

## **Appendix A** **National Urban Search and Rescue Response System**

### ***US&R Task Force FY 2015 Readiness Cooperative Agreement*** ***Statement of Work***

#### **I. PURPOSE**

The U. S. Department of Homeland Security (DHS) and the Federal Emergency Management Agency (FEMA) are accountable to provide support and funding for the maintenance and readiness of the National Urban Search and Rescue (US&R) Response System (the System). The purpose of this **Readiness Cooperative Agreement** is to support the continued development and maintenance of a national urban search and rescue capability.

Specifically, this agreement provides a mechanism for distribution of Cooperative Agreement funding for certain purposes in preparation of a Federal US&R capability for disaster response. This Cooperative Agreement allows each Sponsoring Agency of a System US&R task force the opportunity to maintain a high standard and condition of operational readiness and includes guidance on key areas for task force management to focus on continued preparedness efforts.

This Cooperative Agreement provides direction to the US&R task force Sponsoring Agency for the use of funding to provide: administrative and program management, training, support, equipment cache procurement, maintenance and storage.

#### **II. BACKGROUND**

FEMA, in cooperation with other federal, state and local agencies created the System to provide a national rescue capability that provides lifesaving resources to survivors of structural collapse. When the System was developed in 1990, there was limited capability in only a few states to perform this mission and no resources were available for a coordinated national response.

In 1992, the Federal Response Plan (FRP) was published by FEMA and coordinated activities with 26 federal agencies. The federal government's response to disasters was classified into 12 Emergency Support Functions (ESF). ESF #9 (Urban Search and Rescue) was established with FEMA as the Primary Agency. FEMA maintains a national consensus on standard operating procedures, organizational structure, equipment, training and exercise requirements. Currently, 28 state and local Sponsoring Agencies in 19 states participate in the System by making their task forces available for national disaster response.

FEMA had no organic heavy rescue capability of its own and realized the best sources for US&R knowledge and skills reside at the state and local level. The System was developed and continues as a federal-state-local partnership, based on a Memorandum of Agreement (MOA) and individual Response and Readiness

## **US&R Task Force FY 2015 Readiness Cooperative Agreement - *Statement of Work***

Cooperative Agreements. While the MOAs provide the basic operational “**Agreement**” between FEMA, the state and Sponsoring Agency, the individual Readiness Cooperative Agreement provides the mechanism for distributing federal funds to the Sponsoring Agencies of the System’s 28 US&R task forces for continued readiness efforts.

In December 2004, the National Response Plan (NRP) was published by DHS which integrated the Federal Response Plan into the NRP. The NRP has since been updated in January 2008 and is now referred to as the National Response Framework (NRF). At this time, ESF#9 was expanded and now encompasses urban, water-borne, and land-based search and rescue environments.

### **III. FEMA OBJECTIVES**

FEMA, through the Urban Search & Rescue (US&R) Branch and Grant Programs Directorate, shall:

1. Provide oversight and funding to System Sponsoring Agencies to manage and administer US&R task force affairs and activities in accordance with accepted standard business practices.
2. Provide oversight and funding to train and exercise System personnel to safely perform assigned US&R duties in accordance with established FEMA/US&R approved standards and guidance.
3. Provide oversight and funding to acquire and maintain the equipment in accordance with the US&R Equipment Cache List as approved by the US&R Branch.
4. Provide oversight and funding for the lease of space to provide offices, training facilities and/or storage of vehicles and equipment, as needed.
5. Provide resources (e.g., staff, equipment, funding) to support readiness and standby activities, subject to availability of funds (e.g., catastrophic planning, technical assistance, mobilization exercises, etc.).
6. Provide a forum for discussion of strategic issues by hosting an annual Sponsoring Agency Chief/Head meeting with the FEMA Administrator, or designee as well as regularly scheduled meetings with the System’s Strategic Group.

### **IV. APPROVALS**

Advance approval must be obtained in writing from both the US&R Branch and the FEMA Grants Assistance Officer for the following (in accordance with Grants Management Policy and 2 CFR Part 200):

## **US&R Task Force FY 2015 Readiness Cooperative Agreement - *Statement of Work***

- Approval for activities or expenditures not identified in the task force narrative and budget, but are allowable within the scope of work for this Cooperative Agreement (i.e., budget changes);
- Requests for extension of the Period of Performance for this Cooperative Agreement. (*The Period of Performance for this Cooperative Agreement is 36 months to allow sufficient time to complete and execute the budget. Extensions beyond this period of time will not be approved without a compelling reason.*)
- Requests for spending Cooperative Agreement funds prior to the beginning of this period of performance (“pre-award costs”)

Unauthorized expenditures may be denied and required to be reimbursed to FEMA.  
Use of Cooperative Agreement funds provided through this agreement for any activity  
that occurs outside the United States and its territories is prohibited, unless authorized  
by the US&R Branch, FEMA Grant Programs Directorate and FEMA International  
Affairs prior to incurring costs for the activity.

