Figure 1: Administrative Data Template

No changes to this template included in this PRA package.

Administrative Data					
<input type="button" value="Validate"/>		The QHP Application requires submission of certain administrative data that will be utilized for operational purposes. This information includes identifying information and contact information. Some of this information will be pre-populated based on the information you have previously entered in HIOS.			
<input type="button" value="Finalize"/>		All fields marked with an asterisk (*) are required. Depending on the Proposed Exchange Market Coverage selected, certain additional fields may be required. On validation, missing or incorrect data is highlighted. To validate the template, use the Validate button or press Ctrl + Shift + V. To finalize the template, press the finalize button or press Ctrl + Shift + F.
