

Pre-Discharge Compensation Claim

VA Form 21-526c
OMB 2900-0743

A. JUSTIFICATION:

- 1. Explain the circumstances that make the collection of information necessary. Identify legal or administrative requirements that necessitate the collection of information.**

The Department of Veterans Affairs (VA), through its Veterans Benefits Administration (VBA), administers an integrated program of benefits and services established by law for Veterans, service personnel, and their dependents and/or beneficiaries. Title 38 U.S.C. 5101(a) provides that a specific claim in the form provided by the Secretary must be filed in order for benefits to be paid to any individual under the laws administered by the Secretary. This form is used in a joint effort between VA and the Department of Defense (DoD) to expedite the process to determine VA disability compensation.

- 2. Indicate how, by whom, and for what purposes the information is to be used; indicate actual use the agency has made of the information received from current collection.**

The Pre-Discharge Compensation Claim is used by service members to file claims under the Benefits Delivery at Discharge or Quick Start programs under Title 38 U.S.C. 5101(a).

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

VA Form 21-526c is available on the One-VA Website in a fillable electronic format. VBA is currently hosting this form on a secure server and does not currently have the technology in place to allow for the complete submission of the form. Validation edits are performed to assure data integrity. There currently is no utility process in place that will allow the data submitted on the form to be incorporated with an existing centralized legacy database.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency which maintains the necessary information, nor is it available from other sources within our Department.

Pre-Discharge Compensation Claim

- 5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

The collection of information does not involve small businesses or entities.

- 6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently as well as any technical or legal obstacles to reducing burden.**

The Pre-Discharge Compensation Claim is used by service members to file claims under the Benefits Delivery at Discharge or Quick Start programs under Title 38 U.S.C. 5101(a). Without this information, VA would be unable to effectively administer this law.

- 7. Explain any special circumstances that would cause an information collection to be conducted more often than quarterly or require respondents to prepare written responses to a collection of information in fewer than 30 days after receipt of it; submit more than an original and two copies of any document; retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years; in connection with a statistical survey that is not designed to produce valid and reliable results that can be generalized to the universe of study and require the use of a statistical data classification that has not been reviewed and approved by OMB.**

There is no special circumstance requiring collection in a manner inconsistent with 5 CFR 1320.6 guidelines.

- 8. A. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the sponsor's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the sponsor in responses to these comments. Specifically address comments received on cost and hour burden.**

The Department notice was published in the Federal Register on October 21, 2015, Volume 80, No. 203, page 63878. No comments were received in response to this notice.

- b. Describe efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, clarity of instructions and recordkeeping, disclosure or reporting format, and on the data elements to be recorded, disclosed or reported. Explain any circumstances which preclude consultation every three years with representatives of those from whom information is to be obtained.**

This submission does not involve any recordkeeping costs.

Pre-Discharge Compensation Claim

9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.

10. Describe any assurance of privacy to the extent permitted by law provided to respondents and the basis for the assurance in statute, regulation, or agency policy.

11. Provide additional justification for any questions of a sensitive nature (Information that, with a reasonable degree of medical certainty, is likely to have a serious adverse effect on an individual's mental or physical health if revealed to him or her), such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private; include specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature.

12. Estimate of the hour burden of the collection of information:

- a. Number of Respondents is estimated at 161,000 annually.
- b. The time estimate to complete the form is 15 minutes.
- c. The annual hour burden is estimated at 40,250 hours.
- d. **If this request for approval covers more than one form, provide separate hour burden estimates for each form and aggregate the hour burdens in Item 13 of OMB 83-I.**

Frequency of Response is one time for this form.

- e. **Provide estimates of annual cost to respondents for the hour burdens for collections of information. The cost of contracting out or paying outside parties for information collection activities should not be included here. Instead, this cost should be included in Item 14 of the OMB 83-I.**

According to the U.S. Bureau of Labor Statistics Average Hourly Earnings, the cost to the respondent is \$25, making the total cost to the respondents an estimated \$1,006,250 (40,250 burden hours x \$25 per hour).

Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.

Estimated Costs to the Federal Government:

a. Processing/Analyzing costs	\$872,017
(GS-12/5 @ \$40.66 x 40,250 x 15/60 minutes = \$409,141)

Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.

The information collection is not for publication or tabulation use.

17. If seeking approval to omit the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.

We are not seeking approval to omit the expiration date for OMB approval.