### **V. APPLICABLE LAWS AND POLICIES/ORDER OF PRECEDENCE**

This award is subject to the laws and regulations of the United States. This Cooperative Agreement incorporates the terms and requirements of any applicable Agency policies and all US&R Program Directives issued by the US&R Branch, including those issued during the term of this Cooperative Agreement.

Any inconsistency or conflict in terms and conditions specified in the award will be resolved according to the following order of precedence: public laws, regulations (including the *US&R Interim-Final Rule at 44 CFR Part 208*), applicable notices published in the Federal Register, Executive Orders, OMB Circulars, agency award conditions, the terms and conditions of the Sponsoring Agency's Memorandum of Agreement with FEMA, applicable DHS and FEMA policies, US&R Program Directives and US&R General Memorandums.

Some of the terms and conditions contained herein may contain, by reference or substance, a summary of the pertinent statutes, regulations, Executive Orders, or OMB Circulars. To the extent that it is a summary, such provision is not in derogation of, or an amendment to, any such statute, regulation, Executive Order, or OMB Circular.

## **VI. COOPERATIVE AGREEMENT FUNDING**

The FY 2015 Cooperative Agreement basic total for each task force is \$1,154,582. The US&R Branch recommended allocations are outlined in Appendix C of this document. Additional funds allocated to specific task forces are provided by the US&R Branch in Appendices D, E, and F.

Each task force can apply for up to the amount allocated to their agency as shown in Appendix D. All Sponsoring Agencies must submit supporting documentation with each application.

The Period of Performance for the FY 2015 US&R Readiness Cooperative Agreement funding is 36 months. Each task force should submit budget plans covering only 12 months for daily operation, such as salary expenses and lease costs within the period of performance. However, the 36 month performance period is available for internal acceptance of funds, cost to conduct training and procurement of equipment and supplies. Should a continuing resolution impact the System's appropriation within the FY 2015 Cooperative Agreement period of performance, a waiver may be given by FEMA to allow task forces to submit a budget change to cover daily operation such as salary expenses and lease costs for more than a 12 month period.

## **VII. FEMA/US&R BRANCH RESPONSIBILITY**

1. Review, approve, and adopt US&R-related products, including technical manuals, operational procedures, training curriculum and supporting manuals, meeting agendas and other requirements for the System.
2. Coordinate and support meetings relating to System activities, to develop and implement policies, procedures and System documents.
3. Establish and disseminate policy and Program Directives for the System based on 44 CFR Part 208 and with substantial involvement and input from the partner sponsoring agencies and their members.
4. In cooperation with the System's Strategic Group, determine annual funding levels for readiness activities.
5. Purchase equipment and deliver to System task forces, based on need and available funding.
6. Review and/or approve expenditure reports, performance reports, personnel records, training records, task force self-evaluation documents, equipment cache and excess property inventories and other deliverables required by the US&R Branch.
7. Review and approve/disapprove in writing, in conjunction with the Grants Assistance Officer, any cost deviations or budget revisions from those prescribed in this agreement or from other FEMA established policies.

8. Implement the policy, criteria and procedure for task force evaluations. Distribute an annual Task Force Self-Evaluation survey with 45-day submission suspense, for completion by the task forces. Conduct a cooperative peer-based Readiness Assessment Program (RAP), to include administrative readiness evaluations (AREs) and operational readiness exercise evaluations (OREEs).
9. Track, disseminate, and consistently update the status of recommendations generated from the Advisory Organization to all System components.
10. Based on various planning factors, the US&R Branch may alert or activate System resources for activities associated with scheduled NSSEs. Task forces activated under this section will be notified in advance, through written activation orders that will provide authorization for travel and to carryout activities of the required operations. Prior to any activities under this section, the US&R Branch will request cost estimates from identified task forces. This item would be funded separately from annual Readiness Cooperative Agreement funding, but could be either an amendment to this Cooperative Agreement or the Response Cooperative Agreement.
11. Provide at least one full-time US&R Branch staff member to serve as project officer for each of the recognized Functional Groups within the Advisory Organization to assist the Group leader in the administration of the Group.

## **VIII. SPONSORING AGENCY RESPONSIBILITY AND REQUIREMENTS**

Under this Readiness Cooperative Agreement, the Sponsoring Agency shall use funding to prepare the task forces under the following categories: Administration/Management, Training, Equipment, and Storage/Maintenance.

