Official Title of Project: Evaluation of the Permanency Innovation Initiative: California Partners for Permanency II

Principal Investigator: Dr. George Gabel

Institution Conducting the Research: Westat

Date

Dear Potential Participant,

The U.S. Department of Health and Human Services has asked Westat, a research organization, to do a study on how child welfare services are helping families like yours. They want to know if the services you receive help children safely stay out of foster care or safely leave foster care sooner. One of the ways you can help us learn to better serve you and your children is by filling out the enclosed questionnaire.

If you agree to participate, please fill out the questionnaire, put it in the enclosed pre-paid envelope, and drop it in any United States Postal Service mailbox. You will be mailed a \$50.00 Visa gift card to thank you for your time and responses.

Your responses will not be provided to your social worker, cannot be used in court and will not affect your child welfare case.

Thank you for your participation.

Frequently Asked Questions

What is the study for?

The study will help us learn if the services you get from child welfare help your children safely stay out of foster care or safely leave foster care sooner.

How do I participate? How does the study work?

We are asking you to agree to let Westat gather information about you and your family. Westat will get this information through this questionnaire. The questionnaire asks questions about how you work with your social worker and the support and service you receive from your social worker. Other questions will be about other family members' and friends' involvement with your child's case and how hopeful you feel about your child returning home.

The questionnaire will take about 36 minutes to answer. You can skip questions that you do not feel comfortable answering. There are no right or wrong answers. We just want you to answer the questions honestly. If you do not answer all the questions on the survey, or if we cannot understand your answers, Westat may contact you by telephone or mail to better understand your responses.

What are the possible risks and discomforts?

This questionnaire has questions that may make you feel upset or uncomfortable. If that happens please speak to your social worker. You can also skip questions that you do not want to answer.

Will everything I tell you during the study be kept private?

We will keep your information private to the extent permitted by law. We will not include information that specifically names you or your family in any reports. All responses will be compiled with responses from other families and will be used for research only.

To help us keep your information private, we received a Certificate of Confidentiality from the U. S. Department of Health and Human Services. With this Certificate, no one can force us to share information that may identify you, even in any court or legal proceeding or under a court order or subpoena. We are mandated reporters, so if we are informed of any abuse or neglect we are required by law to report this information to child welfare. We are also required to report to authorities if we are concerned that you might harm yourself.

What are the benefits to participating in the study?

Your participation will help (*insert CAPP agency name*) find better ways to serve families and children.

Are there other ways to participate in the study?

There are no other ways to participate in the study other than completing this questionnaire.

Could I be injured by participating in the study?

We do not expect that you will experience any injuries because of participating in the study. Therefore, no treatment will be available to address any injuries.

Does Westat have a conflict of interest with the Department of Social Services (DSS)?

Westat has no financial or other relationships with (*insert CAPP agency name*) that will affect conducting this study, including interpreting and reporting the study results.

Will I get anything for taking part in the study?

We will mail you a \$50.00 Visa gift card to thank you for participating once we receive your mailed survey.

I would like to participate in the study, but I have questions. Who can I contact?

If you have any questions about the study, or would like to complete the questionnaire by telephone, please call Westat at 1-855-538-6735. They are available from 9:00 a.m. to 3:00 p.m. PST and are happy to speak with you.

If you have any questions about your rights as person taking part in the study, please contact the Committee for the Protection of Human Subjects at (916) 326-3660. You can also learn more about your rights as a part of the study from the *Research Participant's Bill of Rights* document in this packet.

Do I have to take part in the study?

You do not have to be in the study. You can stop being in the study at any time. Your choice will not affect your case or the services that you and your family get. We hope that you will be part of the study so that we can learn ways to better serve families.

What is the name of your <oldest/youngest> child in Child Welfare Services?
