The Cooperative Agreement allows each Sponsoring Agency of a US&R task force the opportunity to maintain a high standard and condition of operational readiness and includes guidance on key areas for task force management to focus on continued preparedness efforts.

The Cooperative Agreement provides direction to the US&R task force Sponsoring Agency for the use of funding to provide: administrative and program management, training, support, equipment cache procurement, maintenance and storage. This workbook is designed for use by the Sponsoring Agencies of all current task forces within the US&R Response System when applying for the US&R Readiness Cooperative Agreement solicitation.

Equipment

Notes for Equipment Section

Your agency is authorized to purchase equipment as listed in the approved DHS/FEMA 2015 US&R Task Force Equipment Cache List, or any subsequently approved DHS/FEMA US&R Equipment list. Task Force personnel are reminded and directed not to exceed quantity and/or cost caps as listed on the cache list. Task Force must follow department procurement regulations, which are in accordance with 2 CFR Part 200 to ensure reasonable prices are obtained. The US&R Program Office and the Grants Office Assistance Officer must provide written approval for any other equipment not identified on approved cache list(s), in program guidance, or specifications. Those Task Forces who maintain an IST Medical Cache are to include the appropriate amount below for replacement of equipment and pharmaceuticals.

However, due to the dynamic program, the requirements for these items (within the amount approved at time of award for this object class) may change. Any changes to listed items will be reflected in the Performance Reports, noting the reason for the change and the Task Force will not be required to submit a budget change if items are on the approved cache lists, noted in the statement of work, or authorized by program guidance or directives. Rolling or floating equipment requires the specifications to be submitted to the US&R Branch/Grants Assistance Officer for prior approval. The general definition of "Equipment" out of the CFR is: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost which equals or exceeds the lesser of the capitalization level established by the governmental unit for financial statement purposes, or \$5000.

Equipment

These are the items our Task Force anticipates requiring for this Cooperative Agreement under the equipment object class within the Equipment Program Category. However, due to the dynamic program, the requirements for these items (within the amount approved at time of award for this object class) may change. Any changes to listed items will be reflected in the Performance Reports, noting the reason for the change and the Task Force will not be required to submit a budget change if items are on the approved cache lists, authorized by program guidance or directives. Rolling or floating equipment requires the specifications and budget information to be submitted to the Program Office/Grants Assistance Officer for prior approval.

The costs for the Storage/Maintenance portion of this budget/narrative will be addressed in this section and will cover costs for a maximum amount of time of 12 months for any warehouse lease or maintenance costs for the equipment/vehicles, and the costs will occur within the 36 month period of performance. Our Task Force intends to provide the required storage and maintenance for the equipment to insure mission readiness, safety, and management of the Task Force. The storage and maintenance will be in accordance with the requirements of the Urban Search & Rescue Program Office statement of work, program guidance, and directives. The supporting cost details will be provided in the below object classes under this Program Category. Our Task Force will attempt to maintain the preparedness of the Task Force under this Readiness Cooperative Agreement, in order to provide critical emergency response services as one of the 28 teams for the National Urban Search and Rescue Response System. The below list of costs covers what is anticipated for this Readiness Cooperative Agreement. Minor renovations are allowed for the warehouse and they will not change the footprint of the facility.
