## F. FAMILY HISTORY OF CANCER

Next we have some questions asking if any of your family members were diagnosed with cancer. These questions only apply to your biological or "blood" relatives, both living and deceased, including your mother, father, or any of your sisters, brothers, daughters or sons Please do not include adoptive or step-parents or adopted or step-children or half-siblings. If you are unsure about how to answer these questions, try to provide as much information as you can recall. For example, if you do not know an exact age of diagnosis, an estimate such as "late 40 s " is still helpful. If you cannot even estimate a response, just say "Don't know."
