

Appendix 1: EFNEP Burden Data

The burden for respondents was estimated through feedback from a survey sent to nine state EFNEP Coordinators. Six surveys were returned.

Collection Activity	Number of Respondents	Estimated Hours per response	Total Annual Burden Hours
EFNEP	75	1,243	93,225

Burden estimates are reflective of the previous version of the data collection system. Hours were updated based on the addition of the University of the District of Columbia to the EFNEP program. This increased the number of institutions from 74 to 75.
