Introduction

Mathematica Policy Research is conducting the American Indian and Alaska Native Head Start Family and Child Experiences Survey (AI/AN FACES) under contract with the Administration for Children and Families (ACF) of the U.S. Department of Health and Human Services (DHHS).

We need for you to complete this brief survey which asks you about your center and staff as well as your thoughts about program management and your background.

Thank you for taking the time to complete this survey. Questions are not always numbered sequentially, so please answer questions in the order they appear, regardless of the question number. Additionally, you may be told to skip some questions because they do not apply to you.

Your participation in the study is voluntary and you may refuse to answer any questions you are not comfortable answering. Your answers will not be shared with other staff at your center, or anybody else not working on this study. Please be assured that all information you provide will be kept private to the extent permitted by law. The information you provide to the study will be protected and will only be seen by selected members of the study team. The survey will take about 20 minutes of your time to complete.
