

AMERICAN SAMOAN LONGLINE COST-EARNINGS QUESTIONNAIRE 2015**This is a voluntary survey.**

Hello, please help us (NOAA) to better understand the importance of longline fishing in American Samoa. Your details of fishing expenditures are important to ensure accurate results. We want to best represent American Samoa fishermen, and we can only do that by hearing from as many fishermen as possible. While your response is voluntary, we hope that you can help us in this research.

Paperwork Reduction Act Statement. Public reporting burden for this collection of information is estimated to average 30 minutes per response including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other suggestions for reducing this burden to NOAA IRC, NMFS/PIFSC/DO/Dr. Minling Pan, 1845 Wasp Blvd., Building 176, Honolulu HI 96818. The information you provide will remain strictly confidential as required by section 402(b) of the Magnuson-Stevens and NOAA Administrative Order 216-100, Confidentiality of Fisheries Statistics, and will not be released for public use except in aggregate statistical form without identification as to its source. We will combine your responses with information provided by other participants, and report it in summary form so that responses for any individual vessel cannot be identified. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
