Department of Health and Human Services Centers for Disease Control and Prevention OMB Approved 0920-0900 Exp XX/XX/XXXX

## **Ebola Exposure Questionnaire for Airline Passengers**

<u>Directions: Please fax completed form to Ebola Airline Investigation at fax # 404.718.2158 after both initial interview and completion of final disposition.</u>

\*\*\*Note: If contact develops a fever ≥100.4° F or other symptoms of Ebola, immediately call EOC at 770.488.7100.

Da	te of initial interview://	_Interviewed by:			
Int	erviewer's Agency:	Interviewer's Phone Number:			
Int	erviewer's Email:				
Pa	ssenger Information:				
1.	First Name:	_ Last Name:			
	Date of Birth:	Sex:			
	Country of Citizenship:	Country of Residence:			
	What are interviewee's travel plans through 21 days after potential flight exposure:				
	Street Address for next 21 days:  City: State:				
	Work:	OGII			
	What flight(s) was the interviewee on with the index case? : Provide complete flight information-including flight number, flight origination and destination				
	First flight:				
	Assigned seat number:	Did interviewee move to a different seat?  \[ Yes \] No			
	If yes, which seat did interviewee move to	)?			

	Document length of time in each seat:				
	Did interviewee have any interactions with sick passengers from this flight(s)?				
	If yes, describe this event including description of the ill passenger or their identity if known, location of				
	the event, degree of contact (talking, touching, etc.) and length of time:				
3. Did interviewee have direct contact with blood or other body fluids (including but not limite					
	saliva, sweat, urine, and vomit) of any passengers during the flight(s) mentioned above?				
Yes No (If no, skip to question 4)					
If yes, describe the contact including location in the plane of the body fluid and any other individinvolved:					
If yes, with which body fluids did interviewee come into contact? (Check all that apply)					
Tears Saliva Respiratory secretions (cough and sneeze droplets)					
	☐ Vomit ☐ Urine ☐ Blood ☐ Feces ☐ Sweat				
If yes, did these fluids come in contact with the interviewee's (Read below and check all that					
	Intact skin				
	Broken skin (fresh cut or scratch which bled within 24 hours before the contact; burn or				
	abrasion that had not dried)				
	Mucous membrane contact (eyes, nose or mouth)				
	Other (Specify):				
	Were there any incidents during or after the flight(s) that the interviewee can recall when other				
4. Were there any incidents during or after the flight(s) that the interviewee can recall when other individuals were in contact with a person's blood and/or body fluids?					
Yes No					

Did interviewee experience a	interviewee experience any symptoms (fever, body aches, abdominal pain, diarrhea, rash, sore				
roat, severe headache, vomiting, weakness, unusual bruising or bleeding) since the flight with the dex case?					
f yes, which of the following symptoms did the interviewee experience since the flight with the index					
ase, and what were the onset date and duration of symptoms (check all that apply and list					
onset/duration)?					
	Symptom onset (MM/DD/YY)	Duration (in days)			
Fever ≥100.4° F					
Sore throat					
Body aches/muscle pain					
Severe headache					
Abdominal pain					
Vomiting					
Diarrhea					
Weakness					
Rash					
Description of rash					

6.	Has interviewee travelled within the last 21 days to Sierra Leone, Guinea, Liberia, or another country			
	experiencing widespread transmission of Ebola? $\square$ Yes $\square$ No			
	If yes, to which countries did the interviewee travel (check all that apply)?			
	Sierra Leone Guinea Liberia Other			
	If any of the above countries are selected, please notify CDC by calling EOC at 770.488.7100.			
	Interviewee will need to complete additional interview with CDC SME involving in-country exposure risk.			
Cla	assification of interviewee risk. After the HD has completed the interview, CDC will assign a risk level			
an	d communicate follow up recommendations to the HD. <u>Call the EOC and ask to speak to Air Contact</u>			
<u>Inv</u>	vestigation Team after the interview to complete this process. Refer to			
<u>htt</u>	p://www.cdc.gov/vhf/ebola/exposure/monitoring-and-movement-of-persons-with-exposure.html for			
ad	ditional information.			
Fo	llow-up Actions (check all actions taken for this contact):			
	Active Monitoring: state or local public health authority checks with potentially exposed individual			
	daily to assess for the presence of symptoms and fever (ie: via phone or other communication)			
	Direct Active Monitoring: public health authority conducts active monitoring through direct			
	observation			
	Ebola Symptoms (fever, body aches, abdominal pain, diarrhea, rash, sore throat, severe headache,			
	vomiting, weakness, unusual bruising or bleeding)			
	Referred for medical evaluation due to presence of symptoms			
	Where was (s)he referred?			
	What was the outcome?			
	Was (s)he tested for Ebola?			
	Declined medical evaluation after it was recommended			
	Placed under conditional release			
	Placed under state issued guarantine order			

Controlled movement: exclusion from all long-distance and local public conveyances (aircraft, ship					
train, bus and subway)					
Exclusion from public places (e.g., shopping centers, movie theaters), and congregate gathering
