Dear [FIRST NAME LAST NAME]:

[Mathematica Policy Research/Decision Information Resources] and the Food and Nutrition Service of the U.S. Department of Agriculture are doing a study to test some innovative strategies made in the Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) program in your state to help people find and keep jobs. About a year ago, while enrolling in SNAP employment and training services, you filled out paperwork, including a consent form, to participate in this study.

As you might remember, part of the study involves some short surveys by telephone over the next few years. This letter is to inform you that a trained interviewer from [Mathematica Policy Research/Decision Information Resources] will call in the next few weeks to ask you to do the [first/second] survey, for which you will receive a [\$30/\$40] MAX Discover® prepaid card after the survey is completed.

The survey will take about 32 minutes. All answers you give will be private, except as required by law. Your participation is voluntary and will not affect any government assistance you may receive now or in the future. The purpose of the survey is to learn more about how the new SNAP E&T services provided in your state are affecting the people who use them.

The telephone number that we have for you is [xxx-xxx-xxxx]. If that is the wrong number, please call us toll-free number at 1-8xx-xxx-xxxx to give us your correct telephone number. You can also use this number if you have any questions about the study. Please be sure to say you are calling about the SNAP E&T Pilots project.

Thank you in advance for your help with this important study. We look forward to speaking with you.

Sincerely,
