> SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for

> the American Time Use Survey-Eating and Health Supplement information

> collection. The Eating and Health module supplement includes questions

> about respondents' eating and drinking behaviors, food assistance

> participation, grocery and meal shopping, food preparation, and food

> sufficiency. It also includes questions on general health and physical

> exercise. Information collected in the supplement will be published as

> a public use data set to facilitate research on numerous topics, such

> as the association between eating patterns, body mass index, and

> obesity; time-use patterns of food assistance program participants and

> low-income nonparticipants; time-use patterns and eating and activity

> levels; and how time-use varies by health status. The supplement is

> asked of respondents immediately upon their completion of the American

> Time Use Survey. The supplement surveys individuals aged 15 and up

> from a nationally representative sample of approximately 2,100 sample

> households each month. The BLS Authorizing Statute authorizes this

> information collection. See 29 U.S.C. 1, 2.

> This information collection is subject to the PRA. A Federal

> agency generally cannot conduct or sponsor a collection of  
> information, and the public is generally not required to respond to an  
> information collection, unless it is approved by the OMB under the PRA  
> and displays a currently valid OMB Control Number. In addition,  
> notwithstanding any other provisions of law, no person shall generally  
> be subject

> OMB authorization for an ICR cannot be for more than three (3)  
> years without renewal, and the current approval for this collection is  
> scheduled to expire on June 30, 2016. The DOL seeks to extend PRA  
> authorization for this information collection for use through June  
> 2017, without any change to existing requirements. The DOL notes that  
> existing information collection requirements submitted to the OMB  
> receive a month-to-month extension while they undergo review. For
