

Translation Certification

Date: February 23, 2015

RE: RSS Application to Emory IRB

I, Alisú Schoua-Glusberg, hereby declare:

The attached curriculum vitae (CV) reflects that I have appropriate expertise to coordinate and review the translation of materials into Spanish for the Task Order 002 Understanding Barriers and Facilitators to HIV prevention for Men Who Have Sex with Men (MSM).

Standard procedures were followed using professional, Spanish native-speaking translators with subject specific expertise and my final review/proofing. These translations include:

- Informed Consent Form Spanish translation
- Informed Assent Form Spanish translation
- Recruitment flyers Spanish translation
- Recruitment ads Spanish translation

I hereby declare that, to the best of my knowledge, the attached translations were accurately translated from English into Spanish.

By: Alisú Schoua-Glusberg

Signature of Translator

ALISÚ SCHOUA-GLUSBERG, PH.D.

Research Support Services Inc. – 906 Ridge Ave. Evanston, IL 60202 (847) 864-5677

EDUCATION

Ph.D. Anthropology, 1985 (Cultural/Linguistic), Northwestern University

M.A. Anthropology, 1978 (Cultural/Linguistic), Northwestern University

B.A. Anthropology, with honors, 1977 Roosevelt University - Major: Anthropology (member, Franklin Honor Society)

1973-75 Facultad de Filosofía y Letras, Universidad de Buenos Aires. Major: Anthropology.

PROFESSIONAL EXPERIENCE

1996- *Research Support Services Inc.* - **Principal**

pres. Small minority business (SBA-certified) providing qualitative and quantitative research services (study and instrument design, surveys, focus groups, cognitive/ethnographic interviewing, interviewer recruiting and training, data collection, analysis, report writing, translations) to non-profit, government, and corporate clients.

2002- *IMPAQ International* - **Senior Director for Survey Operations, Principal Research Associate**

pres. Responsible for designing and managing survey and qualitative data collection in different social policy research studies.

2002- *Metro Chicago Information Center* – **Project Director**

2005 Responsible for design and direction of longitudinal, face-to-face surveys in Illinois.

1999- *Harvard Medical School, Harvard University* – **Research Associate**

2002 Project on Human Development in Chicago Neighborhoods - **Director of Survey Operations**

Responsible for directing operations for a longitudinal study of over 6200 children and youth in Chicago, working with scientific directors to operationalize research needs, managing of data collection, data preparation, and quality control.

1984- *National Opinion Research Center, University of Chicago*

1995 **Director, Survey Operations Center** (1994-1995)

Directed staff of 70 survey research professionals

Assistant Survey Director – Survey Director – Senior Survey Director (1984-1994)

Responsible for overall project direction, including proposal development; working with clients to define the research problem; coordination of technical staff; oversight of instrument development, budget preparation, interviewer training procedures and materials; monitoring of all schedules, costs, and production; and supervision of data collection, data analysis, quality control, and report writing.

Translations' Coordinator (1988-1995)

Responsible for translating or coordinating translation of all of NORC's questionnaire translations. Responsible for final proofreading and changes.

SELECTED PROJECTS

National Children's Study Spanish Questionnaire Translations. Responsible for managing translations of questionnaires and other respondent materials for this NICHD-sponsored study. March 2014-pres. (Client: NORC)

Encuesta Financiera de Hogares. Responsible for providing instrument design review and recommendations to the Central Bank of Chile for their Household Finances Survey, including training Bank staff on cognitive testing techniques. October 2013-pres. (Client: Banco Central de Chile)

Evaluation of Chicago's Gun Markets. RSS was responsible for instrument design, interviewer training and data collection for this pilot study. RSS will complete 100 qualitative interviews in Cook County Jail with selected inmates regarding how guns make their way into Chicago neighborhoods and move from hand to hand. Project Director. August 2013-2014. (Client: University of Chicago Crime Lab)

Understanding Barriers and Facilitators to HIV Prevention, Care, and Treatment for Persons Living with HIV (PLWH). RSS is conducting this qualitative study to examine factors that make a cohort of 80 MSMs living with HIV follow treatment or not, and adhere to treatment or not. The study includes also 20 additional respondents, all sero-discordant partners of the study MSMs. Interviews will take place in 5 cities, and will be followed with coding and analysis of the qualitative data. Project Director and Senior Qualitative Interviewer. September 2013 - pres. (Client: CDC Division of HIV and AIDS Prevention)

Evaluation of Grow Up Great with Science Initiative. RSS is responsible for data collection and supervising eleven assessors in administering child assessments and conducting classroom observations. Project Director. 2012 - 2013. (Client: Rutgers University)

Evaluation of the Centers for Working Families (CWF) Initiative in Chicago. The Center for Working Families works to improve the financial well-being of low-to-moderate income families. The study, using a quasi-experimental design, will compare the outcomes of CWF participants to those of people seeking services from the city's workforce centers. RSS is managing the data collection process, including questionnaire design, recruiting, phone interviews, and respondent tracking. Project Director. 2011 – present. (Client: Economic Mobility Corporation)

MCC-Burkina Faso and Senegal Impact Evaluation: Irrigation and Land Distribution. The Millennium Challenge Corporation (MCC) through the Burkina Faso and Senegal Compacts is funding an impact evaluation of irrigation, agricultural development and land distribution designed to reduce poverty in the areas of intervention. The impact evaluation entails creating survey instruments, overseeing data collection and implementing an impact evaluation to assess the effect these infrastructure projects have on household income. Survey Director. 2011-pres. (Client: MCC)

