

Dear XXXXX,

This message is a reminder that we have not yet received a completed “Burden of Canine Brucellosis Information Collection” from your laboratory. The collection is voluntary, though we hope that you will consider participating, as your responses will inform the planning of future public health research of *Brucella canis* human infections.

Please complete and submit the electronic assessment by **DATE**. Thank you in advance for your time and commitment to advancing our knowledge of *Brucella canis*.

Regards,

Rita Traxler
