## INSTRUCTIONS

This form must be completed and submitted to the National Marine Fisheries Service (NMFS) at the address given above to provide ownership information for individuals or businesses applying for or renewing: a quota share (QS) permit and account, a vessel account, a mothership (MS) permit, or a mothership catcher vessel (MS/CV) endorsed limited entry permit. Ownership interest information will assist NMFS in determining compliance with accumulation limits for ownership and control under the trawl rationalization program. Any individual or business applying for or renewing any of the above permits, accounts, or endorsements must document those individual persons that have an ownership interest in the amount of greater than or equal to 2 percent.

Please type or print legibly in ink. Attach additional sheets as necessary. Sign in ink, have your signature notarized, keep a copy for your records and mail the completed form to the address listed above.

### **Section A – Permit or Vessel Owner Identification**

- **Field 1. Permit Number or Vessel Name and USCG or State Registered Vessel Number:** If you are submitting an ownership interest form with an application or renewal for a QS permit and account, or a renewal for an MS permit or MS/CV endorsed limited entry permit, list the permit number. If you are submitting an ownership interest form with an application or renewal for a vessel account, please provide the name of the vessel and its USCG or state registered vessel number.
- **Fields 2-3. Legal Name of Permit or Vessel Owner and TIN or DOB:** Enter the name of the business entity or individual that owns the permit or vessel. If a business entity, list tax identification number (TIN). If an individual person, list date of birth (DOB) using the format mm/dd/yyyy.
- **Field 4. State Registered In (if business):** If a business entity, list the state where that entity was established and is currently recognized as active.
- **Field 5. Business Mailing Address:** Enter the business mailing address, including street or PO Box number, city, state, and zip code where the item(s) should be sent. This information should match the information provided on the application or renewal form.
- **Field 6-8. Business Phone/Fax/Email:** List the business telephone and fax numbers, including area codes; fax number and email are optional. This information should match the information provided on the application or renewal form.

### **Section B – Identification of Shareholders and Partners**

The intent of Section B (Parts 1 and 2) is to identify all of the individuals who control the business and their percent of ownership interest. Use as many pages as needed to list each entity down to the individual level. Please note that only ownership interest for shareholders with greater than or equal to 2% ownership interest in the business entity must be reported.

- **Part 1 – first level**  
Part 1 must be filled with the business entities or individuals listed in Section A. List the TIN for business entities and the date of birth (DOB) for individuals. List the mailing address (if different than Section A), and the % ownership interest in the permit as listed in Section A. Please see examples below.

- **Part 2 – second level**

If Part 1 included any business entities, Part 2 should be completed. For example, if Part 1 listed a business entity and an individual, only the business entity would need to be entered into Part 2. If the business entity is able to be listed to the individual level in Part 2, no further identification is needed. However, if Part 2 includes a business entity, you will need to list this ownership behind this entity. All business entities owning 2% or greater interest in the permit or vessel must be listed to the individual level. Please see examples below and print additional pages and write in “third level”, “fourth level”, etc. if needed.

**Section C – Small Business Certification**

As part of various rulemakings related to the Pacific Coast groundfish fishery, the National Marine Fisheries Service (NMFS) is required to analyze the effect of such regulations. To assist with these Regulatory Impact Reviews (RIR)/Initial Regulatory Flexibility Analyses (IRFA), NMFS must determine if permit and license owners participating in the fishery are big businesses or small businesses as defined by the Small Business Administration.

Small businesses. The Small Business Administration has established size criteria for all major industry sectors in the US, including fish harvesting and fish processing businesses. The SBA also has established “principles of affiliation” to determine whether a business concern is “independently owned and operated.” In general, business concerns are affiliates of each other when one concern controls or has the power to control the other or a third party controls or has the power to control both.

- **A business involved in fish harvesting** is a small business if it is independently owned and operated and not dominant in its field of operation (including its affiliates) and if it has combined annual receipts not in excess of \$19.0 million for all its affiliated operations worldwide.
- **A seafood processor** is a small business if it is independently owned and operated, not dominant in its field of operation, and employs 500 or fewer persons on a full time, part time, temporary, or other basis, at all its affiliated operations worldwide.
- **A business involved in both the harvesting and processing of seafood products** is a small business if it meets the \$4.0 million criterion for fish harvesting operations.
- **A wholesale business servicing the fishing industry** is a small business if it employs 100 or fewer persons on a full time, part time, temporary, or other basis, at all its affiliated operations worldwide.
- **For marinas and charter/party boats**, a small business is one with annual receipts not in excess of \$7.0 million.

Small organizations. The Regulatory Flexibility Act defines **small organizations** as any nonprofit enterprise that is independently owned and operated and is not dominant in its field.

Small governmental jurisdictions. The Regulatory Flexibility Act defines **small governmental jurisdictions** as governments of cities, counties, towns, townships, villages, school districts, or special districts with populations of less than 50,000.

Are you a small business, small organization, or small governmental jurisdiction according to the standards outlined above? **Please check one box.**

**YES**     **NO**
