MEMORANDUM FOR	:	Reviewer of 1220-0045
FROM	:	Beth Rogers, Chief Division of Safety and Health Statistics Office of Compensation and Working Conditions Bureau of Labor Statistics
SUBJECT	:	Changes to Collection Forms for the Survey of Occupational Injuries and Illnesses

In January 2015, the Bureau of Labor Statistics (BLS) seeks approval to begin using revised collection forms for the Survey of Occupational Injuries and Illnesses (SOII). Minor updates have been made to collection forms to clarify instructions for reporting.

A brief summary of the changes made to the SOII IDCF mailing are described below:

- Reworded the reference on the instructions on the long form and the fax form for reporting days of job transfer or restriction to change industries and to clarify that these data are only being sought for private industry establishments;
- Changed the instructions on how to access the internet data collection facility on the SOII IDCF form and the Internet Pamphlet; and
- Changed the example password to reflect the password capitalization for the current year.

Copies of relevant forms have been included with this note to the reviewer.

Although, these changes are not expected to have an impact on respondent burden, the SOII undercount test is now complete so 1950 hours are being removed from the record to reflect the completion of this test. If you have any questions about this request, please contact Beth Rogers by telephone at 202-691-5098 or by e-mail at rogers.elizabeth@bls.gov.
