# High School Longitudinal Study of 2009 (HSL:09)

## Student Financial Aid Records Instrument

This appendix provides a facsimile of the High School Longitudinal Study of 2009 (HSL:09) student financial aid records instrument. As part of NCES' initiative to align the data elements requested from institutions across studies (thereby reducing burden on participating institutions), the HSL:09 student financial aid records instrument has been designed to be consistent with other upcoming student records instruments – specifically, the 2015-16 National Postsecondary Student Aid Study (NPSAS:16) and the 2012/17 Beginning Postsecondary Students Longitudinal Study (BPS:12/17) student records collections. The facsimile presented in this appendix is consistent with the student records instrument submitted for the NPSAS:16 full scale collection (OMB #1850-0666 v.16). Table 1 provides a summary of the changes to the content of the HSL:09 instrument when compared to the NPSAS:16 full scale instrument, the primary updates being to adapt items to collect data for multiple academic years (NPSAS only collects data for a single academic year, whereas HSL:09 will collect data for multiple years). Items that have been duplicated for collection of multiple academic years are listed as revised items in the table.

### PRA statement

The following PRA statement will be included on the data collection website:

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control numbers for the voluntary information collections using this website are listed below. The time required to complete the information collections is estimated to average the number of minutes or hours listed below per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection.

If you have any comments concerning the accuracy of the time estimate, suggestions for improving the collections, or any comments or concerns regarding the status of your individual submission of these data, please write to: Postsecondary Data Portal studies, National Center for Education Statistics, PCP, 550 12th St., SW, 4th floor, Washington, DC 20024.

A first-time beginning student is defined as an undergraduate student who enrolled in college for the first time at this institution between July 1, 2012 and June 30, 2017, and

- Has not completed a postsecondary class at this or any other postsecondary institutions prior to July 1, 2012; and
- Did not transfer credits into this institution, other than advanced placement (AP) credits, international baccalaureate (IB) credits, or any other postsecondary credit earned prior to high school completion.

Please note that this definition differs from the first-time full-time designation reported to IPEDS.

If class level was used to determine financial aid eligibility, report that class level for this item. Otherwise, report the class level as defined by your institution.

Institutions typically define class level based on the number of earned credits. An example of a commonly used classification:

0-29 earned credit hours for first-year/freshman  
 30-59 earned credit hours for sophomore  
 60-89 earned credit hours for junior  
 90+ earned credit hours for senior

If class level was used to determine financial aid eligibility, report that class level for this item. Otherwise, report the class level as defined by your institution.

Institutions typically define class level based on the number of earned credits. An example of a commonly used classification:

- 0-29 earned credit hours for first-year/freshman
- 30-59 earned credit hours for sophomore
- 60-89 earned credit hours for junior
- 90+ earned credit hours for senior

If class level was used to determine financial aid eligibility, report that class level for this item. Otherwise, report the class level as defined by your institution.

Institutions typically define class level based on the number of earned credits. An example of a commonly used classification:

- 0-29 earned credit hours for first-year/freshman
- 30-59 earned credit hours for sophomore
- 60-89 earned credit hours for junior
- 90+ earned credit hours for senior

Help Text

Enter the student's enrollment status in [term 12].

If enrollment status was used to determine financial aid eligibility, report that enrollment status for this item. Otherwise, report the enrollment status as defined by your institution.

Institutions typically define enrollment status based on the number of credit or clock hours attempted. For example, students who are enrolled as a **full-time student** typically carry at least

- 12 semester or quarter hours per term at the undergraduate level or 9 credit hours per term at the graduate level.
- 24 semester hours or 36 quarter hours per academic year for an educational program using credit hours for a program of less than one academic year.
- 24 clock hours per week for an education program using clock hours.

Help Text      Need-based grants are awarded on the basis of an applicant's financial resources. Merit-based grants are awarded on the basis of an applicant's talents, skills, demographic, geographic or other characteristics. If any part of the awarding criteria includes an applicant's financial resources, then the grant should be considered need-based.

## Help Text

Need-based grants are awarded on the basis of an applicant's financial resources. Merit-based grants are awarded on the basis of an applicant's talents, skills, demographic, geographic or other characteristics. If any part of the awarding criteria includes an applicant's financial resources, then the grant should be considered need-based.

Help Text      Need-based grants are awarded on the basis of an applicant's financial resources. Merit-based grants are awarded on the basis of an applicant's talents, skills, demographic, geographic or other characteristics. If any part of the awarding criteria includes an applicant's financial resources, then the grant should be considered need-based.
