On Standard Form (SF) 180, second page, these changes have been made:

- In Section I, item 5, under "SERVICE NUMBER", "(if service was before July 1, 1969)" was changed back to "(If unknown, write "unknown")";
- In Section II, item 1, this sentence was bolded, "An UNDELETED DD214 is ordinarily required to determine eligibility for benefits";
- The second checkbox "Documents in Official Military Personnel File (OMPF) was removed and is no longer available; and
- In Section III, items 3 through 7 have been reformatted so instead of being all the way across the page, they are in two blocks as in previous versions of the SF 180.
