

Federal Student Aid Schools Partners Survey

Script below presumes an online survey with any desired segmentation data provided in the sample list.

Introduction

The U.S. Department of Education, Federal Student Aid seeks to continuously improve its interactions with its valued business partners in the schools community in the administration of Title IV programs. To that end we are conducting a brief survey to assess our performance and provide you with an opportunity to share any ideas or feedback you may have to help us better serve you. This survey should take you approximately 5 minutes to complete.

The survey is conducted by the CFI Group, a Michigan-based consulting company and is hosted on their secure servers. Your responses will remain confidential to FSA; we hope this will allow you to feel free to be candid in your feedback to us.