### **A. ADMINISTRATION AND MANAGEMENT**

1. Provide sufficient staff for management and administration of task force day-to-day activities. This staff shall be responsible for program management, grants management, financial management, administrative support, training coordination and instruction, logistics management and property accountability. These management responsibilities include, but are not limited to, task force salaries and expenses coordination; record-keeping; inventory and maintenance of the US&R equipment caches; communicating with task force members and parties who support task force activities; and similar management and administrative tasks.
2. Maintain a comparison of expenditures with budgeted amounts for each Federal award, per 2 CFR Part 200.302. This includes maintaining a budget that reflects budgeted versus actual expenditures, tracking back to the four budget categories and nine object classes as detailed within their budget of their application on SF-424A – *Budget Information (Non-Construction Programs)*.

3. Purchase equipment necessary to administer the task force. These items may include but are not limited to, laptop and desktop computers, cellular telephones/wireless tablets, personal communication devices (e.g., smart phones), printers, scanners, copy machines, office furniture, video conference capability, etc.
4. Recruit, train and maintain a roster of personnel to enable complete staffing of a Type I US&R task force. Positions shall be staffed from within the task force organization, unless prior approval is given by the US&R Branch. The rostered staffing level shall be a maximum 210 personnel, plus up to 10% allowable staffing overage, to address attrition, Incident Support Team (IST) members, etc. The task force shall pursue the goal to roster the minimum of 140 deployable personnel; two deep at each of the 19 functional positions required for a Type I configuration.
5. The task force shall procure and maintain the required Hazardous Materials (Hazmat) preparedness and response equipment and supplies and train personnel according to current System policy. Doing so will allow the task force to perform rescue operations in a contaminated environment, as defined in the System's *Hazardous Materials (Hazmat) Concept of Operations*.
6. Ensure each task force member meets the necessary license, certification or other professional qualification requirements of their assigned position at time of deployment. Further ensure that the task force has the documentation on file to verify currency.
7. The task force may use funds to cover salary and travel for product research and development efforts, when authorized by the US&R Branch who will coordinate with the Grant Programs Directorate.
8. The task force may use funds to cover salary and travel to enable task force personnel to collaborate with federal, state, or other entities (e.g., other US&R assets or emergency responders) to enhance the capabilities of the System.
9. Ensure the task force is prepared for AREs by completing an internal self-evaluation operational readiness and preparedness survey (Phase I Evaluation) as provided by the US&R Branch. The completed electronic copy of the self-evaluation shall be submitted as directed by the annual Program Directive.
10. Submit to the US&R Branch the following items on one password-protected compact disk (CD) by January 31st:
  - a. A current task force US&R equipment cache database in a Microsoft Access-compatible database format. This database shall include both equipment caches.
  - b. A current *Time-Phased Force Deployment Data* (TPFDD) form (“*Aircraft Loading Data*”), in a format provided by the US&R Branch.

## **US&R Task Force FY 2015 Readiness Cooperative Agreement - *Statement of Work***

- c. A transportation plan including all vehicles and trailers for both a Type I and Type III over-the-road configuration.
  - d. For the three task forces that maintain one of the Incident Support Team (IST) equipment caches, submit an Annual Maintenance and Inventory Log.
  - e. For the seven task forces that maintain one of the Hazmat Equipment Push Packages (HEPP) caches, submit an Annual Maintenance and Inventory Log.
11. Ensure funds are properly allocated, accounted for, and reported for those task force members who serve as Sponsoring Agency Chief Representatives, Advisory Group Chair, Deputy Advisory Group Chair, IST Representative, Functional Group Leaders, Deputy Functional Group Leaders, Subgroup Leaders, National and Divisional Task Force Representatives, Incident Support Team leadership as appropriate and authorized by the US&R Branch. These funds are intended to defray personnel salary, backfill, travel and other administrative costs associated with these positions for assigned task forces in accordance with Sponsoring Agency policies and Appendices D, E, F and G.
12. Ensure timely reporting of expenditures for readiness activities carried out under this agreement and timely delivery of Cooperative Agreement reporting. Refer to Section IX, Reporting.
13. As funding allows, ensure personnel salaries and expenses relating to task force administration, development and training preparedness activities are paid in accordance with established Sponsoring and Participating Agency policies/practices and in a timely manner, but no later than 120 days after completion of a training exercise. Appropriate personnel records shall be kept in accordance with 2 CFR Part 200.
14. Compliance with the National Incident Management System (NIMS) is a condition for award of this Cooperative Agreement as outlined in Homeland Security Presidential Directive 5, Managing Domestic Incidents. Sponsoring Agencies must comply with the NIMS Implementation Activities established annually by FEMA. Sponsoring Agencies must report NIMS compliance activities in accordance with state and local NIMS guidance. Additionally, a certificate of completion for each required course in accordance with current the Position Descriptions must be located in each System task force member's personnel file. State offered NRF, NIMS, or equivalent certificates may be substituted for those courses offered on the FEMA NIMS website provided they meet federal NIMS standards. For further information on compliance and guidance, refer to the following website: <https://www.fema.gov/national-incident-management-system>.
15. Attend FEMA-sponsored or FEMA-approved System meetings, conferences, and training sessions, or other events as directed by the US&R Branch as they relate to the System. Other activities include on-site peer AREs, OREEs, quality

