SUPPLEMENTARY INFORMATION:

I. Abstract

The National Register of Historic Places (National Register) is the official Federal list of districts, sites, buildings, structures, and objects significant in American history, architecture, archeology, engineering, and culture. National Register properties have significance to the history of communities, States, or the Nation. The National Historic Preservation Act of 1966 requires the Secretary of the Interior to maintain and expand the National Register, and to establish criteria and guidelines for including properties on the National Register. National Register properties must be considered in the planning for Federal or federally assisted projects, and listing in the National Register is required for eligibility for Federal rehabilitation tax incentives. The National Park Service administers the National Register. Nominations for listing historic properties come from State Historic Preservation Officers (SHPO), from Federal Preservation Officers (FPO), for properties owned or controlled by the United States Government, and from Tribal Historic Preservation Officers

(THPO), for properties on tribal lands. Private individuals and organizations, local governments, and American Indian tribes often initiate this process and prepare the necessary documentation. Regulations at 36 CFR 60 and 63 establish the criteria and guidelines for listing and for determining the eligibility of properties. We use three forms for nominating properties and providing documentation for the proposed listings:

- NPS Form 10-900 (National Register of Historic Places Registration Form).
- NPS Form 10-900-a (National Register of Historic Places Continuation Sheet).
- NPS Form 10-900-b (National Register of Historic Places Multiple Property Documentation Form).

This Notice provides additional information regarding the packages submitted to the NPS and to expand the details for our burden from the original Notice published on January 28, 2015 (80 FR 4589). The following are the five types of package submissions the NPS receives from the SHPOs, FPOs, and/or THPOs with the respective burden estimates broken down by state in Section II below:

- 36 CFR 60 and 63, National Register of Historic Places Registration Nomination Form; Continuation Sheet; NR Multiple Property Submission Multiple Property Documentation Form Submitted to State & Local Gov’t by Individuals or Households (Forms 10-900, 10-900-a and 10-900-b)—packages submitted by nonconsultants;
- Individual Nominations Submitted to State & Local Gov’t by Consultants (Forms 10-900 and 10-900-a)—Packages submitted by paid consultants;
- District Nominations Submitted to State and Local Gov’t by Consultants (Form 10-900 and 10-900-a)—Packages submitted by paid consultants;
- Nominations Submitted under Existing MPS Covers to State & Local Gov’t by Consultants (Forms 10-900 and 10-900-a)—Packages submitted by paid consultants; and

- Newly Proposed MPS Cover Document Submitted to State & Local Gov’t by Consultants (Forms 10-900-b and 10-900-a)—Packages submitted by paid consultants.

These forms and supporting documentation go to the State Historic Preservation Office (SHPO) of the State [or FPO, or THPO, respectively] where the property is located. The State Historic Preservation Officer, Federal Preservation Officer, or Tribal Historic Preservation Officer can take one of several options: Reject the property, ask for more information, (or in the case of the SHPO, list the property just with the State), or send the forms to us for listing on the National Register. An appeals process is also available to any person or local government for the failure or refusal of a nominating authority to nominate a property. Once NPS receive the forms, NPS conducts a similar review process.

Listing on the National Register provides formal recognition of a property’s historical, architectural, or archeological significance based on national standards used by every State. The listing places no obligations on private property owners, and there are no restrictions on the use, treatment, transfer, or disposition of private property.

DEPARTMENT OF LABOR

Employment and Training Administration

Comment Request for Information Collection for Monitoring of Short Time Compensation (STC) Grants for Program Implementation or Improvement and Promotion and Enrollment in the Program, Extension With Revisions

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Department of Labor (Department), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)]. This program helps ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

Currently, ETA is soliciting comments concerning the continuation of the collection of data, with revisions, concerning the monitoring of grants for the STC program beyond the current expiration date of 1/31/2016. The burden estimates were revised to account for the number of states that were awarded an STC grant(s). Additionally, previous burden estimates related to the temporary financing of STC payments by the Federal Government, applying for an STC grant(s), and applying to operate a temporary Federal STC program (for states without STC programs in state law), were removed as such estimates are not applicable beyond the current expiration date.

DATES: Submit written comments to the office listed in the addresses section below on or before August 25, 2015.

ADDRESSES: Send written comments to Lidia Fiore, Office of Unemployment Insurance, Room S-4524, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210. SUPPLEMENTARY INFORMATION:

I. Background

The enactment of Public Law 112-96 (The Middle Class Tax Relief and Job Creation Act of 2012, referred to hereafter as “MCTRJC” or “the act”) contains Subtitle D, Short-Time Compensation Program, also known as the “Layoff Prevention Act of 2012”. The sections of the law under this subtitle concern states that participate in a layoff aversion program known as short time compensation (STC) or work sharing. Section 2164 covers grants the Federal Government provided to states for the purpose of implementation or improved administration of an STC program, or for promotion and enrollment in the program. ETA has principal oversight responsibility for monitoring the STC grants awarded to state workforce agencies (SWA). As part of the monitoring process, SWAs submit a quarterly narrative progress report (QPR). The QPR serves as a monitoring instrument to track the SWA’s progress toward completing STC grant activities. ETA also needs to allow for this reporting for proper oversight of state STC programs.
