

Renewable Energy Commitment Form Instructions

The President's Climate Action Plan calls for a target of 100 megawatts (mW) of installed capacity of renewable energy on-site at federally subsidized housing by 2020. Federally assisted housing includes HUD's rental housing portfolio (Public Housing, Multifamily Assisted) and USDA's Rural Development Multifamily Programs, as well as rental housing supported through the Low Income Housing Tax Credit (LIHTC).

The 100 mW target aims to make use of millions of federally subsidized roofs with on-site generation potential. Due to the nature of the target, solar photovoltaic (PV) generation will be the primary renewable energy source utilized under this initiative. However, other types of renewable energy, including solar thermal, wind, geothermal, biomass, combined heat and power, and small-hydro projects, are also included.

Make a Commitment Toward the Federal Renewable Energy Target

If you are interested in making a public commitment toward the Federal Renewable Energy Target, please complete the steps outlined below. Organizations may establish their own goals for how much renewable energy technology to install; there is no minimum amount of mW, kW, or therms of renewable energy necessary to make a commitment.

1. Complete the Renewable Energy Commitment Form.
2. Save the PDF with the file name RE-Commitment-Your-Organization-Name.
Example: RE-Commitment-ABC-Housing
3. Email the completed form to **info@hudexchange.info**.
Use the subject line: Renewable Energy Commitment - {Organization Name}
Example: Renewable Energy Commitment - ABC Housing

Renewable Energy Commitment Form

1. Organization Name:
2. Type of Federally Assisted Properties (Select All That Apply):
HUD-subsidized Rental Housing:
 Project Based Section 8 Section 202/811
 Public Housing
Other HUD-subsidized Rental Housing
 USDA Rural Development Multifamily Program
 LIHTC
3. Organization Address:
4. Organization City:
5. Organization State:
6. Organization Zip:
7. Contact Name:
8. Contact Phone:
9. Contact Email:
10. Contact Address:
11. Contact City:
12. Contact State:
13. Contact Zip:

14. My organization commits to the installation of the following total on-site renewable energy capacity on federally subsidized housing that we own. **Include existing renewable energy installations.** Enter total amounts across all properties. Leave fields blank that do not apply.

Type of Renewable Energy	Enter Amount (#)	Select Unit
Solar Photovoltaic		
Solar Thermal		
Wind		
Geothermal		
Biomass		
Combined Heat and Power		
Small-Hydro Projects		
Other (Specify)		

15. My organization commits to installing this renewable energy capacity by the following date (Enter date no later than 12/31/20):

Notes:

16. Renewable energy will serve (Select All That Apply):

- Common Areas
- Tenant Units

17. If serving tenant units, what is the estimated number of households served by this commitment?

18. If known, in what state(s) will your organization install renewable energy?
(Enter state acronyms separated by commas e.g, AK, AL)

19. Do you have existing renewable energy on your federally assisted housing properties?

If yes, enter total amounts across all properties for applicable renewable energy types.
Leave fields blank that do not apply.

Type of Renewable Energy	Enter Amount (#)	Select Unit
Solar Photovoltaic		
Solar Thermal		
Wind		
Geothermal		
Biomass		
Combined Heat and Power		
Small-Hydro Projects		
Other (specify)		

20. In what states are the properties located? (Enter state acronyms separated by commas e.g, AK, AL)

21. Notes:
