#### **INSTRUCTIONS** FOR THE FORM:

INFORMATION REQUIRED FOR U.S. VESSELS USED FOR COMMERCIAL FISHING FOR HIGHLY MIGRATORY SPECIES IN THE WESTERN AND CENTRAL PACIFIC FISHERIES CONVENTION AREA IN AREAS UNDER THE JURISDICTION OF ANY NATION OTHER THAN THE UNITED STATES

OMB No. 0648-0595

Expires: 01/31/2016

The owner or operator of any U.S. vessel that is used for fishing for commercial purposes for highly migratory species in the Western and Central Pacific Fisheries Convention Area in areas under the jurisdiction of a nation other than the United States is required to provide the information specified in this form. Note that "fishing" includes receiving fish in the course of a transshipment or supporting fish-harvesting vessels, such as by bunkering or providing supplies.

For the definitions of "commercial", "fishing", "highly migratory species", Western and Central Pacific Fisheries "Convention Area", "high seas fishing permit", and "WCPFC Area Endorsement", see the regulations at 50 CFR Part 300 Subpart O.

If any of the information specified in any section of this form is provided for the subject vessel on an application for a high seas fishing permit under 50 CFR Part 300 Subpart B, or an application for a WCPFC Area Endorsement under 50 CFR Part 300 Subpart O, it need not be provided on this form, provided that the high seas fishing permit and/or WCPFC Area Endorsement is valid and the information provided therein is true, accurate, and complete. See the instructions for Section 2 below for detailed instructions.

If there are any changes to the information provided after this form has been submitted, you must inform the National Marine Fisheries Service (NMFS) in writing of the changes within 15 days of the changes. This may be done by submitting to NMFS another copy of this form that indicates the updated information.

If there are any material changes to the form or appearance of the vessel after this form has been submitted, such as being painted another color, being renamed, or undergoing a structural modification, you must inform NMFS and submit a new photograph of the vessel within 15 days of the changes.

## **SECTION 1. VESSEL INFORMATION**

Enter the U.S. Coast Guard Official Documentation Number assigned to the vessel. If the vessel is not USCG-documented, enter the vessel's current state or tribal registration number.

Enter the current name of the vessel.

Indicate whether or not an International Radio Call Sign (IRCS) has been assigned to the vessel (by the Federal Communications Commission), and if so, write in the IRCS.

# **SECTION 2. HIGH SEAS FISHING PERMITS**

Check the "yes" box to indicate that a high seas fishing permit for the subject vessel has been issued under 50 CFR Part 300 Subpart B, or if such a permit has been applied for, or if you are applying for such a permit at the same time as submitting this form. Otherwise check the "no" box. If you check "yes" you may skip Sections 3-6, provided that all the information provided in the high seas fishing permit application is true, accurate, and complete.

Check the "yes" box to indicate that a WCPFC Area Endorsement for the subject vessel has been issued under 50 CFR Part 300 Subpart O, or if such an endorsement has been applied for, or if you are applying for such an endorsement at the same time as submitting this form. Otherwise check the "no" box. If you check "yes" you may skip Sections 3-11, provided that all the information provided in the WCPFC Area Endorsement application is true, accurate, and complete.

OMB No. 0648-0595

Expires: 01/31/2016

#### **SECTION 3.**

Enter the number of crew members (including officers) the vessel normally carries.

Enter the total horsepower delivered to the main propeller shaft(s).

#### **SECTION 4. FISHING VESSEL TYPE**

Indicate the fishing vessel type that best describes the vessel. Check only one box. Under the category of "SUPPORT VESSELS", "Supply Other" refers to support vessels that provide supplies, provisions, or other items aside from fuel. If the vessel type is not included in the list provided, describe the vessel type under the OTHER TYPES OF VESSELS category.

#### SECTION 5. VESSEL OWNERSHIP INFORMATION

If the vessel is owned by a corporation, enter the company name, date of incorporation, business address, and telephone and fax numbers.

