13.

4407.3 Part III - Federally Qualified Health Center Employee Data.--This section identifies data related to the human resources of the FQHC. The human resources statistics are required for each of the job categories specified in lines 14 through 25.

Enter the number of hours in your normal work week.

Report in column 1 the FTE employees on the FQHC's payroll. These are staff for which an IRS Form W-2 is used.

Report in column 2 the FTE contracted and consultant staff of the FQHC.

Complete staff FTEs for column 1 as follows: Add all hours for which employees were paid and divide by 2080. Round to two decimal places, e.g., 04447 is rounded to .04. Compute contract FTE's for column 2 as follows: Add all hours for which contracted and consultant staff worked and divide by 2080 hours. If employees are paid for unused vacation, unused sick leave, etc., exclude these paid hours from the numerator in the calculations.

Enter the total FTEs in column 3, by adding columns 1 and 2.

4408. WORKSHEET A - RECLASSIFICATION AND ADJUSTMENT OF TRIAL BALANCE OF EXPENSES

Worksheet A provides for recording the trial balance of expense accounts from your accounting books and records. It also provides for the necessary reclassifications and adjustments to certain accounts. The cost centers listed may not apply to every FQHC using these forms. For example, a FQHC that does not have an intern and resident program will not complete lines 47 and/or 78. Complete only those lines that are applicable.

If the cost elements of a cost center are maintained separately on your accounting books, a reconciliation of costs per the accounting books and records to those on this worksheet must be maintained and are subject to review by your contractor.

Standard (i.e., preprinted) CMS line numbers and cost center descriptions cannot be changed. If additional or different cost center descriptions are needed, add (subscript) additional lines to the cost report. Where an added cost center description bears a logical relationship to a standard line description, the added label must be inserted immediately after the related standard line. The added line is identified as a numeric subscript of the immediately preceding line. For example, if two lines are added between lines 7 and 8, identify them as lines 7.01 and 7.02.

Cost center coding is a methodology for standardizing the meaning of cost center labels as used by health care entities on the Medicare cost reports. Form CMS-224-14 provides for preprinted cost center descriptions on Worksheet A. In addition, a space is provided for a cost center code. The preprinted cost center labels are automatically coded by CMS approved cost reporting software. These cost center descriptions are hereafter referred to as the standard cost centers. Additionally, nonstandard cost center descriptions have been identified through analysis of frequently used labels.

This coding methodology allows FQHCs to continue to use labels for cost centers that have meaning within the individual institution. The four digit cost center codes that are associated with each FQHC's label in the ECR file provide standardized meaning for data analysis. FQHCs are required to compare any added or changed labels to the descriptions offered on the standard or nonstandard cost center tables. A description of cost center coding and the table of cost center codes are in §4495, table 5.

COLUMN DESCRIPTIONS

Columns 1 through 3.--The expenses listed in these columns must be in accordance with your accounting books and records.

Enter on the appropriate lines in columns 1 through 3 the total expenses incurred during the cost reporting period. These expenses are detailed between salaries (column 1) and other than salaries (column 2). The sum of columns 1 and 2 must equal column 3.

Column 1.--Salaries are the gross salaries paid to employees before taxes and other items are withheld. Salaries include paid vacation, holiday, sick, other-paid-time off, severance and bonus pay. (See CMS Pub. 15-1, chapter 21.) Enter salaries from the FQHC's accounting books and records.

Column 2.--Enter all costs other than salaries from the FQHC's accounting books and records.

Column 3.--For each cost center, add the amounts in columns 1 and 2 and enter the total in column 3.

Column 4.--For each cost center, enter the net amount of reclassifications from Worksheet A-1. The net total of the entries in column 4 must equal zero on line 100. Show reductions to expenses as negative numbers.

Column 5.--For each cost center, enter the total of the amount in column 3 plus or minus the amount in column 4. The total on column 5, line 100 must equal the total on column 3, line 100.

Column 6.--For each cost center, enter the net of any increase and decrease amounts from Worksheet A-2. The total on Worksheet A, column 6, line 100 must equal Worksheet A-2, column 2, line 50.

Column 7.--For each cost center, enter the total of the amount in column 5 plus or minus the amount in column 6.

LINE DESCRIPTIONS

The Worksheet A segregates the trial balance of expenses into general service cost centers, direct patient care cost centers, reimbursable pass through costs, other FQHC services, and nonreimbursable cost centers to facilitate the transfer of costs to the various worksheets.

