TERMS AND CONDITIONS OF THIS BOND

PURPOSE: The above principal/obligor has filed an application to operate as a manufacturer of tobacco products or an export warehouse proprietor, or the above principal/obligor has filed this bond to qualify as a manufacturer of cigarette papers and/or tubes.

DEFINITIONS:

Principal: A person who is engaged or intends to engage in a business as a manufacturer of tobacco products, an export warehouse proprietor, or a manufacturer of cigarette papers and tubes covered by a surety bond.

Obligor: A person who is engaged or intends to engage in a business as a manufacturer of tobacco products, an export warehouse proprietor, or a manufacturer of cigarette papers and tubes covered by a collateral bond.

Collateral bond: A bond secured by tangible assets such as cash, or United States Treasury Bond or Note.

CONDITIONS: The person who is engaged, or intends to engage, in a business as a manufacturer of tobacco products, an export warehouse proprietor, or a manufacturer of cigarette papers and tubes is identified in items 1 through 5. Item 2 identifies the premises where such person is engaged, or intends to engage, in business as a manufacturer of tobacco products, an export warehouse proprietor, or manufacturer of cigarette papers and tubes. We, the manufacturer of tobacco products, export warehouse proprietor, or manufacturer of cigarette papers and tubes, and the corporate surety, stated in item 11 on this bond, promise to pay the amount of this bond in lawful money of the United States to the United States of America. This bond firmly binds us individually, our heirs, executors, administrators, successors, and assigns.

LIABILITY: I, as the person who is engaged, or intends to engage, in the business as a manufacturer of tobacco products, an export warehouse proprietor, or a manufacturer of cigarette papers and tubes, agree to pay the taxes, including penalties and interest, for which I become liable to the United States under Chapter 52 or Section 7652 of Title 26 of the United States Code and promulgating regulations. Until such payments have been made, this bond remains in full force and effect for the business identified in items 1 through 5 of this form. Furthermore, I agree that an installment agreement to pay such taxes between the United States and myself does not affect the United States' ability to pursue remedies against me under this bond.

COMPLIANCE: If I or the corporate surety do not comply faithfully in all respects with such laws and regulations identified in the above paragraph, this bond remains in full force and effect for the business identified in items 1 through 5 of this form.

CHANGES WHILE BOND IS IN EFFECT: As a manufacturer of tobacco products or an export warehouse proprietor, I agree that this bond extends and applies to any change that requires me to file an application for a new or amended permit. As a manufacturer of cigarette papers and tubes, I agree that this bond extends and applies to any

change which would require me to file an extension of coverage of bond, which would include a change in location.

DEFAULT: If the principal of a surety bond fails to fulfill any of the terms or conditions of this bond, the United States may seek compensation and pursue its remedies independently from either the principal or surety, or jointly from both. The surety hereby waives any right or privilege it may have of requiring, upon notice, or otherwise, that the United States will first commence action, intervene in any action of any nature whatsoever already commenced or otherwise exhaust its remedies against the principal.

If the Obligor of a collateral bond fails to fulfill any of the terms or conditions of this bond, the United States may apply any outstanding tax liability (including any penalties or interest) against the collateral deposited. TTB may use this bond's collateral to satisfy any of my liabilities under this bond. This authorization is irrevocable.

RELIEF OF CORPORATE SURETY: TTB may relieve a corporate surety from liability under this bond if the corporate surety complies with the applicable regulations; however, the corporate surety remains liable for any obligations incurred before the date that TTB relieves the corporate surety in writing from liability under the bond. The surety may at any time give notice in writing to the principal and to TTB that it desires to be relieved as to any future liability incurred by the principal. The notice must be executed for the surety by an authorized officer or by an empowered attorney-in-fact. The notice must be accompanied by proof of service on the principal. The bond must be terminated as to future liability upon the expiration of 90 days after the date on which TTB acknowledges in writing to the surety that TTB has received proof that the principal has been properly notified. The surety must not be liable for any obligations that the principal incurs on and after the termination date of the bond. After the bond is terminated, the surety must remain bound with respect to any liability for unpaid taxes, penalties and interest, not in excess of the amount of this bond, incurred by the principal prior to the termination date of this bond.

BOND EFFECTIVE DATE: If accepted by the United States, the bond will be effective according to its terms on and after the date without notice to the principal/obligor. Provided, that if no effective date is inserted in the space provided, the date of execution will be the effective date of the bond.
