Generic Information Collection (GenIC) #4: Speaker Request Form

Office of Communications (OC)
Centers for Medicare & Medicaid Services (CMS)

A. Background

All alternative payment models and payment reforms that seek to deliver better care at lower cost share a common pathway for success: providers, payers, and others in the health care system must make fundamental changes in their day-to-day operations that improve quality and reduce the cost of health care. Making operational changes will be viable and attractive only if new alternative payment models and payment reforms are broadly adopted by a critical mass of payers. When providers encounter new payment strategies for one payer but not others, the incentives to change are weak. When payers align their efforts, the incentives to change are stronger and the obstacles to change are reduced.

The Health Care Payment Learning and Action Network will bring together private payers, providers, employers, state partners, consumer groups, individual consumers, and many others to accelerate the transition to alternative payment models. These stakeholders have the opportunity to participate in workshops or learning sessions on increasing adoption of alternative payment models and other care delivery models.

B. Description of Information Collection

The Speaker Request form is used to collect information on requested speakers for LAN events. This form is posted on the LAN website and only those who are requesting a speaker complete the form. We anticipate 24 forms for 2016.

C. Deviations from Generic Request

No deviations are requested.

D. Burden Hour Deduction

We anticipate 24 respondents for 2016. Data will be collected via a web-based form. No incentives will be offered. The total approved burden ceiling of the generic ICR is 49,400 hours. We are requesting a total deduction of 6 hours from the approved burden ceiling (24 participants x 0.25 hours = 6 hours).

E. Timeline

Speaker requests are ad hoc.