assurance oversight of FEMA-sanctioned training courses, training with other task forces, grants management training, non-federal search and rescue meetings/activities (e.g., State Urban Search and Rescue (SUSAR) Alliance), and research & development for equipment, as directed by the US&R Branch. The US&R Branch is recommending allocation of certain funds as identified in Appendix C for travel. All travel funds shall be accounted for under Management and Administration and/or Training at the task force level.

16. Provide complete medical evaluations and immunizations to task force members as defined by the System's Medical Subgroup. Medical screening should be conducted, at a minimum, on a triennial basis for each task force member. Each task force member must have a current *Fit for Deployment* form signed by the examining physician on file. This document along with the medical evaluation shall become part of each member's personal medical record. Please refer to the most current Program Directive.
17. Expend at least 98% of the Cooperative Agreement funds for which the task force has budgeted.

**B. TRAINING**

1. Provide System-related or System-required training for task force personnel, including the delivery of local US&R training courses or other courses specifically required by the System's Position Descriptions or authorized by the US&R Branch. This should include equipment specific training provided by the manufacturer and authorized repair technician certification training to allow task forces to have members certified to conduct manufacturer approved repairs in-house.
2. As funding permits, conduct at least one task force mobilization or deployment exercise during the Cooperative Agreement period of performance. The task force is encouraged to exercise as many task force members as possible during this Cooperative Agreement.
  - a. A federal task force deployment is defined as a task force arriving at a point of assembly during the period of performance and would satisfy this requirement, as long as the Activation Order is filed with this Cooperative Agreement Period of Performance.
  - b. Non-federal task force deployments could satisfy this requirement, but a request to do so must be submitted to the US&R Branch for review and approval.
  - c. If a task force is deployed, those funds originally set aside for a deployment exercise may then be used for other System approved items within the same budget category. This change must be addressed in the Semi-Annual Performance Report. A budget change is only required when funds are moved to another program budget category.

## **US&R Task Force FY 2015 Readiness Cooperative Agreement - Statement of Work**

3. The task force should notify the US&R Branch of mobilization or full-scale exercises as soon as the exercise is scheduled, but not later than 60 days before the exercise begins. Notification should be brief, but include dates, scope of exercise, number of participants, and other agencies involved. The intent of this notification is to provide the US&R Branch planning information for AREs and scheduling joint exercises with other DoD/federal Agencies. It does not take the place of, and should not be confused with sanction request letters to obtain FEMA approval of task force sponsored training and exercises in accordance with the *Training Program Administration Manual* (TPAM), dated February 2013 (issued as US&R Program Directive 2013-005), or most current training manual.
4. Submit an after-action report within 90 days of the completion of a mobilization or full-scale exercise, or a training activity with duration of more than 24 consecutive hours. Send the report to the attention of the US&R Branch Chief and written in a format where lessons learned may be shared with other task forces in the System.
5. Ensure training and exercise activities of the task force meet System standards, requirements and certifications. Ensure training records for all task force personnel are kept in a central, secure location.
6. Provide funding for expenses related to the acquisition, maintenance, training and certification of Canine Search Teams. This statement is not related to the funding provided to host canine evaluations.
7. The task force is authorized to fund the acquisition, maintenance, training and certification of Canine Search Teams – Human Remains Detection. This allows the task force the ability to have this resource within the task force. Task force support of this resource is **voluntary**.
8. When authorized, ensure funds are distributed in support of hosting a System Canine Search Team Certification Evaluation or Preparation, as identified in Appendix E. When funding provided for the canine evaluations exceeds actual costs, the excess allocated funds may be redirected to other System activities that support the task force's canine program under Items 6 & 7. If remaining funds are used to cover costs under Items 6 and/or 7, provide this information and the associated cost(s) in their Semi-Annual Performance Report submission.
9. Provide third party grants management training to assigned task force Grant Managers and Assistants who have not previously attended training. Grant management training is mandatory for all task force Grants Managers and Assistants. Grant management training is optional, but highly recommended, for task force Program Managers and other key personnel assigned to System administrative duties. Personnel should attend training from a facility that provides a "Grants Certificate Program" and/or the US&R Grant Manager course. The task force shall submit information regarding the program or classes to the FEMA Grants Assistance Officer for written approval prior to registering or attending any classes. The Grants Assistance Officer may be contacted for

further information on classes offered. Examples of some grants management courses are:

