## Instructions

The NVLAP Laboratory Portal is a web-based application that allows a laboratory to securely submit its application over the Internet. You may use this system for all supporting documents required by the application.

The NVLAP Laboratory Portal is a way for a laboratory to apply for or renew its accreditation on-line in 4 easy steps:

1. Complete the General Application form
2. Complete the Program-Specific Application form for the program of interest
3. Upload the supporting documents for the accreditation
4. Make payment

Laboratories that apply for or renew their accreditations using the NVLAP Laboratory Portal do not have to mail a paper application to NVLAP. Supporting documents, such as quality manuals, may be securely uploaded through this web-based system.

Renewing labs should view and edit their current application information, which will be displayed on each section, and submit their supporting documents via the Documents section.

The application is not complete until you have pressed the **Submit Renewal** button on the Submission section.

Please contact [niwshelp@nist.gov](mailto:niwshelp@nist.gov) if you need assistance with your on-line application.

### Authorized Representative

Contact NVLAP if login account changes

The Authorized Representative is responsible for ensuring that the laboratory complies with the conditions and criteria for accreditation. This person's name will appear in NVLAP directories and on Scopes of Accreditation. The Authorized Representative will receive all NVLAP correspondence, receive proficiency testing materials and reports, and be contacted about on-site assessments.

Name		Edit

### Signatories

An Approved Signatory is recognized by NVLAP as competent to sign accredited laboratory calibration or test reports. The laboratory must designate one or more staff members as an Approved Signatory. The laboratory's Authorized Representative may, if appropriate, also serve as an Approved Signatory.

### Available Test Methods

▶ National Voluntary Laboratory Accreditation Program

There are about 2000 test and calibration methods that the applicant can select from. These are pulled from a database using search criteria.

### Selected Test Methods

Click on test methods below to update Test Method

**PN** = Test Method has Publish Notice, **LR** = Test Method has Lab Remark

**REQ** = Test Method is required, **PT** = Proficiency Test is required

### Request for Additional Test Methods

Are there additional test methods for accreditation that do not appear on the above test method selection list?

Yes  No

If **Yes**, please enter the test method designations and descriptions in the box below or attach as a *Scope Changes* in the Documents section. You will be contacted by a NVLAP Program Manager regarding the requested methods.

## Fees

**Please remit the Administrative/Technical Support Fee with this application: \$ 00.00.**

**This payment must be received by NVLAP before the accreditation process can begin.**

**Important! If you are a non-federal laboratory, you must complete a Memorandum of Understanding (MOU). In order for NIST Finance Office to collect your payment, an MOU must be completed and uploaded with your application. Please go to the following link to get the MOU document: [MOU Between Laboratory and NVLAP](#)**

**NVLAP Fee Payment Information:**

1. A laboratory that is enrolled in more than one laboratory accreditation program will receive a \$2,600 discount to the Administrative/Technical Support Fee for each additional LAP. Contact NVLAP for details.
2. An on-site assessment will be conducted before initial accreditation, during the first renewal year, and every two years thereafter. **Do not remit the On-Site Assessment Fee with this application.** You will be invoiced for this fee when an on-site assessment is scheduled to be performed.
3. Laboratories enrolled in accreditation programs that require proficiency testing will either [1] pay the provider of service directly (for testing conducted through outside services), or [2] pay NIST upon receipt of an invoice (for testing arranged by NVLAP).
4. For more information, please see the NVLAP Fee Structure at: <http://www.nist.gov/nvlap/nvlap-fee-policy.cfm>

**Please select the payment method and remit the Administrative/Technical Support Fee only.**

- Check.** Make check payable to: National Institute of Standards and Technology. Write "NVLAP" and your Lab Code (if assigned) on the check to ensure proper credit.
- Credit card or ACH.** Go to: <https://pay.gov/paygov/forms/formInstance.html?agencyFormId=31608926>
- Wire payment.** Send wire payment using the U.S. Department of Treasury FEDWIRE system. Contact NVLAP for details at [NVLAP@nist.gov](mailto:NVLAP@nist.gov)
- Purchase order.** Attach a copy of purchase order in the Documents section. The NIST Billing and Collections Department will invoice your laboratory for the total fee amount.
- Calibration State Laboratory.**

**Send payment information to:**

## Submission

### By clicking Submit Renewal you agree to the following terms and conditions

In order to become accredited and maintain accreditation, a laboratory shall agree in writing to:

1. comply at all times with the NVLAP requirements for accreditation as set forth in NIST Handbook 150 and relevant technical documents;
2. fulfill the accreditation procedure, especially to receive the assessment team, to pay the fees charged to the applicant laboratory whatever the result of the assessment may be, and to accept the charges of subsequent maintenance of the accreditation of the laboratory;
3. participate in proficiency testing as required;
4. follow NVLAP conditions for referencing accreditation status (NIST Handbook 150, Annex A);
5. resolve all nonconformities;
6. report to NVLAP within 30 days any major changes that affect the laboratory's:
  - legal, commercial, organizational, or ownership status,
  - organization and management; e.g., key managerial staff,
  - policies or procedures, where appropriate,
  - location,
  - personnel, equipment, facilities, working environment or other resources, where significant,
  - Authorized Representative or Approved Signatories, or
  - other such matters that may affect the laboratory's capability, or scope of accredited activities, or compliance with the requirements of NIST Handbook 150 and relevant technical documents;
7. return to NVLAP the Certificate of Accreditation and the Scope of Accreditation for revision or other action should it be requested to do so by NVLAP, or become unable to conform to any of these conditions.

In addition to the confidentiality provisions of NIST Handbook 150 paragraph 1.7, NVLAP, administered by NIST, and the laboratory seeking accreditation acknowledge and agree that the accreditation assessments and proficiency testing work done by NIST/NVLAP is done in accordance with the authority granted to NIST by Title 15 United States Code Section 3710a. The Parties further agree that to the extent permitted by law, NIST will protect information obtained during application, on-site assessment, proficiency testing, evaluation, and accreditation from disclosure pursuant to Title 15 USC 3710a(c)(7)(A) and (7)(B) for a period of five (5) years after it is obtained.

For the first five years that laboratory information is held by NVLAP, both confidentiality provisions will be in force — NIST Handbook 150 and 15USC3710a. Information in NVLAP's possession for more than five years will continue to be held in confidence under the provision of NIST Handbook 150.

As the applicant laboratory's **Authorized Representative**, I agree to the above conditions for accreditation. I attest that all statements made in this application are correct to the best of my knowledge and are made in good faith.