GENERAL SERVICE COST CENTERS

These cost centers include expenses incurred in operating the FQHC as a whole that are not directly associated with furnishing patient care such as, but not limited to mortgage, rent, plant operations, administrative salaries, utilities, telephone, and computer hardware and software costs. General service cost centers furnish services to other general service cost centers and to reimbursable and nonreimbursable cost centers in the FQHC.

Lines 1 and 2 - Cap Rel Costs-Bldg & Fix and Cap Rel Costs-Mvble Equip.--These cost centers include the capital-related costs for buildings and fixtures and the capital-related costs for movable equipment including depreciation, leases and rentals for the use of facilities and/or equipment, including electronic health records systems, interest incurred in acquiring land and depreciable assets used for patient care, insurance on depreciable assets used for patient care, taxes on land or depreciable assets used for patient care, and software and hardware updates attributable to electronic health records systems. Do not include in these cost centers costs incurred for the repair or maintenance of equipment or facilities; amounts specifically included in rentals or lease payments for repair and/or maintenance agreements; interest expense incurred to borrow working capital or for any purpose other than the acquisition of land or depreciable assets used for patient care; general liability insurance or any other form of insurance to provide protection other than the replacement of depreciable assets; or taxes other than those assessed on the basis of some valuation of land or depreciable assets used for patient care. However, if no amount of the lease payment is identified in the lease agreement for maintenance, you are not required to carve out a portion of the lease payment to represent the maintenance portion. Thus, the entire lease payment is considered a capital-related cost subject to the provisions of 42 CFR 413.130(b).

Line 3 - Employee Benefits.--This cost center includes the costs of the employee benefits department. In addition, this cost center includes the fringe benefits paid to, or on behalf of, an employee when an FQHC's accounting system is not designed to accumulate the benefits on a departmentalized or cost center basis. (See CMS Pub. 15-1, chapter 21, §2144).

Line 4 - Administrative and General (A&G) Services.--A&G includes a wide variety of administrative costs such as but not limited to cost of fiscal services, legal and accounting services, facility administrative services (not already included in other general services cost centers), etcetera.

Line 5 - Plant Operation and Maintenance.--This cost center includes expenses incurred in the plant operation and maintenance of the FQHC. These costs include the maintenance and service of utility systems such as heat, light, water, air conditioning and air treatment. This cost center also includes costs incurred in maintaining the facility and grounds, such as costs of routine painting, plumbing, mowing, and snow removal.

Line 6 - Janitorial.--This cost center includes the cost of routine janitorial activities such as mopping, vacuuming, cleaning restrooms, lobbies, waiting areas and otherwise maintaining patient and non-patient care areas.

Line 7 - Medical Records.--This cost center includes the cost of the medical records department where patient medical records are maintained. The general library and the medical library are not included in this cost center but are included in the A&G cost center. None of the costs associated with electronic health records systems are reported in this cost center.

Line 8 - Subtotal - Administrative Overhead.--Enter the total of lines 1 through 7.

Line 9 - Pharmacy.--This cost center includes the costs of routine drugs (both prescription and over the counter), pharmacy supplies, pharmacy personnel, pharmacy services, and the non-routine costs of drugs and pharmacy supplies that can be traced to individual patients. Do not include the cost of influenza and pneumococcal vaccines on this line as these costs are reported on lines 48 and 49, respectively.

Line 10 - Medical Supplies.--This cost center includes the routine cost of supplies used in the normal course of caring for patients, such as gloves, masks, swabs, or glycerin sticks, and the non-routine costs of medical supplies that can be traced to individual patients. Do not include the cost of medical supplies used in administering influenza and pneumococcal vaccines on this line as these costs are reported on lines 48 and 49, respectively.

Line 11 - Transportation.--This cost center includes the cost of owning or renting vehicles, public transportation expenses, parking, tolls, or payments to employees for driving their private vehicles to see patients or for other FQHC business.

Line 12 - Other General Service (Specify).--Use this line to report the costs of other general service costs not previously identified on lines 1 through 11. If more than one other general service is offered, subscript this line. See Table 5 in §4495 for the proper cost center code for this line.

Line 13 - Subtotal - Total Overhead.--Enter the sum of lines 8 and 9 through 12.

Line 14 through 22.--Reserved for future use.

DIRECT CARE COST CENTERS

Line 23 - Physician.--This cost center includes the costs incurred by the FQHC for physicians providing direct patient care services and general supervisory services, participation in the establishment of plans of care, supervision of care and services, periodic review and updating of plans of care, and establishment of governing policies by the governing board. Reclassify the cost for the portion of time physicians spent on general supervisory services or other FQHC administrative activities to A&G (line 4). The costs incurred for teaching physicians and interns and residents must be reported on line 47 or line 48, whichever is applicable.