- a. Managing Federal Grants and Cooperative Agreements for Recipients,
- b. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards: 2 CFR Part 200
- c. Applying for Federal Grants and Cooperative Agreements
- d. How to Prepare the Application Budget
- e. Business Management Systems for Recipients
- f. Audit of Federal Grants and Cooperative Agreements.

Every effort shall be made to attend continuing education by task force Grant Managers and Assistants during the Cooperative Agreement to stay current with regulation updates/changes.

10. Provide appropriate database and systems training, as needed to task force logistics and program management personnel to maintain personnel, equipment, grant, financial and accountability records.

## **C. EQUIPMENT**

1. The Sponsoring Agency is authorized to purchase equipment as listed in the System's most current approved **FEMA Approved Equipment Cache List**. Task force personnel are reminded and directed not to exceed the current manufacturer's suggested retail price (MSRP), unless prior approval is received in writing from the US&R Branch. Task force must follow Sponsoring Agency procurement regulations, which are in accordance with 2 CFR Part 200, to ensure reasonable prices are obtained. Special consideration is given to task forces to purchase other equipment items in support of training, administrative, and warehouse/maintenance needs. Any other equipment not specified above can only be purchased after receiving written approval from the US&R Branch.
2. Specific task forces are identified and provided funds to cover maintenance costs of the IST "A", "B" and "C" caches and medical kits. Cooperative Agreement regulations apply to these funds and shall not be transferred to a Participating Agency (See Appendix F).
3. Specific task forces are also identified and provided funds to cover maintenance costs of the seven HEPP caches in accordance with the most current version of the System's *HEPP Concept of Operations*, (See Appendix F). Cooperative Agreement regulations apply to these funds and shall not be transferred to a Participating Agency. These task forces are also required to submit an annual HEPP maintenance cost estimate by October 30<sup>th</sup> of each year to the US&R Branch's Program Management Section Chief to assist with the budgeting for future Cooperative Agreements, subject to the availability of funds. This cost estimate shall be based on actual expenses incurred from the previous year and any additional costs anticipated for the following year, as funding allows.

## **US&R Task Force FY 2015 Readiness Cooperative Agreement - Statement of Work**

4. Task forces are to ensure that the full complement of Communications capability that meets the requirements, per the current *FEMA Approved Equipment Cache List* or any subsequent or interim cache list, has been purchased and/or identified within the Sponsoring Agency for immediate deployment. This Communications capability shall be maintained in a state of readiness for response. Service agreements, as required, shall be in place for immediate use of equipment upon activation. Communications capabilities shall be addressed in the following priority order:
  - a. Satellite capability including satellite data via transportable .98-1.2M dish system, mobile satellite data system(s), and handheld and mobile satellite phones;
  - b. Radio UHF, VHF, 800MHz, Marine, and Air frequency capability, to include the required quantities of portable handheld radio units; portable base station(s), mobile and converti-com unit(s), and portable repeater(s); and mobile radio units installed and operational in all task force prime mover vehicles;
  - c. Cellular-based data and phone capability to include wireless mobile hotspots and wireless phones.

Correcting deficiencies in task force communications capabilities remains a priority within the FY2015 Cooperative Agreement Period of Performance.

5. Purchase equipment necessary to conduct operations within the disciplines of the task force (e.g., Communications, Search & Logistics). These items may include but are not limited to, wireless tablets, personal communication devices (e.g., smart phones), printers, etc.
6. **All equipment must be tracked as to its origin.** Equipment that is procured with this Cooperative Agreement funding shall be identified with the source, cache list number and Cooperative Agreement number, in accordance with 2 CFR Part 200. Additionally, federal equipment shall be properly identified as to the ownership and funding source (including Agency name and Cooperative Agreement number or Disaster/contract number). The tracking can be accomplished through procurement documents, through fields in a database, or spreadsheet. It is the responsibility of each task force to develop a method of tracking in accordance with this section. However, it should be a system that will easily and quickly identify the information. Additionally, all procurement records and receipts should be cross-referenced and coded with the Cooperative Agreement number, cache list item number, Statement of Work section, or source of origin, or a system to easily and quickly identify the information.
7. Transportation equipment is authorized for purchase as part of this Cooperative Agreement with prior approval from the US&R Branch and Grants Assistance Officer in writing.
8. Equipment and prime mover vehicles purchased with federal funds or provided by FEMA shall be for the use of the System and **shall not be used for normal**

