THE VETERANS RAND 12-ITEM HEALTH SURVEY (VR-12)

This study is a collaboration between the Social Security Administration and the National Institutes of Health to develop a new method of asking questions related to disability (i.e., computer adaptive tests) and new questions to ask about your daily physical and behavioral activities.

The following questions ask for your views about your health—how you feel and how well you are able to do your usual activities. All kinds of people across the country are being asked these same questions. Their answers and yours will help to improve health care for everyone. There are no right or wrong answers; please choose the answer that best fits your life right now.

Answer each question by marking an 'X' next to the best response. For example:
