myRA is a new retirement savings program that helps you take control over your future

Is myRA right for me?

You should set up a myRA if ...

- ✓ You want to start saving for retirement.
- ✓ You're employed with no access to a retirement plan at work.
- ✓ You earn less than \$129,000 per year
(less than \$191,000 per year for married couples).

– **Danny**, of Columbia, MO

“I love how simple myRA is.”

“I just went to the myRA website, typed my information, and in just a few minutes, my account was opened. Then I went to my bank’s website to transfer funds to the myRA account – I even arranged for automatic transfers.

With myRA, I know money is growing without me having to think about it. And I don’t have to worry about any fees for withdrawing my savings if something happens and I need it right away.”

“I need to know that my savings are going to be there.”

“I’m not someone who likes to take big risks.

I like how this program is backed by the U.S. Treasury and guaranteed not to lose value.

I also like that the account is secure. You can never be too safe these days.”

“Now I can actually afford to start saving for retirement.”

“I’m still paying off my student loans, so I really didn’t think I could save, even though I knew that was important.

There was no cost to start an account, and there are no monthly fees.

I set it up so only \$25 a month comes out of my paychecks. That little bit adds up to a lot.”