MCC-Burkina Faso and Senegal Roads Impact Evaluation. The Millennium Challenge Corp. (MCC) through the Burkina Faso and Senegal Compacts is funding an impact evaluation of Road Projects designed to improve access to agricultural markets by upgrading primary and rural road segments, reduce travel time to markets, and reduce vehicle operating costs. The impact evaluation entails creating survey instruments, overseeing data collection and implementing an impact evaluation to assess the effect these infrastructure projects have on household incomes, and reducing the cost of transportation. Project Manager. 2011-pres. (Client: MCC)

Affordable Care Act Pretesting. RSS is the prime contractor on this complex multi-language study of the impact that the Affordable Care Act will have on the language used to collect health coverage data for the U.S. Census Bureau. Lead researcher and Cognitive Interviewer. 2011 – 2012. (Client: U.S. Census Bureau)

Cognitive Testing of Roster, Coverage, and Address Questions for the 2020 Census. This qualitative study is designed to help elucidate the respondent living situations that lead to under and over counting in the Decennial Census. The project also seeks to determine the usability of electronic collection of information. RSS is providing leadership roles in the design and analysis of the instruments as well as leading the recruitment efforts and providing highly skilled cognitive interviewers. Senior Social Scientist/Methodologist, Study Design Consultant, and Cognitive Interviewer. 2011 – 2013. (Client: RTI International)

Mixed-Income Project. A follow-up study to the Project on Human Development in Chicago Neighborhoods and Los Angeles Family and Neighborhoods studies to look at how families and neighborhoods in Chicago and Los Angeles have been affected by economic conditions in the past few years. RSS conducted 1650 phone and field interviews in the Chicago and Los Angeles areas. Project Director. 2011 - 2014. (Client: Harvard University)

Cognitive Testing of HRQOL Interview Guide for Adolescents. Supervised cognitive interviews administered to 12 to 17 year olds designed to test questions about health knowledge, attitudes, and understanding of terminology. Was also responsible for project analysis and report writing. Project Director. 2011. (Client: CDC)

Cognitive Test of the Program for International Student Assessment (PISA). RSS conducted cognitive interviews with teenagers to test a questionnaire used to compare attitudes and knowledge on science and science education internationally. Project Director. 2011. (Client: University of Granada, Spain.)

Cognitive Testing of Questions for High School Longitudinal Study. Cognitive interviews with high school juniors on career and college plans and understanding, for National Center for Education Statistics study. Responsible for cognitive interviewing, project analysis and final report. Project Director. 2011. (Client: RTI International)

Cognitive Testing of Questions for Education Longitudinal Study (ELS). Conducted cognitive interviews with 26 year olds to test questions on postsecondary education funding, personal finances, career choices, and civic participation for National Center for Education Statistics study. Project Director. 2011. (Client: RTI International)

Qualitative Interviewing with Suspected Duplicates and Cognitive Testing of the Targeted Coverage Follow-up (TCFU) Interview. The study consisted of cognitive and qualitative interviews to test the

TCFU and to explore qualitatively the phenomenon of duplication. Responsible for the qualitative/ethnographic component, assisting Lead Researcher in project analysis and reporting of findings. Associate Project Manager. Subcontractor to RTI International. 2010-2011. (Client: RTI International)

The California Endowment Enhanced Spanish Drug Label Design to Promote Patient Understanding and Use. A study to test an evidenced-based prescription drug labeling strategy to improve patient understanding and use of medications in 5 languages through cognitive interviews in Spanish, Korean, Chinese, Vietnamese, and Russian. Co-Investigator. 2010-2011. (Client: Northwestern University Medical School)

Cognitive Testing of the American Community Survey (ACS) Supporting Materials for Group Quarters Data Collection. A study consisting of cognitive interviews to assess comprehension of letters and brochures for ACS Group Quarters Directors. supervising conduct of interviews, and collaborating in the analysis and reporting of findings. Subcontractor to RTI International. Associate Project Director. 2010-2011. (Client: RTI International)

MiDA-Ghana Mid-Term Review. Review of progress and evaluation of remaining tasks for 5-year MCC Compact in Ghana. Designed qualitative data collection instruments to aid in the evaluation of progress across programs at mid-point. Director of Survey Operations. 2010-11 (Client: MiDA-Ghana)

Cognitive Testing of the Rental Housing Finance Survey (RHFS). A study consisting of cognitive testing of the Rental Housing Finance Survey (RHFS) instrument. Acted as lead researcher and cognitive interviewer. Under contract with the US Bureau of the Census. Senior Survey Methodologist and Project Director. 2010-2011. (Client: US Census Bureau)

Training Spanish Child Assessors - ECLS-K. (RSS) For the Early Childhood Longitudinal Survey-Kindergarten Cohort, RSS is responsible for training of Spanish-language interviewers to administer child assessments and parent interviews, as well as for translation of measures, parent letters and consent forms. Responsible for team of trainers and assistants, coordinator of translations, and personally leading interviewer training sessions. 2009-pres. (Client: Westat)

Cognitive Testing of the Spanish Language Translations of the ACS Computer-Assisted Telephone Interview (CATI)/Computer –Assisted Interview (CAPI) (Project D, Part 2) (RSS) A study consisting of cognitive interviews to assess comprehension of ACS questions for Spanish speaking respondents. Supervised interviews conducted in English and Spanish, conducted analysis, and reported on findings. Subcontractor to RTI International. Associate Task Manager. 2009. (Client: RTI International)

