Instructions for OMB Reviewer

This information collection request includes four field interview guides (Appendices B-E). Many questions are identical or similar across these interview guides. To help reviewers know which questions are shared across all guides, we have included a parenthetical note (e.g., “Question Asked in All Interview Guides”) for each question that is asked across all four field interview guides. An asterisk indicates that the corresponding question contains small differences from the other guides, but the question is still very similar across all interview guides.

Below are some examples to illustrate what we mean:

Example 1: What is your official job title? **(Question Asked in All Interview Guides)**

Example 2: Do you have to report information to any funders or government bodies (e.g., legislature, governor, county executives, etc.)? If so, which? And what information? **(Question Asked in All Interview Guides*)**

Introduction: We are members of the research team conducting the study “Understanding the Intersection Between TANF and Refugee Cash Assistance Services.” The study is funded by the Administration for Children and Families in the U.S. Department of Health and Human Services. Its purpose is to learn how state and local systems are serving refugees through TANF and the Refugee Cash Assistance (RCA) programs, how these programs intersect, and how these programs may be related to refugee self-sufficiency and employment outcomes. As part of the study, we are visiting a number of sites across the country where refugees have been resettled and access public benefits and services. We are talking with individuals who help implement or operate the programs and services accessed by refugees in these communities.

Before beginning our discussion, we want to thank you for agreeing to talk with us today. We know you are busy and will try to be as focused as possible. The interview will take about 90 minutes. Your participation is voluntary, and there are no penalties for choosing not to take part in the interview. Although your answers are important to the study, you can refuse to answer any questions or stop the interview at any time. Our aim is to learn from your insights and experience, not to audit or judge your agency or programs. Your answers will be kept private to the extent permissible by law. However, because of the relatively small number of organizations participating in the study, there is a possibility that a response could be correctly attributed to you. Information you provide will not be shared with other staff at your program or organization. Only the study team will have access to the information you provide through this interview. Your name will not be listed in any published reports, and comments will not be attributed to you. Instead, your information will be combined with information provided by others.

The Paperwork Reduction Act Statement: This collection of information is voluntary and will be used to document changes in program operations or the provision of services for resettled refugees, as well as implementation challenges. Public reporting burden for this collection of information is estimated to average 90 minutes per response, including time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection is 0970-XXXX and it expires XX/XX/XXXX. Please send comments about this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Abt Associates, 4550 Montgomery Avenue, Suite 800 North, Bethesda, Maryland 20814, Attn: Robin Koralek OMB-PRA 0980-XXXX.

Please note that throughout this guide, we generally use the term “refugee” to refer to all populations eligible for refugee services, including refugees, asylees, Cuban-Haitian entrants, and Special Immigrant Visa (SIV) holders.
