

**Justification for Change**  
**Volunteer Application and Agreement for Natural and Cultural Resource Agencies**  
**0596-0080**

Volunteers represent the broad diversity of the American public and many international communities. The OF 301a, is used by Federal land management agency members of the Federal Interagency Team on Volunteerism as a position application to enroll volunteers and collect contact information, describe duties, project locations, schedules and other pertinent information.

To assist the broad diversity of volunteers to complete this form, the agency is requesting approval of a Spanish and Chinese version of this form.
