MEMORANDUM FOR DEFENSE PRIVACY AND CIVIL LIBERTIES OFFICE

SUBJECT: Justification for the Use of the Social Security Number (SSN) - AFNConnect

This memorandum is to satisfy the requirements established in the Department of Defense Instruction (DoDI) 1000.30, "Reduction of Social Security Number (SSN) Use Within DoD", to justify the collection and use of the SSN on the AFNConnect website.

AFNConnect is a system of records which validates the initial eligibility and confirms continued eligibility of individuals who want to use an American Forces Network (AFN) satellite decoder to receive AFN programming. Authority for the system is found in 10 U.S.C. 113, DoD Directive (DoDD) 5122.05, DoDD 5105.74, and DoD Instruction (DoDI) 5120.20.

To obtain authorization to receive AFN programming, personnel must provide their DoD ID number on the AFNConnect website. The AFNConnect system then uses automated methods to access information about that individual from the Defense Enrollment Eligibility Reporting Systems (DEERS) database, based on the DoD ID number. This DEERS information provides the data needed to authorize or disapprove this person's use of an AFN satellite decoder. Personnel who do not have a DoD ID number must enter their truncated SSN and date of birth. This data allows retrieval of the DEERS data required to permit further processing of the authorization request. The truncated SSN is not stored by the AFNConnect system but is only used to assist in accessing data in DEERS. DEERS requires a DoD ID number or SSN for computer matching to verify an individual's eligibility for benefits. These requirements are consistent with the guidance for acceptable uses of the SSN as specified in DoDI 1000.30.

The data on this form is covered by the following System of Records Notices:

DMDC 02 DoD, Defense Enrollment Eligibility Reporting Systems (DEERS) (November 21, 2012, 77 FR 69807) located at <http://dpcl.d.defense.gov/Privacy/SORNsIndex/DODwideSORNArticleView/tabid/6797/Article/570690/dmdc-02-dod.aspx>

DPA 02 DoD, AFNConnect (AFNC) (draft attached)

My point of contact for this effort is Mr. Bobbie Bleir, Operations Officer, HQ DMA American Forces Network (AFN), robert.c.bleir.civ@mail.mil, 301-222-6532.
