

NSTS Webpage

Users can access the online NSTS by either going directly to <https://nsts.nrc-gateway.gov/nsts/welcome.do> or by going to the NSTS webpage and clicking on "Login". Red circles show the path to get to the online NSTS.

Main Page:

Users will have already had to go through the credentialing process and obtained a smartcard and smartcard reader. The smartcard must be in the smartcard reader prior to logging in. The system will then prompt the user to enter their password.

The screenshot shows the NSTS webpage with the following elements:

- Spotlight:** CHOOSE A SECTION button.
- Main Content:** National Source Tracking System. Description: "The NSTS is a major security initiative of the NRC. This highly secure, accessible and easy-to-use computer system tracks high-risk radioactive sources from the time they are manufactured or imported through the time of their disposal or export, or until they decay enough to no longer be of concern. This website has been developed to provide our stakeholders with the current status of program activities, tools and resources to aid in using the system, and mechanisms to provide direct feedback to us."
- Links:** NSTS Blog, NSTS Login (EXIT), NSTS Overview, Background, Get Credentialed to Access NSTS, Online Reporting, Form 748s, Training, NSTS Expansion, Annual Inventory Reconciliation, NSTS Presentations, Frequently Asked Questions, Help Desk Support, Contact Us.
- Right Side:** NSTS National Source Tracking System logo, Login (circled in red), Blog, Comments, and LIFE-CYCLE APPROACH TO SOURCE SECURITY diagram.

Following login, users will be taken to the online NSTS main menu page.

To receive a shipment of sources, click the **Receive Sources (Domestic)** option beneath the **Transfer Management** section.
