Export Health Certificate Request Form

(Merge Request)

September 2015

This is a request to merge the **Dairy Request for Applicant Number, 0581-0272**, into the currently approved 0581-0283 Export Health Certificate Request Forms. This action will keep all related forms in one ICR and prevent duplicity in burden data. Upon approval of this request, we will submit a discontinuation request for 0581-0272.

The only form in the 0581-0272 collection package is the DA-228 Request for Applicant Number:

100 respondents x 1 response per respondent x .05 hrs. per response = 5 burden hours to be merged into the 0581-0283 collection.