2009 Cognitive Test of New Content for the ACS. A study consisting of cognitive interviews to assess comprehension of new ACS questions for Spanish speaking respondents. Supervised interviews conducted in English and Spanish, conducted analysis, and reported on findings. Subcontractor to RTI International. Associate Task Manager. 2009. (Client: RTI International)

Evaluation of the Safer Return Program. RSS conducted a longitudinal survey with formerly incarcerated persons (or FIPs) returning to the community of Chicago's East Garfield Park who signed up for Safer Return and a comparison group returning to West Englewood. Interviews were

conducted with 300 male FIPs upon prison release, again at 4 months from release, and a third wave at 16 months. At each of these two milestones, interviews with a family member of the participant were also conducted. Project Director. 2009-2013 . (Client: The Urban Institute)

Community Action for Child Health Equity – CACHE (RSS). Co-investigator on an NICHD grant for a study on health disparities in perinatal outcome and infant and childhood mortality and morbidity. RSS was in charge of 5-year data collection including home interviews with mothers and fathers and collection of biomarkers. RSS obtained the highest response rates of 5 sites nationwide in following up and recruiting for each of 5 waves this sample of 700 families. Project Director. 2008-2012. (Client: NorthShore University Health System)

Cognitive Testing of Spanish Language Translation of Selected Questions in the American Housing Survey. A study consisting of cognitive interviews to assess comprehension of AHS questions for Spanish speaking respondents. Responsible for leading protocol design, supervising conduct of interviews in English and Spanish, and analyzing and reporting on findings. Principal Investigator. 2008 (Client: RTI International).

Amanece Project. Project in Huixquilucan, Mexico, on the effects of introducing new medical technology on the reduction of birth defects in a low-income Mexican community. Collaborated with the Project Director in the design of the evaluation, and was responsible for the planning and monitoring of data collection as well as the design of the survey instruments. *Director of Survey Operations*. 2008-09. (Client: Carso Health Institute)

MCA-Georgia Data Quality Review. The objective of this project was to ensure that data collected for program monitoring and evaluation are of acceptable quality, reliability, and consistency. As part of the DQR, the IMPAQ team assessed the quality and consistency of data across different Implementing Entities and other institutions engaged in surveys. The team reported on key issues or problematic areas regarding data quality, as well as identifying mitigation measures to correct the problems. Survey Coordinator. 2008-09 (Client: MCA-Georgia)

Cognitive Testing of Translations of ACS Supporting Materials in Multiple Languages. (RSS). A study consisting of cognitive interviews to assess comprehension of letters and brochures used by the US Census Bureau in the American Community Survey for non-English speaking respondents. Responsible for English, Spanish, Russian, Portuguese, Polish, and Haitian Créole language materials assessment. Subcontractor to RTI International. 2007-pres.

2010 Census Language Program: Pretesting of Census 2010 Questionnaire in Five Languages. (RSS). A study consisting of cognitive interviews to pretest the census 2010 mail out/mail back self administered questionnaire translated into Chinese, Vietnamese, Korean and Russian in order to identify and correct lexical, syntactic, and pragmatic problems. Responsible for English and Russian language versions assessment. Subcontractor to RTI International. 2007-2008

Cognitive Testing of the Spanish Version of the Pregnancy Risk Assessment Monitoring System. (RSS) Cognitive interviews with Hispanic immigrants to assess comprehension of questions in the CDC's PRAMS questionnaire. Responsible for conducting the Spanish language interviews, analyzing the results and report writing. Under contract with the National Center for Health Statistics. September-December 2007.

Budapest Initiative/European Social Survey Methodological International Cognitive. (RSS) A methodological study to test how to conduct cognitive interviews to evaluate questions in a multinational project. Responsible for conducting Spanish language U.S. interviews, participating in project design and analysis. Under contract with the National Center for Health Statistics. September 2007 – February 2008.

Asset Building and Asset Protection Studies of the Unbanked and Underbanked. (RSS) A series of focus group studies with similar populations. 2007-2008.

1) Client Preferences Study: focus groups study in Tulsa, Hartford, New York City and Chicago for the Center for Economic Progress, to assess preferences for services and programs for free tax-preparation services' clients at asset building community-based organizations. 2) The Role of Insurance in Asset Building and Asset Protection: focus groups in Chicago for the Federal Reserve Bank of Chicago to assess how insurance, assets and savings function for low and moderate income households. 3) Serving the Underbanked and Unbanked: focus groups in Chicago and Milwaukee for private bank to test services to better serve the needs of this population. 4) Immigrants and Cash Utilization: focus group study for the Federal Reserve Bank of Chicago to learn about cash use among Latino immigrants.

Scarborough E-Diary Evaluation. (RSS) A study consisting of telephone in-depth interviews with persons who filled out a paper and an online TV diary, to assess problems and issues in using the e-diary. May-December 2007.

Job Corps Survey National Data Collection Project (IMPAQ). The data collected from this survey will be used by Job Corps to measure program effectiveness. This data will be used to meet the federal and legislative accountability requirements, to assess Job Corps centers' and Job Corps operating agencies' and contractors' accomplishments, and to provide useful and relevant feedback on performance, while encouraging continuous program improvement. Responsible for development and oversight of telephone survey operations at IMPAQ's 50-station call center for this study that conducts over 30,000 telephone interviews per year. 2006-pres.

New Trier Township Youth Needs Assessment. (RSS) A study to examine issues affecting young people in this Chicago area suburban region. Responsible for conducting key informant interviews, focus groups and web survey. February 2007-2008.