**day-to-day operations of the Sponsoring or Participating Agency** for purposes that do not directly support the task force. However, this requirement does not preclude the Sponsoring Agency from using this equipment or vehicles on a local, regional or state disaster response or under other extraordinary circumstance. The US&R Branch Chief shall be notified immediately in writing of any exceptional use of the two US&R equipment caches that diminish the response capability of the task force. The Sponsoring Agency is responsible for replacement, re-supply and or repair of equipment used or consumed during activities not associated with the System and immediate return to a state of readiness.

9. Title for the original cache, vehicles, and all equipment purchased under the Cooperative Agreements reside with the task forces (2 CFR Part 200).
10. Title to the FEMA (i.e., "Second Cache") equipment cache, as well as the IST and HEPP Caches, which were purchased and distributed to their respective task forces by FEMA, resides with FEMA.
11. Title for any equipment purchased under this Cooperative Agreement directly by a task force shall reside with the task force.
12. Should the task forces transfer, sell, or scrap any of the equipment and/or vehicles, they are required to first ask for prior written approval and disposition instructions from the US&R Branch and Grants Assistance Officer for all federally-furnished equipment and all grant-purchased equipment with a single item value over \$5,000 (in accordance with 2 CFR Part 200 and *FEMA Manual 119-7-1*, or current edition at time of disposition).
13. For the purpose of accountability and safety, System task force is authorized to purchase an identification (ID) system, as long as they meet the requirements outlined in US&R Program Directive 2006-019 – *Accountability and Medical Information Cards*.

#### **D. MAINTENANCE AND STORAGE**

1. Maintain an accountability of property acquired under Cooperative Agreement funding, distributed federal property and acquired federal excess property. Provide an annual report to FEMA on the status of federal property on January 31<sup>st</sup> of each year, as part of the database submittal to the US&R Warehouse. Conduct an inventory of federal property and property acquired under Cooperative Agreement funding, in accordance with 2 CFR Part 200.
2. Provide manufacturer's recommended maintenance and repair to US&R equipment acquired and specifically identified on the System's current *FEMA Approved Equipment Cache List*. Also, provide maintenance and repair to any supplemental equipment as approved by FEMA, which was purchased with FEMA funding and delivered to the task forces, purchased during a federal

System response, or was acquired with FEMA approval through the Federal Excess Property Program. Task forces are expected to perform routine maintenance of equipment to maintain a state of readiness.

3. As part of the operational readiness of each task force, all US&R equipment shall be maintained in an immediate state of readiness in a cache storage facility or facilities. This may include planning and engineering and other costs for development, maintenance, and/or lease of storage facilities and associated equipment for US&R equipment and supplies. Any costs for upgrades to existing warehouse facilities associated with this funding must be included in the budget narrative or submitted as a budget change and be approved by the US&R Branch and the Grants Assistance Officer prior to the start of any work. Task force personnel are reminded, if they are relying totally on the Cooperative Agreement for funding leased warehouse space, they are not permitted to enter into agreements for longer than the Period of Performance of the Cooperative Agreement. However, contracts can be written with an available funds clause or "option" years for protection. This Cooperative Agreement may not be used for funding new capital construction. However, costs associated with leasing, upgrading, minor renovations and modifications of existing warehouse facilities that do not change the footprint of the structure are permitted.
4. The day-to-day repair, maintenance, storage and administrative costs for all equipment purchased or provided by FEMA will be accomplished via this Cooperative Agreement funding provided and in accordance with the cost principles (2 CFR Part 200). Refer to 2 CFR Part 200, Subpart E for specific guidance on purchasing insurance.

## **IX. REPORTING**

The Sponsoring Agency shall use the following procedure for reporting. There are several types of reports required for this agreement. Refer to Appendix H for specific instructions and points of contact to submit all reports and deliverables.

### **A. REQUIREMENTS**

1. **Task Force Self-Evaluation:** as identified in Section VIII, Subsections A.9 of this document is due when directed by the US&R Branch, using the *National US&R Response System Task Force Self-Evaluation Scoresheet* (FEMA Form 089-0-14).
2. **Equipment Database CD submittal:** as identified in Section VIII, Subsections A. 10 and D. 1. Provide FEMA with an updated database of the task force US&R equipment cache (both federally-owned and grant purchased). Also provide a current TFPDD form, in a format provided by the US&R Branch and a transportation plan including all vehicles and trailers for both a Type I and Type III over-the-road configuration. Copy files onto one CD and forward the disk to the US&R Branch by overnight carrier. This CD shall be submitted with a cover letter addressed to the US&R Branch directed in **Appendix H** by January 31st.