If the vessel is owned by an individual or partnership, enter the names of all owners and the address, telephone, and fax information for each owner (if more than one owner, attach required information for each additional owner on separate paper).

#### **SECTION 6. PREVIOUS VESSEL FLAGS AND NAMES**

Indicate whether the vessel has flown the flag of a nation other than the United States within the last three years. If yes, provide the additional information requested.

## **SECTION 7. FISH HOLD AND FREEZER INFORMATION**

Enter the vessel's total fish hold capacity, in either cubic meters or short tons.

Indicate all the refrigeration/freezer type(s) on board the vessel that are used for the catch (ignore freezers and refrigerators used only for bait and other non-catch items). For each type used, enter the number of units on board and their capacity, as follows:

If the vessel uses an *ice* system (including ice slurry), indicate the number of ice-making units on board and the total ice-making capacity, expressed as the number of short tons of ice that can be produced per 24-hour period. If the vessel uses ice produced shoreside and does not have an ice-maker on board, the "ice" box should be checked and "0" should be entered for number of ice-making units and ice-making capacity.

If the vessel uses a *brine* system, indicate the number of chiller units on board and the nominal size of each chiller unit, expressed in short tons.

If the vessel uses an *RSW* (refrigerated seawater) system, indicate the number of chiller units on board and the nominal size of each chiller unit, expressed in short tons. If seawater is cooled with ice to make an ice slurry, check the "ice" box, not the "RSW" box.

OMB No. 0648-0595

Expires: 01/31/2016

If the vessel uses a *blast* freezer system, indicate the number of freezer units on board and the nominal size of each chiller unit, expressed in short tons.

If the vessel uses a *plate* freezer system, indicate the number of freezer units on board and the total fish-freezing capacity of the system, expressed as the number of short tons of fish that can be frozen per 24-hour period.

If the vessel uses a *tunnel* freezer system, indicate the number of freezer units on board and the total fish-freezing capacity of the system, expressed as the number of short tons of fish that can be frozen per 24-hour period.

If the vessel uses a refrigeration/freezer type not listed above, indicate the refrigeration/freezer type, the number of units on board, and the total fish-freezing capacity of the system, expressed as the number of short tons of fish that can be chilled or frozen per 24-hour period.

#### **SECTION 8. FISHING METHODS**

Check the boxes for all the fishing gears used or intended to be used. Check at least one box unless the vessel is a carrier, bunker, or other support vessel and it is not used to harvest fish. If the fishing gear(s) is not included in the list provided, check the box for "Other type(s) of gears" and describe the fishing gear(s).

# **SECTION 9. VESSEL COMMUNICATION TYPES AND NUMBERS**

For each communication type listed, check the "yes" or "no" box to indicate whether the communication type is available on the vessel. For each available communication type except "single sideband radio", enter the mobile number, email address, or satellite telephone number, as appropriate. For each available communication type other than "satellite telephone number (other than Inmarsat)" and "single sideband radio", circle the Inmarsat service used (B, C, M, Mini-M, F, or other), and in the case of "other", specify the service.

#### **SECTION 10. VESSEL OPERATOR INFORMATION**

Enter the full name and country of citizenship of the vessel operator or operators. "Operator" means the master or other individual on board and in charge of the vessel. If it is anticipated that the vessel will be operated by more than one individual, as many as four individuals may be listed.

#### **SECTION 11. COLOR PHOTOGRAPH OF VESSEL**

This form must be accompanied by a full-color photograph of the vessel in its current form and appearance, in either electronic or paper format. If a photograph has already been provided to NMFS as part of an application for a high seas fishing permit or a WCPFC Area Endorsement, an additional photograph does not have to be submitted with this application, provided that the photograph meets the specifications described below. If the appearance of the vessel materially changes after this form and the photograph have been submitted (including, but not limited to, the vessel is painted another color, the vessel is renamed, or the vessel undergoes a structural modification) or if the photograph becomes more than five years old, you must inform NMFS and

submit a new photograph of the vessel within 15 days of the change or of the photograph becoming five years old.
