

# Transportation and Health Tool Website User Satisfaction Assessment Attachment 3 - Online Survey of Webinar Registrants Screenshots

## Transportation and Health Tool Survey

Form Approved  
OMB No. 0923-0047  
Exp. Date: 12/31/2018

Welcome!

We are conducting a survey to find out about user's satisfaction and experiences with the Transportation and Health Tool website, which was developed by the Centers for Disease Control and Prevention (CDC) and the US Department of Transportation (USDOT). We are contacting people who registered for a webinar about the Transportation and Health Tool (THT) to participate in the survey. This survey is being conducted by Shattuck and Associates, an independent planning and evaluation company. We are working with the American Public Health Association (APHA) on an evaluation of the THT. The information you provide will be used to improve the THT.

The survey should take about 10 minutes to complete. You will be asked questions about your experiences and satisfaction with the THT.

We value your feedback so please read each question carefully and let us know what you think. We want you to know that:

- Your participation in the survey is voluntary
- Any information you provide is secure and will be reported in aggregate with other respondents
- We do not collect identifying information such as your name, email, or IP address

Please note that we will use the following abbreviations throughout the survey:

- THT = Transportation and Health Tool
- CDC = Centers for Disease Control and Prevention
- US DOT = United States Department of Transportation
- APHA = American Public Health Association

Thank you in advance for your time. Please contact me if you have any questions about the survey.

Click "**Next**" to continue to the survey.

Sandy Saperstein, PhD, Project Director  
sandy@shattuckandassociates.com

---

CDC estimates the average public reporting burden for this collection of information as 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden statement or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road, MS D-74, Atlanta, GA 30333, ATTN: PRA (0923-0047).
