

DLA Supplier Survey

Introduction

In support of the Defense Logistics Agency's (DLA) Industry Engagement Plan, we are excited to announce our 2018 Supplier Satisfaction Survey effort sponsored by HQ J7, DLA Acquisition. We invite your organization to complete this voluntary survey to help DLA better understand what factors drive supplier satisfaction along the following four (4) dimensions:

- DLA-Supplier Relationship
- DLA Communication
- Growth & Profit Potential
- DLA Effectiveness

We request that you select a single representative from your establishment to complete this anonymous survey. This representative should be best positioned to provide your establishment's collective supplier satisfaction feedback with its overall interactions and engagement with DLA at various stages of the acquisition lifecycle. In the event your establishment's DLA business is complex, and it is too difficult to provide collective feedback, please contact us at dlasuppliersurvey.dla.mil to identify additional representatives to complete the survey for your organization. For example, your organization may have different business units that support specific DLA supply chains or programs and it may be more appropriate for representatives from these units to also complete the survey.

If you have not had the opportunity to review the purpose and scope of this survey effort, please **Click Here** to review the invitation letter from Mr. Matthew R. Beebe, DLA Acquisition. If you prefer to provide a response on paper, please **Click Here** to access the PDF version and submit your completed response to dlasuppliersurvey.dla.mil.