Line 24 - Physician Services Under Agreement.--This cost center includes the costs incurred by the FQHC for physicians who are providing services under agreement.

Line 27 - Visiting Registered Nurse.--This cost center only includes the costs of nursing care provided by registered nurses (RNs) who perform visiting nurse services in accordance with CMS Pub. 100-02, chapter 13, §180. Costs associated with RNs who provide services incident to a physician, PA, NP, certified nurse midwife (CNM), clinical psychologist (CP) or clinical social worker (CSW) (see CMS Pub. 100-02, chapter 13, §§110, 120 and 140) are included in line 36.

Line 28 - Visiting Licensed Practical Nurse.--This cost center only includes the costs of nursing care provided by licensed practical nurses (LPNs) who perform visiting nurse services in accordance with CMS Pub. 100-02, chapter 13, §180. Costs associated with LPNs that provide services incident to a physician, PA, NP, CNM, CP or CSW (see CMS Pub. 100-02, chapter 13, §§110, 120 and 140) are included in line 36.

Line 29 - Certified Nurse Midwife.--This cost center includes the costs of nursing care provided by CNMs.

Line 30 - Clinical Psychologist.--This cost center includes the costs of a CP who holds a doctorate in psychology and is licensed or certified by the State in which he or she practices, for diagnostic, assessment, preventative and therapeutic services directed at individuals.

Line 31 - Clinical Social Worker.--This cost center includes the costs of a CSW who possesses a master's degree or doctorate in social work and meets specified criteria established by regulation. The CSW must directly examine the patient, or directly review the patient's medical information, to provide diagnosis, treatment and consultation.

Line 32 - Laboratory Technician.--This cost center includes the costs of a person who, under the supervision of a medical technologist or physician, performs microscopic and bacteriologic tests of human blood, tissue, and fluid for diagnostic and research purposes.

Line 33 - Reg Dietician/Cert DSMT/MNT Educator.--This cost center includes the costs of a person who is either a registered dietician or nutritionist who meets specified criteria for providing diabetes self-management training (DSMT) or medical nutrition therapy (MNT) services under the Program.

Physical therapy services may be provided for purposes of symptom control or to enable the individual to maintain activities of daily living and basic functional skills.

Line 35 - Occupational Therapist.--This cost center includes the costs of purposeful goal-oriented activities in the evaluation, diagnosis, and/or treatment of persons whose function is impaired by physical illness or injury, emotional disorder, congenital or developmental disability, or the aging process, in order to achieve optimum functioning, to prevent disability, and to maintain health. Occupational therapy services may be provided for purposes of symptom control or to enable the individual to maintain activities of daily living and basic functional skills.

Line 36 - Other Allied Health Personnel.--This cost center includes the costs of RNs and LPNs who provide services incident to a physician, PA, NP, CNM, CP or CSW in accordance with CMS Pub. 100-02, chapter 13, §§110, 120 or 140 and the costs of other allied health personnel that provide diagnostic, technical, therapeutic and direct patient care and support services to the other health professionals they work with and the patients they serve. An example of other allied health personnel is a medical assistant.

REIMBURSABLE PASS THROUGH COSTS

Line 47 - Allowable GME Costs.--This cost center includes the costs associated with allowable direct GME costs set forth in 42 CFR 405.2468(f). These include residents' salaries and fringe benefits (including travel and lodging expenses where applicable); the allowable portion of the teaching physicians' salaries and fringe benefits that are related to the time spent teaching and supervising residents (i.e., lecture time, time spent filling out resident evaluations, mentoring, and program development) subject to the reasonable compensation equivalency limits (RCEs) (42 CFR 415.70); and overhead costs that are directly assigned to the intern and resident program, excluding all overhead included in the general service cost centers paid under the FQHC PPS.

An FQHC must include all allowable direct costs associated with an intern and/or resident program funded by a THC and/or PCRE grant from HRSA on line 47, only if the program meets the requirements set forth in 42 CFR 405.2468(f). If the direct costs associated with an intern and/or resident who is funded by a THC and/or PCRE grant are included in line 47, the FQHC must reclassify the direct costs associated with the THC and/or PCRE programs funded by HRSA to line 78, nonallowable GME costs.

A "moonlighting" resident or fellow is a postgraduate medical trainee who is practicing independently, outside the scope of his or her residency training program and would be treated as a physician within the scope of the privileges granted by the FQHC. Therefore, costs associated with a "moonlighting" intern or resident are reported in the physician services cost center, not the allowable GME cost center.