Cognitive Assessments of ACS CAPI Materials in Multiple Languages (RSS). A study consisting of cognitive interviews to assess comprehension of brochures and letters used by the US Census Bureau in the American Community Survey for non-English speaking respondents. Responsible for Spanish and Russian language materials assessment. Subcontractor to RTI International. 2005-2006.

Attracting Minority Families to Art and Cultural Events and Institutions in Dallas. (RSS) A focus group study with Latino and African-American parents of school children in the Dallas area. Responsible for design, moderation, analysis and reporting. October-January 2005.

Ohio Returning Home Study (RSS). A longitudinal study of 400 inmates from Ohio prisons returning home to Cuyahoga County, conducted for the Urban Institute. Project director in charge of in-prison and field follow-up data collection and data processing. 2004-2006

Hispanic/Latino Adult Tobacco Survey (RSS). Cognitive research project to make the English and

Spanish survey instruments culturally and linguistically appropriate. Project director in charge of translation task and administration and analysis of 68 cognitive interviews with Hispanics of varied national origin. 2004-2006.

Combating Child Labor Through Education - Republic of Turkey

IMPAQ provided technical assistance to the Government of Turkey in support of eliminating the worst forms of child labor in Turkey, helping raise awareness of the importance of education for all children; encouraging working children and those at risk of working to attend school; strengthening national institutions and policies on education and child labor; and ensuring the long-term sustainability of these efforts. Responsible for overseeing work of the Turkish subcontractor for field operations. *Director of Survey Operations. 2005-08. (Client: ILAB - U.S. DoL)*

Ohio Returning Home Health Study (RSS). A longitudinal study of 80 inmates from Ohio prisons returning home to Hamilton County, conducted for the Urban Institute. Project Director responsible for in-prison data collection and conducting focus groups with released inmates in the community. 2003- 2004.

Monitoring the Social Impact of Privatization in Turkey (IMPAQ). Quantitative and qualitative longitudinal study on the effects of privatization on workers, conducted for the Turkish General Directorate of Economic Research. Survey director responsible for monitoring performance of Turkish data collection subcontractor. 2003-2006.

Community Action for Child Health Equity Study Design – CACHE (RSS). An NICHD grant to explore and develop research questions and instruments for a study on health disparities in perinatal outcome and infant and childhood mortality and morbidity. RSS was subcontractor to Evanston Northwestern Healthcare. Co-investigator in charge of qualitative measures development and testing. 2003-2006.

Illinois Family Study (MCIC). Longitudinal study of the effects of Welfare Reform on families with children in Illinois, conducted for Northwestern University. Project Director. June 2003-June 2005.

Megamall Study (RSS). Mall intercept study to elicit shopping behavior information in Humboldt Park neighborhood of Chicago. Designed guide and conducted and analyzed interviews with 36 patrons. March 2003.

Growing America Through Entrepreneurship. (IMPAQ) Five-year demonstration project that offered participants microenterprise training through USDOL's One-Stop Centers and micro credit funding through SBA's Microloan program. Following the demonstration phase, survey and administrative data was collected to evaluate the effectiveness of the GATE model. Liaison with Minnesota sites and Survey Director. September 2002-2007.

Returning Home: Understanding the Challenges of Re-entry. (MCIC) A longitudinal survey of inmates from Illinois prisons returning home to Chicago communities conducted for The Urban Institute. Responsible for implementation of the study in Illinois. September 2002-2006.

American Time Use Survey. (RSS) A study under development at the Bureau of Labor Statistics to measure Americans' use of time for non-work activities. Responsible for Spanish translation, translation validation and Spanish CATI instrument testing. June 2002-2007.

Drafting Guidelines for Translation for the European Social Survey. (RSS) Member of group of translation experts that drafted guidelines for translation and translation assessment for the 21 countries participating in the ESS, and provides ongoing consulting on translation issues. ZUMA-Mannheim. December 2001-2008.

The Ethnography of Personal Information Management. (RSS) Ethnographic interviewing project examining how different groups in the US deal with requests for personal information. Conducted and analyzed ethnographic, semi-structured interviews with former CPS respondents in the summer of 1999, and with Hispanic Census respondents in the summer of 2000. US Bureau of the Census.

1. *Ohio Closed Cases Study.* (RSS) A study to evaluate the effects of welfare reform on former recipients in the state of Ohio. Responsible for field staff recruiting and management of field data collection. Ohio State University. October 1999–July 2000.
- 2.

Los Angeles Latino Eye Study. (RSS) A study to evaluate the ocular health and health care practices of Latinos over age 40 in La Puente, California. Responsible for design, implementation, and analysis of a focus group study (8 groups) to validate the Spanish survey translation and determine participants' reactions and feelings about two pilot questionnaires. University of Southern California. January-May 1999.

Parental Involvement in Comprehensive School Health Programs. (RSS) A study to evaluate the level of PTA and parental involvement in school health programs. Data collection consisted of a mail survey of 1500 school principals and 2500 PTA local unit leaders. Design, implementation, and analysis consultant, Jan.-Oct. 1998.

Project on Human Development in Chicago Neighborhoods. (Harvard) A study of the personality, family, and community factors that interact in the development of children to foster both pro- and antisocial behavior. PHDCN identified and followed a cohort of over 6000 children and youth. It was funded by the National Institute of Justice, the John D. And Catherine T. MacArthur Foundation, and NIMH. (Survey Operations & Data Collection Consultant, 1996-1999; Director of Survey Operations, 1999-2002.)

