Please follow the following steps to enter food or drinks.

1. Please scan all products with a barcode. If you have more than one of the same item, scan each one. However, if items are packaged together (such as a six-pack of soda, four-pack of yogurt, or 12-pack of bottled water), scan the barcode on the outside of the package or scan only one item from the package
2. For fruits and vegetables, please enter the 4 or 5 digit produce look up (PLU) code on fruits or vegetables. [What is this?](#)
3. If a food or drink does not have a barcode or PLU, you may enter a description.
