The U.S. Department of Agriculture collects and publishes information on prices farmers receive for agricultural commodities. This information is used in estimation of farm income, the computation of counter-cyclical payments, State tax projections and rates, and for price studies and analysis of returns from various crops.

Information requested in this survey is used to prepare estimates of selected agricultural commodities. Under Title 7 of the U.S. Code and CIPSEA (Public Law 107-347), facts about your operation are kept confidential and used only for statistical purposes in combination with similar reports from other producers. Response is **voluntary**.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number is 0535-0003. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The NASS Rice Prices Received data series is based on:

- ▶ all grain lengths (long, medium, and short), but not wild rice.
- ▶ total hundred weight (Cwt) purchased and received from U.S. farmers during the survey period.

Purchases of rice under contract are to be reported during the month when the buyer obtains possession of the rice **AND** makes payments to the farmer for the rice.

Buyers who redeem rough rice under loan with CCC are to report the value paid to redeem the loan plus any additional payment (i.e. options) to the farmer for the rice.

Include only rice purchased from U.S. farmers.

Exclude any purchases from rice dealers, brokers, or any other non-farmers.