Evanston Public Library Latino Outreach Project. (RSS) Focus group study sponsored by the Illinois Library Assoc., to evaluate the needs of the Evanston, IL, Latino population and determine how to best attract and serve its members at the local public library. Bilingual Focus Group Consultant, Jan.-Aug.1996.

National Longitudinal Surveys/1996 Youth Cohort (NLSY 96). (NORC) A longitudinal study of the labor force behavior of a sample of 12,000 American youth (12 to 17 year-olds at selection), with minority oversamples and an additional sample of 18 to 23 year olds to receive the ASVAB and Interest Finder instruments. The study was funded by the U.S. Department of Labor. Project Manager, 1995.

Chicago Health and Social Life Survey. (NORC) A study of 2200 men and women in the Cook County area. The study examined sexual behavior patterns of adults, aged 18 to 59. The study was conducted for Drs. Edward Laumann, John Gagnon, and Robert Michael of the University of Chicago, with sponsorship from the National Institute for Child Health and Human Development.

Project Director, 1993-95.

Social Support Antecedents: Prevention and Mental Health. A three-wave longitudinal study of 200 couples in the area of Baltimore, MD, in which one of the partners became unemployed. The study examined which characteristics of couples are related to coping successfully with a job loss. Respondents completed self-administered booklets, and were videotaped in couple interactions. The study was conducted for Drs. Robert Caplan and George Howe at George Washington University, and was sponsored by the National Institute of Mental Health. Project Director, 1992-1994.

Survey of Consumer Finances. (NORC) A national study of the financial characteristics of U.S. households covering a wide range of topics including household income, assets, debts, pensions, and the use of financial institutions. The SCF was sponsored by the Federal Reserve Board. (Project Director, 1991-95)

Study of the Family Independence Project in Washington State. (NORC) A welfare demonstration designed as an alternative to (AFDC). Evaluation surveys were conducted in 1990 and 1991 for The Urban Institute. The surveys examined the effects of cash benefits on: household non-food expenditures, household food expenditures, food use, nutrient availability, food shopping patterns, reliance on supplementary sources of food, recipients' experience with and attitudes towards alternative forms of food assistance, and the utilization and effectiveness of the Transitional Benefits programs. Project Director, 1990-1991.

National Longitudinal Surveys of Labor Market Experience/Youth Cohort (NLS/Y). (NORC) A study of the labor force behavior of a sample of 12,000 U.S. youth, with oversamples of Black, Hispanic, and economically disadvantaged youth, conducted for the Center for Human Resource Research. Funded by the U.S. Dept. of Labor. (Project Manager, Round 9; Assoc. Project Director, Round 10; Project Director, Rounds 11-16). (1987-95)

NLS Child Supplement. (NORC) This survey of all the biological children of the mothers in the NLS/Y sample (described above) was funded by the National Institute of Child Health and Human Development. Data collection in the mothers' homes, included cognitive tests and measures of self-perception. Supervised translation of mother's and child's questionnaire into Spanish, 1986. Project Director, 1988, 1990, 1992, 1994.

Citizens' Social and Political Participation in America. (NORC) A study of factors leading individuals to social and political participation. This was a survey of 2,500 men and women screened through telephone random digit dialing, with oversamples of Blacks and Hispanics. The study was conducted by NORC with funding from several foundations including National Science Foundation. Project Director, 1989-1990.

Non-shared Environment in Adolescent Development. (NORC) A longitudinal study of 700 families with two same-gender children, ages 10 to 19, conducted by NORC for the NIMH, under subcontract to George Washington University. The study examined which aspects of an adolescent's behavior and level of competence are influenced by genetic factors and which are influenced by family interactive processes. A particular focus of the study was the source of problem behavior among juveniles and juvenile depression. Families were interviewed twice within a two-week period, videotaped, and given a vocabulary test. The Principal Investigator was David Reiss, MD, of George Washington University. Co-principal Investigators were Robert Plomin of Penn State

University, and E. Mavis Hetherington of the University of Virginia. Project Director, 1989-1990, and 1992.

National Study of Health and Sexual Behavior. (NORC) Funded by NICHD, CDC, the NCHS, NIMH, and the National Institute on Aging, this project sought to develop the content and strategy for a large-scale national survey of adult sexual behavior in the US. PI: Prof. Edward Laumann of the U. of Chicago. Co-PIs: John Gagnon (SUNY-SB), Robert Michael and James Coleman (U. of Chicago). Responsible for designing and conducting focus group research to assess minorities' reactions to the survey. 1988-1989.

Soviet Interview Project. (NORC) A study of life in the Soviet Union as reported by 600 emigrés who arrived in the U.S. between 1982 and 1985, and by 1,100 who arrived between 1979 and 1982. Responsible for the day-to-day management of the survey, including such tasks as questionnaire development, field materials development, the field work, the coding of the questionnaires and other survey documents, and the locating, validation and retrieval tasks. The Soviet Interview Project was sponsored by the National Council for Soviet and East European Research. Associate Project Director. 1985-1986.

Survey of Absent Parents. (NORC) A pilot study of pairs of custodial and absent parents, designed to establish a profile of programmatic and parental characteristics affecting payment of child support. Responsible for development of questionnaire and training materials, and supervision of field activities. The Survey of Absent Parents was sponsored by the Department of Health and Human Services, 1985.

