<p>The National Teacher and Principal Survey (NTPS) is a redesign of the Schools and Staffing Survey (SASS) and is ED's primary source of information on the teacher and principal labor market and on what is happening in K-12 public schools from teachers' and principals' perspectives. NTPS is an in-depth, nationally representative survey of first through twelfth grade public school teachers, principals, and schools. Kindergarten teachers in schools with at least a first grade are also eligible for NTPS. Starting in 2015-2016, the NTPS will be conducted every two years utilizing core content and a series of rotating modules to allow timely collection of important education trends and conducting trend analyses. The NTPS is the Department's regular source of data on salaries, out-of-pocket expenses, qualifications, and race/ethnic and age distribution of teachers; along with salaries and race/ethnic and age distribution of principals; and school start times and student teacher ratios. The 2015-16 NTPS full-scale data collection was approved in June 2015. This submission updates the approved respondent communication materials.</p>
