

Request for Approval under the “Generic Information Collection Plan for the Collection of Qualitative Feedback on the Service Delivery of the Consumer Financial Protection Bureau” (OMB Control Number: 3170-0024)

1. TITLE OF INFORMATION COLLECTION:

Loan Activity Report (LAR) Formatting Tool Testing and telephone feedback

PURPOSE:

To receive feedback on an excel spreadsheet created by CFPB that formats data into a pipe delimited text file in order to create a tool that will help smaller entities comply with the enhanced reporting requirements of the HMDA rules set to take effect in 2017

2. DESCRIPTION OF RESPONDENTS:

Banks who currently file Home Mortgage Disclosure Act (HMDA) data and use the data entry software provided by the Federal Financial Institutions Examination Council (FFIEC).

As part of this testing, an initial screening call will be held with each targeted bank to determine if they are the intended audience of this tool (see below) . If a bank is part of the intended audience, it still has the opportunity to “opt out” of testing if it so chooses at the end of the call.

As part of the testing, CFPB will send the excel spreadsheet and instructions to the bank. The bank can either use real data, dummy data, or a combination of both to test the excel spreadsheet. No data is sent to the CFPB.

Once the bank has completed its testing, there will be a follow up call to ask structured questions and discuss the bank’s feedback regarding the excel spreadsheet.
