About three weeks ago, we wrote to you about the 2017 Agricultural Shipper Needs Survey: Upper Mississippi River System. As of today, we have not received your completed questionnaire. We realize that this is a busy time of the year and you may not have had time yet to complete it. However, we would sincerely appreciate hearing from you. We are writing to you again because of the importance of your questionnaire to the usefulness of this study. You may also complete on line at:

<http://opinion.wsu.edu/AgShipper2017>

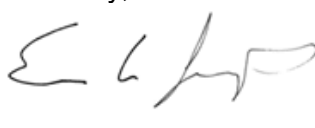

Access Code:xxxxx

To truly represent the operations, needs and opinions of all shippers in the area, on the water or not, it is important that each questionnaire be completed. The purpose of the survey is to gather as much information as possible for the U.S. Army Corps of Engineers in support, maintenance of, and access to the navigable waterways along the Mississippi River system.

All of the information you provide will be kept strictly confidential. Your participation is voluntary and you may skip any question you prefer not to answer. If you have any questions or would like help completing the survey, please call toll free at (800) 833-0867 and ask for the "Transportation Choice Survey" or send a fax message to (509) 335-0116. You may also send an email message to moored@wsu.edu if you prefer.

Thanks for your help!

Sincerely,

Eric Jessup
Associate Research Professor
School of Economic Sciences

Danna L. Moore