Those task forces who have been identified to maintain one of the three ISTs and/or one of the seven HEPP caches are also required to submit the inventory of these caches as well.

3. **HEPP Maintenance Annual Cost Estimates:** Those task forces who have been identified to maintain one of the seven HEPP caches are required to submit an annual HEPP maintenance cost estimate by October 30<sup>th</sup> of each year to the US&R Branch's Program Management Section Chief. This information will be used to assist with the budgeting for future Cooperative Agreements, subject to the availability of funds. This cost estimate shall be based on actual expenses incurred from the previous year and any additional costs anticipated for the following year, as funding allows.
4. The **Semi-Annual Performance Report** is due to the US&R Branch for the duration of this agreement and is a written report providing a narrative and expenditures, as explained below.
  - a. The Sponsoring Agency shall electronically send a report semi-annually by January 30th (covering the time period of July 1st through December 31st) and by July 30th (covering the time period of January 1st through June 30<sup>th</sup>) of each year until the Cooperative Agreement is closed.
  - b. The Performance Report shall include task force accomplishments and the total budgeted, expenditures and balance for the Cooperative Agreement funding within the following areas:  
Administration/Management, Training, Equipment, and Maintenance/Storage.
  - c. *Performance Narrative and Funds Report* (FEMA Form 089-0-11) shall be used.
  - d. Completed Performance Report shall be uploaded into the NDGrants System, or as otherwise directed.
  - e. All changes, whether requiring prior approval or not, shall be noted in the Performance Fund Reports and subsequent closeout documents.
  - f. The Final Performance Reports shall be included in the completed closeout package and emailed to the US&R Branch and FEMA Grant Programs Directorate, unless otherwise directed.
5. The *Federal Financial Report* (FFR) SF-425, also referred to as the quarterly financial report, is due within 30 days after each quarter ends. Each task force will complete and submit a quarterly SF-425 through the Payment and Reporting System (PARS). Future awards and fund drawdowns may be withheld if these reports are delinquent. The quarters are separated as follows: October through December, January through March, April through June, and July through September.

Reporting periods and due dates:

- October 1 – December 31; *Due January 30*
- January 1 – March 31; *Due April 30*
- April 1 – June 30; *Due July 30*
- July 1 – September 30; Due October 30
- 

6. **Financial and Compliance Audit Report.** Recipients that expend \$750,000 or more of federal funds during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the U.S. General Accountability Office, *Government Auditing Standards*, located at <http://www.gao.gov/govaud/ybk01.htm>, and 2 CFR Part 200, Subpart F, *Audit Requirements*. Audit reports are currently due to the Federal Audit Clearinghouse no later than nine months after the end of the recipient's fiscal year. In addition, the Secretary of Homeland Security and the Comptroller General of the United States shall have access to any books, documents, and records of recipients of FY 2015 Cooperative Agreement assistance for audit and examination purposes, provided that, in the opinion of the Secretary or the Comptroller, these documents are related to the receipt or use of such assistance. The grantee will also give the Sponsoring Agency or the Comptroller, through any authorized representative, access to, and the right to examine all records, books, papers or documents related to the Cooperative Agreement.

## **B. CLOSEOUT REPORTS**

The scope of work identified in the task force's approved budget plan for the Cooperative Agreement must be completed within the Period of Performance. The task force will have 90 days after the Period of Performance to complete the final payments, and prepare the closeout documents. If unable to complete the closeout process by the due date, the task force must contact the Grant Programs Directorate and US&R Branch to request an extension of the closeout period. At a minimum the following closeout documents must be submitted:

1. **Cover Letter** – Should address the closeout of the Cooperative Agreement and the number. Please note any items that are not applicable. If the equipment and/or supplies are maintained by the task force then they will need to include a statement that the equipment/supplies will be used for their intended purpose of the Cooperative Agreement, over the life cycle of the equipment/supplies.
2. **Final Performance Report** should include a summary of qualitative accomplishments that the Cooperative Agreement has made for the duration of the grant period. Quantitative data shall be used to support any impact statements. The report should be broken out into the four program categories: Administrative/Management, Training, Equipment, and Storage/Maintenance, with a total amount spent, by category.