Air Force Organizational Impact Assessment. (NORC) A study of the potential impact of increasing the number of women in the Air Force. A self-administered survey of 14400 men and women stationed in 30 USAF bases around the world. Responsible for preparation of field materials and supervision of fieldwork in various areas of the country. This study was sponsored by the U.S. Air Force, 1984.

Miller, K., Fitzgerald, R., Caspar, R., Dimov, M., Gray, M., Nunes, C., Padilla, J.L., Pruefer, P., Schöbi, N., Schoua-Glusberg, A., Widdop, S., and Willson, S. (2008). Design and Analysis of Cognitive Interviews for Cross-National Testing. Paper presented at the International Conference on Survey Methods in Multinational, Multiregional, and Multicultural Contexts (3MC), Berlin, 25–29 June 2008, Germany.

Schoua-Glusberg, A., W. Carter and E. Martinez-Picazo. (2008). Measuring Education among Latin American Immigrants in the U.S.: A Qualitative Examination of Question Formulation and Error. Manuscript presented at the 3MC Conference, June 25-29. Berlin, Germany.

"Cognitive Evaluation of Self-Report Questions for Surveillance of Periodontitis." (co-author with Kristen Miller and Paul Eke). *Journal of Periodontology*, 2007, Vol. 78, No. 7s, pp.1455-1462.

Pan, Y., Landreth, A., Schoua-Glusberg, A., Hinsdale, M., and Park, H. 2007. Effects of Language and Culture of Interpretation of Translated "Confidentiality" and "Mandatory" Survey Messages. Presentation given at the Federal Committee on Statistical Methodology Research Conference in Arlington, VA. November 5-7, 2007.

"Conveying Consistent Messages to Survey Respondents in Multiple Languages: Producing Linguistically and Culturally Appropriate Materials that Do the Job." Presentation at The Cognitive Factor in Surveys II Session at the 62st Annual Meeting of the American Association for Public Opinion Research (AAPOR). May 19, 2007 - Anaheim, California.

"Methodology for Cognitive Testing of Translations in Multiple Languages." (co-author with Y.

Pan, A. Landreth, M. Hinsdale and H. Park). Presentation at The Cognitive Factor in Surveys II Session at the 62st Annual Meeting of the American Association for Public Opinion Research (AAPOR). May 19, 2007 - Anaheim, California.

“Translating from English to Spanish: The 2002 National Survey of Family Growth.” (co-author with Gladys Martínez and Barbara Marín.) *Hispanic Journal of Behavioral Sciences*. 28:4. November 2006.

Pan, Y., Hinsdale, M., Park, H., and Schoua-Glusberg, A. 2006. "Cognitive Testing of Translations of ACS CAPI Materials in Multiple Languages." In *Statistical Research Division's Research Report Series (RSM#2006/09)*. Washington, DC: U.S. Census Bureau

“Eliciting Education Level in Spanish Interviews.” Presentation at Session on Improving Cross-Cultural & Cross-National Questionnaires at the 61st Annual Meeting of the American Association for Public Opinion Research (AAPOR). Montreal, Canada. May 18, 2006.

“Multi-National Cognitive Testing: Development of an interview protocol for conducting comparative analyses of question-response problems.” (co-author with Kristen Miller & Gordon Willis) – Presentation at the Fourth International Workshop on Comparative Survey Design and Implementation, The Hague, March 16, 2006.

Workshop on conducting cognitive interviews for the International Disability Questions Project. Co-teacher of work-shop for residents in epidemiology. Escuela de Salud Pública, Secretaría de Salud, Mexico City. June 9-10, 2005.

“Application of Cognitive Interviewing Methodological Techniques to Surveys.” Co-taught workshop for the Border Health Commission. El Paso, TX. June 6-7, 2005.

“Survey Translation: Issues and Procedures.” Short-course co-taught with J. Harkness at the 60th Annual Meeting of the American Association for Public Opinion Research (AAPOR). Miami Beach, FL. May 11, 2005.

“Issues in eliciting education level from Latin American Immigrants in the U.S.” Presentation at the III International Workshop on Comparative Survey Design and Implementation, Madrid, March 10, 2005.

"Translation of survey instruments." *Presentation to DC-AAPOR*, July 7, 2004.

Fuentes, N., Shalowitz, M., Perez, P., Morgan, M. & Schoua-Glusberg, A. (November, 2004). Ethnic health disparities: Facilitating qualitative research through an academic-community partnership. Poster presented at the National Latino/a Psychological Association convention, Scottsdale, AZ.

Schoua-Glusberg, A., and K. Miller. 2004. Assessing comprehension of translated questionnaires with qualitative methods. Paper presented at Statistics Canada Symposium, Innovative Methods for Surveying Difficult-to-Reach Populations, Ottawa, Canada.

“Captive Audience: Interviewing Inmates in and out of prison in Illinois.” Poster Presentation, with T. Seldess. at the 59th Annual Meeting of the American Association for Public Opinion Research (AAPOR). Phoenix, AZ. May 15, 2004.

“Survey Questionnaire Translation and Assessment.” (co-authors Janet A. Harkness & Beth-Ellen Pennell), in Methods for Testing and Evaluating Survey Questionnaires, Presser, Rothgeb, Couper, Lessler, Martin and Singer (eds.). New Jersey, John Wiley and Sons. Wiley: 2004

Martinez, G., Marin, B. and Schoua-Glusberg, A. 2004. “The Back of the Tapestry: Translation and Administration of The National Survey of Family Growth.” Paper presented at the 59th annual meeting of the American Association of Public Opinion Research, Phoenix, Az. May 13, 2004.