Line 48 - Pneumococcal Vaccines & Med Supplies.--This cost center includes the cost of the pneumococcal vaccines and the medical supplies attributable to pneumococcal vaccinations.

Line 49 - Influenza Vaccines & Med Supplies.--This cost center includes the cost of the influenza vaccines and the medical supplies attributable to influenza vaccinations.

Line 61 - Diagnostic & Screening Lab Tests.--This cost center includes the technical component of diagnostic and laboratory tests such as electrocardiograms and certain preventative services authorized by the Medicare statute or the national coverage determination process. (The professional component is a FQHC service if performed by an FQHC practitioner or furnished incident to an FQHC service). This does not include venipuncture, which is included in the pharmacy cost center when furnished by the FQHC.

Line 62 - Radiology - Diagnostic.--This cost center includes the technical component of radiological diagnostic tests such as x-rays and imaging services.

4409. WORKSHEET A-1 - RECLASSIFICATIONS

This worksheet provides for the reclassification of certain amounts to effect the proper cost allocation. The cost centers affected must be specifically identifiable in your accounting records. Use reclassifications in instances in which the expenses applicable to more than one of the cost centers listed on Worksheet A are maintained in your accounting books and records in one cost center.

Column 1.--Identify each reclassification adjustment by assigning an alpha character (e.g., A, B, C) in column 1. Do not use numeric designations.

Columns 2, 3, and 4.--For each increase reclassification, enter the corresponding cost center description in column 2, the Worksheet A cost center line number reference in column 3, and reclassification amount in column 4.

Columns 5, 6, and 7.--For each decrease reclassification, enter the corresponding cost center description in column 5, the Worksheet A cost center line number reference in column 6, and reclassification amount in column 7.

4410. WORKSHEET A-2 - ADJUSTMENTS TO EXPENSES

This worksheet provides for adjusting the expenses listed on Worksheet A, column 5. Make these adjustments, which are required under the Medicare principles of reimbursement, on the basis of cost, or amount received. Enter the total amount received (revenue) only if the cost (including the direct cost and all applicable overhead) cannot be determined. However, if total direct and indirect cost can be determined, enter the cost. Once an adjustment to an expense is made on the basis of cost, you may not, in future cost reporting periods determine the required adjustment to the expense on the basis of revenue. Enter the following symbols in column 1 to indicate the basis for adjustments: "A" for costs and "B" for amount received. Line descriptions indicate the more common activities which affect allowable costs or result in costs incurred for reasons other than patient care and, thus, require adjustments.

Types of items to be entered on this worksheet are (1) those needed to adjust expenses incurred, (2) those items which constitute recovery of expenses through sales, charges, fees, etc., and (3) those items needed to adjust expenses in accordance with the Medicare principles of reimbursement. (See CMS Pub. 15-1, §2328.)

If an adjustment to an expense affects more than one cost center, record the adjustment to each cost center on a separate line on this worksheet.

Columns 2, 3 and 4.--For each adjustment, enter the amount in column 2, enter the Worksheet A cost center line number reference in column 4, and enter the corresponding cost center description in column 3.

Lines 1 through 3.--Investment income on restricted and unrestricted funds which are commingled with other funds must be applied together against, but should not exceed, the total interest expense included in allowable costs. (See CMS Pub. 15-1, chapter 2.)

Apply the investment income on restricted and unrestricted funds which are commingled with other funds against the administrative and general, the capital-related - buildings and fixtures, the capital-related - moveable equipment and any other appropriate cost centers on the basis of the ratio that interest expense charged to each cost center bears to the total interest expense charged to all of your cost centers.

Line 7.--Enter the amount from Worksheet A-2-1, column 6, line 5.

Line 10.--Enter the amount which represents the allowable cost of the services furnished by Public Health Service personnel. Obtain this amount from your contractor.

Lines 11 and 12.--If depreciation expense computed in accordance with Medicare principles of reimbursement differs from depreciation expenses per your books, enter the difference on lines 11 and/or 12.

Line 13.--Enter RCE adjustment for teaching physicians. RCE limits apply to the portion of the teaching physician's salary associated with teaching residents (i.e., lecture time, time spent filling out resident evaluations, mentoring, and program development, etcetera as these activities are "direct GME" activities). See CMS Pub. 15-1, chapter 21.

Line 14 through 49.--Enter any additional adjustments required under the Medicare principles of reimbursement. Label the lines appropriately to indicate the nature of the required adjustments.

Line 50.--Enter the sum of lines 1 through 49. Transfer the amounts in column 2 to the appropriate lines on Worksheet A, column 6.