3. **Final Federal Financial Report (FFR):** A standard government-wide FFR (SF-425) is required.
4. **Equipment Inventory:** This form is required if items purchased with federal grant funds has a current fair market value of \$5,000 or higher, per single item must be reported. If the task force does not have any items to report that meet the threshold, provide a copy of the form noting such or provide a statement in the Performance Report or Cover Letter to indicate the same information.  
Provide a statement expressing the intent to continue use **of federally-furnished Property for the System, as noted in the most recent equipment CD submission.**
5. **Inventory of Unused or Residual Supplies** purchased with federal grant funds, which in the aggregate exceed \$5,000 must be reported. If the task force does not have any residual supplies in the aggregate that exceeds \$5,000, provide a copy of the form noting such or provide a statement in the Performance Report or Cover Letter to indicate the same information.
6. **Patent/Invention Disclosure:** Provide a copy of the completed form if applicable. If the task force does not have any patents or inventions provide a copy of the form noting such or provide a statement in the Performance Report or Cover Letter to indicate such.
7. **Refund Checks:** If appropriate, a check should be made payable to FEMA to return any federal funds drawn under the Cooperative Agreement but not expended. This may also include interest earned in excess of the allowable \$100 for state, local, and Indian Tribal Governments, or \$250 for all others that are allowable for administrative expenses, or any other appropriate financial adjustment due FEMA, including Audit adjustments.
8. **Record Keeping/Retention:** Retain records pursuant to the Cooperative Agreement conditions. Cooperative Agreement records should include a copy of the award document, Cooperative Agreement articles, ledgers, documentation of expenditures, documentation-copies of cancelled checks, paid invoices, payrolls, time and attendance records, contract records, etc. As a reminder, all Single Audits must be completed covering the period of performance for the grant and all Single Audit Findings must be resolved prior to the final closeout of the Cooperative Agreement. Upon completion of all required actions, the submission of all required items, and any appropriate financial adjustments and payments, FEMA will advise the task force in writing when the award can be considered closed out. This information must be kept for three years after the date of submission of the final closeout documents or later date if the Sponsoring Agency requires a longer record retention period. See 2 CFR Part 200.333 through 337 for further information about the items in this paragraph.

**C. TIMELINES**

1. **Task Force Self-Evaluation:** Submitted as directed by the US&R Branch, by way of a US&R Program Directive
2. **Equipment Database CD** (including inventory of Federally-owned equipment, HEPP Cache and IST Cache, where applicable) due January 31<sup>st</sup> to US&R Warehouse, US&R Branch *only*.
3. **HEPP Maintenance Annual Cost Estimates:** due from those task forces who have been identified to maintain one of the seven HEPP caches, submit an annual HEPP maintenance cost estimate by October 30<sup>th</sup> of each year.
4. **The Semi-Annual Performance Report:** due by January 30<sup>th</sup> and July 30<sup>th</sup> each year during the Period of Performance.
5. **The Quarterly Federal Financial Report (FFR) – SF-425**, due within 30 days after the end of each quarter: January 30<sup>th</sup>, April 30<sup>th</sup>, July 30<sup>th</sup>, October 30<sup>th</sup>.
6. **Final Performance Report:** due to FEMA within 90 days after the Period of Performance expires.
7. **The Final Federal Financial Report (FFR), SF-425**, due within 90 days after the Period of Performance expires.
8. **Equipment Inventory and Inventory of Unused or Residual Supplies and Tangible Personal Property Report (SF-428)** due within 90 days after the Period of Performance expires.
9. **Final Payment/Unexpended Funds:** due within 90 days after the Period of Performance expires.

Task forces must be current with all reports at the time of award of this Cooperative Agreement.

**X. TIME IS OF THE ESSENCE**

FEMA is providing an annual **Readiness Cooperative Agreement** and it is strongly recommended that the Sponsoring Agency seek expedited approval for the acceptance and management of the Cooperative Agreement. The US&R Branch and Grant Programs Directorate acknowledge the time-sensitive nature of processing and awarding the Cooperative Agreement and will make every effort to expedite the process. The U.S. Congress closely scrutinizes the timely spending of Readiness Cooperative Agreement funds and failure to meet necessary requirements and time frames may result in the loss of funding for this and future Cooperative Agreement periods.

**The US&R Branch will ensure all necessary documentation is provided to all eligible task forces:**

- B** US&R Response System Task Force Narrative Workbook (FEMA Form 089-0-10)
- C** Cooperative Agreement Funding – Recommended Allocations
- D** Task Force Allocations and Budget Totals
- E** Administration Budget
- F** Special Cache Allocations (HEPP, IST, Medical)
- G** List of US&R Advisory Organization Members
- H** Summary of Deliverables