“Shelter Burden in Metropolitan Chicago: Addressing the Problem with Viable Solutions.” (organizer and moderator) Roundtable at the Conference on Chicago Research and Public Policy. Chicago, IL. May 13, 2004.

“Decisions Translators Make: a Case for Detailed Specifications.” Presentation at the Second International Workshop on Comparative Survey Design and Implementation – Paris, April 2, 2004
Guest Professor at the 5th Symposium on Cross-Cultural Research Methods: Comparative Survey Design and Implementation, Zentrum für Umfragen und Analyse (ZUMA); Mannheim, Germany; December 6-7, 2003.

“Questionnaire Design: Issues of Language and Culture.” Panel session chair at 58th Annual Meeting of the American Association for Public Opinion Research (AAPOR). Nashville, TN. May 16, 2003.

“Producing and Testing Survey Translations for Minority Populations” Presentation at the First International Workshop on Comparative Survey Design and Implementation, Brussels, March 31, 2003.

“Questionnaire Translation and Questionnaire Design.” (co-authors Janet A. Harkness & Beth-Ellen Pennell) at the International Conference on Questionnaire Development, Evaluation, and Testing Methods (QDET). Charleston, South Carolina, November 14-17, 2002.

“Systematizing the Translation Process: Establishing Procedures and Guidelines for Survey Translation” Organizer, chair and discussant for panel session at 57th Annual Meeting of the American Association for Public Opinion Research (AAPOR). St. Pete Beach, FL. May 17, 2002.

Martin, K. R., & Schoua-Glusberg, A. (2002). Project on Human Development in Chicago Neighborhoods Longitudinal Cohort Study: Field data collection report. Cambridge, MA: Harvard University.

“Using Focus Groups to Develop A Culturally Sensitive Methodology for Epidemiological Surveys in a Latino Population: Findings from the Los Angeles Latino Eye Study Focus Groups.”– (co-author with D. Globe, S. Paz, E. Yu, S. Preston-Martin, S. Azen and R. Varma). *Ethnicity and Disease*. 2002. 12(2):259-66.

“Cultural Concepts of Privacy among Hispanic Immigrants.” at the 56th Annual Meeting of AAPOR. Montréal, Canada, May 18, 2001.

“Using the Internet as a Translation Aid for Survey Instruments.” at the 56th Annual Meeting of AAPOR. Montréal, Canada, May 19, 2001.

"Privacy Concepts among Hispanics." Presentation at the 99th Annual Meeting of the American Anthropological Association in San Francisco, CA, on November 15, 2000.

“Field Challenges for Administering Specific Measures to 4-Year Olds in the Project on Human Development in Chicago Neighborhoods” (co-author Kelly Martin) - Presentation at the 55th Annual Meeting of AAPOR, Portland, OR, May 20, 2000.

Privacy, Census and Surveys: Latinos' Views: Final Report for Protecting Privacy Project Contract Research. Washington, DC: U.S. Department of Commerce, Census Bureau; 2000.

“Attitudes of Latino Immigrants toward Use of the Public Library: a focus group study in a midwestern suburban community.” Presentation at the 54th Annual Meeting of AAPOR. St. Pete Beach, FL, May 14, 1999.

“Parent Involvement in Comprehensive School Health Programs: Survey Results.” Report to National PTA. October 1998.

“Questionnaires in Translation”, (co-author, Janet A. Harkness). In *Cross-Cultural Survey Equivalence*. ZUMA Nachrichten Spezial No. 3, pp. 87-127. Mannheim, 1998.

“Trying Something Different: Oral Questionnaire Translation by Committee.” Poster presentation. 53rd Annual Meeting of AAPOR. St. Louis, MO, May 15, 1998.

Screening Households in Chicago: Latino Cooperation Rate in the Project on Human Development in Chicago Neighborhoods. Poster presentation at the Univ. of Nebraska Survey Research Center 2nd Annual Symposium *Hearing the Unheard: Interviewing Minorities*. Lincoln, NE, April 13, 1998.

“Survey Instrument Translation: A Test Comparing the Committee Approach and Back- Translation.” Presentation at the 52nd Annual Meeting of AAPOR. Norfolk, VA, May 16, 1997.

Guest Professor at the 2nd Annual Symposium on Cross-Cultural Research Methodology, Zentrum für Umfragen und Analyse (ZUMA); Mannheim, Germany; October 15-18, 1996.

“Meaning and the Eyes of the Beholder: Issues in Survey Translation.” (co-author with Janet Harkness) at the 51st Annual Meeting of AAPOR. Salt Lake City, Utah, May 18, 1996.

Guest presenter at the annual meeting of the Translations - Methods Group of the International Social Survey Programme, Zentrum für Umfragen und Analyse (ZUMA); Mannheim, Germany; May 24-26, 1995.

"Using focus groups for questionnaire design." Guest lectures in the questionnaire design course of the 43rd Annual Summer Institute in Survey Research Technique, Survey Research Center, Institute

for Social Research, University of Michigan, July 9-10, 1990; July 6, 1994; and June 5, 1995.

"The survey researcher as translator." 1994. In Rubenstein, Sondra Miller. *Surveying Public Opinion*. Belmont, Calif.: Wadsworth Publishing Co. 316-318.

"Integrating qualitative methods in survey research." Guest lecture in the introductory course to survey research of the 46th Annual Summer Institute in Survey Research Technique, Survey Research Center, Institute for Social Research, University of Michigan, July 20, 1993.