This worksheet provides for the computation of any needed adjustments to costs applicable to services, facilities, and supplies furnished to the FQHC by organizations related to the FQHC or costs associated with the home office. However, such cost must not exceed the amount a prudent and cost conscious buyer pays for comparable services, facilities, or supplies that are purchased elsewhere.

Column 6.--Enter the type of business of the related organization (e.g., medical drugs and/or supplies, janitorial services).

4412. WORKSHEET B - CALCULATION OF FEDERALLY QUALIFIED HEALTH CENTER COSTS

Worksheet B consists of two parts. Part I is used to summarize (1) the FQHC medical and mental health visits furnished by practitioners, including health care staff and physicians under agreement, and (2) apportion overhead costs to FQHC services to determine the cost per visit for a medical visit and a mental health visit, by practitioner. Part II is used to determine the FQHC's Medicare reimbursable direct GME costs, where applicable.

4412.1 Part I - Calculation of Federally Qualified Health Center Cost Per Visit.--The purpose of Part I is to establish the FQHC medical and mental health Medicare cost per visit.

Column 1.--Enter the total cost for each practitioner from Worksheet A, column 7 as indicated on the worksheet.

Column 2.--Enter the total medical and mental health visits actually furnished to all patients by each practitioner during the cost reporting period. Each visit to the FQHC by the beneficiary counts as a single visit, even in the case where a beneficiary returns to the FQHC in the same day for a subsequent illness or injury. A beneficiary can have up to three medical visits in a day to include the initial visit and two subsequent visits for illness or injury.

NOTE: Column 2, line 11 must equal Worksheet S-3, Part I, column 4, sum of lines 2 and 4. For each line 1 through 10, column 2 must equal the sum of columns 7 and 8.

Column 3.--Use this column to allocate costs associated with other direct care costs, sum of Worksheet A, column 7, lines 32, and 34 through 36. Calculate the unit cost multiplier (UCM) related to other direct care costs by dividing the sum of Worksheet A, column 7, lines 32, 34, 35, and 36, by Worksheet B, Part I, column 2, line 11, total medical and mental health visits, and enter the result on line 12. Calculate the costs for lines 1 through 10 by multiplying the visits on each corresponding line, column 2 times the UCM on line 12.

Column 4.--Use this column to allocate general service costs, on Worksheet A, column 7, line 13. Calculate the UCM by dividing Worksheet A, column 7, line 13, by Worksheet A, column 7, line 100 minus line 13, and enter the result on line 12. Allocate the general service cost attributable to each practitioner on lines 1 through 10, by multiplying the UCM times the sum of the amounts in columns 1 and 3, for each corresponding line.

Column 5.--Enter the sum of columns 1, 3, and 4 for each practitioner.

Column 6.--Calculate the average cost per visit by each practitioner by dividing the total cost in column 5 by the total visits in column 2. Enter the result in column 6.

Column 7.--Enter the total number of medical visits, included in column 2, provided to all patients by each practitioner during the cost reporting period.

Column 8.--Enter the total number of mental health visits, included in column 2, provided to all patients by each practitioner during the cost reporting period.

Column 9.--Enter the total number of medical visits provided to Medicare beneficiaries by each practitioner during the cost reporting period.

Column 10.--Enter the total number of mental health visits provided to Medicare beneficiaries by each practitioner during the cost reporting period.

NOTE: Worksheet S-3, Part I, column 2, line 2, must equal column 9, line 11; and Worksheet S-3, Part I, column 2, line 4, must equal column 10, line 11.

Column 11.--Calculate the Medicare cost per medical visit by practitioner by multiplying the average cost per visit in column 6 by the Medicare visits in column 9.

Column 12.--Calculate the Medicare cost per mental health visit by practitioner by multiplying the average cost per visit in column 6 by the Medicare visits in column 10.

Line 11.--Enter the sum of lines 1 through 10 for the applicable columns.

Line 13, column 6.--Calculate the FQHC average cost per visit by dividing column 5, line 11 by column 2, line 11.

Line 13, column 11.--Calculate the Medicare average cost per medical visit by dividing column 11, line 11 by column 9, line 11.

Line 13, column 12.--Calculate the Medicare average cost per mental health visit by dividing column 12, line 11 by column 10, line 11.

4412.2 Part II - Calculation of Allowable Direct Graduate Medical Education Costs.--The purpose of Part II is to calculate the allowable cost of direct GME costs that will be reimbursed by the Medicare program.

Column 1.--Enter the total amount of direct GME cost from Worksheet A, column 7, line 47.

Column 2.--Enter the total number of visits performed by interns and residents from Worksheet S-3, Part I, line 6, column 4.