Schoua-Glusberg, Alicia S. & Latino Inst., Chicago, IL. & Adult Learning Resource Center, Des Plaines, IL. & Jewish Federation of Metropolitan Chicago, IL. (1993). *Immigrant Education Program, FFY 89-FFY-93. Final Study of the Illinois State Legalization Impact Assistance Grant*. [Washington, D.C.] : Distributed by ERIC Clearinghouse

"Locating NLS/Y Respondents and Maintaining a 90% Completion Rate in 13 Annual Rounds." (with Edwin Hunt) Proceedings of Statistics Canada Symposium 92: Design and Analysis of Longitudinal Surveys. November 1992.

"Translation of the Questionnaire by Modified Committee Approach." In Methodology Report for the National Treatment Improvement Evaluation Study. Chicago: National Opinion Research Center. 1992.

Two Papers on the Use of Computer-Assisted Personal Interviews in the National Longitudinal Survey of Youth. NLS Discussion Paper No. 92-2, U.S. Bureau of Labor Statistics, Washington DC, May 1991 [Bradburn, Norman M.](#), [Wojcik, Mark S.](#), [Schoua-Glusberg, A.](#), [Pergamit, Michael R.](#), [Frankel, Martin R.](#), [Ingels, Julia.](#), [Hunt, Edwin](#).

Bradburn, Norman M., Martin R. Frankel, Edwin Hunt, Julia Ingels, Alis Schoua-Glusberg, M. Wojcik, and Michael R. Pergamit. "A Comparison of Computer-Assisted Personal Interviews with Personal Interviews in the National Longitudinal Survey of Labor Market Behavior—Youth Cohort." In *Proceedings of the US Bureau of the Census Annual Research Conference*, pp. 389-397. US Bureau of the Census, 1991.

"The Spanish Version of the NHSB Questionnaire: Translation Issues." Paper commissioned under Order # 263-MD-835040 for presentation at the NIH AIDS and Sexual Behavior Change Conference. May 1989.

"Using Ethnoscience and Focus Group Techniques in Translation." Paper presented at the Annual Meeting of the Central States Anthropological Society. Notre Dame University. South Bend, IN. March 11, 1989.

"Combining Ethnographic and Market Research Methods for Translation." (co-author with Rafael Sánchez) Presented at the 87th Annual Meeting of the Amer. Anthropological Assoc. in Phoenix, AZ, November 19, 1988.

"A Focus-Group Approach to Translating Questionnaire Items." Paper presented at the 43rd Annual Meeting of AAPOR. Toronto, Canada. May 20, 1988.

"The Status of Women in Argentina." Evanston's YWCA International Women Conference.
4/22/1987

"Telephone Survey Methods: The ISR Perspective." Presentation at NORC Workshop on
Methodological Issues. December 17, 1985.

Survey of Absent Parents Design Report. (co-author) July, 1985. NORC.

An English/Spanish Test of Decentering for the Translation of Questionnaires. (Ann Arbor:
University Microfilms International, June 1985).

"Using Ethnographic Interviewing Techniques in Survey Research." Paper presented at the 84th
Annual Meeting of the American Anthropological Association. Washington D.C. December 8,
1985.

"Problems in Translating Questionnaires: What Can the Monolingual Researcher Do?" at the NORC
Seminar Series, January 28, 1985.

"Systematizing Decentering for Translating Research Instruments." Paper presented at the 83rd
Annual Meeting of the American Anthropological Association. Denver, Colorado. November 18,
1984.

"A Test of Decentering for Translating Questionnaires." Paper presented at the annual meeting of
LASSO (Linguistic Association of the Southwest). El Paso, Texas. October 20, 1984.

"Perón and the Peronist Movement." Paper presented at the Fourth Annual Conference on Latin
America. Western Illinois University, Macomb, IL. March 20, 1980.

"Content Analysis of Folk-Literature." Second Year Qualifying Paper (for Admission to Candidacy
for Ph.D. Degree). Northwestern University. 1979.

"Ideological Dictionaries: a Review." First Year Qualifying Paper (Master's Thesis). Department of
Anthropology. Northwestern University. 1978.

PROFESSIONAL AFFILIATIONS

American Association for Public Opinion Research
American Anthropological Association
Association of Latino and Latina Anthropologists
National Association for Practicing Anthropologists
Chicago Area Translators' Association

LANGUAGE SKILLS

Bilingual English-Spanish (native speaker of Spanish)
Fluent in French
Excellent comprehension of Italian and Portuguese

Good Russian skills – oral and written

PROFESSIONAL AND EDITORIAL ACTIVITIES:

Member, U.S. Census Bureau National Advisory Committee on Racial, Ethnic and Other Populations. August 2013- pres.

Member, Translation Task Force. European Social Survey. 2002-2008, 2012-present.

Peer reviewer. *Survey Research Methods*. Konstanz, Germany. Nov. 2007.

Conference committee member. AAPOR Annual Conference. Help review proposals for presentations at annual conference. 2004-pres.

Peer reviewer. *Public Opinion Quarterly*. Jan. 2002-pres.

Member of External Peer Review Panel, Program of General Census & Survey Research & Support. Statistical Research Division. U.S. Census Bureau. December 2002-February 2003.

Member of Translation Expert Panel convened by the U.S. Census Bureau's Statistical Research Division to establish best practices and guidelines for survey studies translations. November 2001.

Invited participant at “Anthropological Approaches to Middle Class Working Families,” conference supported by the Alfred P. Sloan Foundation/NSF. May 31 - June 2, 1998. Morrison House (Alexandria, VA).
