Public reporting of this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1006).

INTRODUCTION

This survey asks about your experience since the end of your formal participation in the Work@Health® program. This project is funded by the Centers for Disease Control and Prevention. Many parts of the project are being managed by ASHLIN Management Group (ASHLIN). ASHLIN is a private sector consulting firm with a focus in the area of health and human services based in Greenbelt, MD. They are helping CDC implement the Work@Health® Program. The Public Health Management Corporation (PHMC), a non-profit, public health institute located in Philadelphia, PA and part of the ASHLIN Team designed this survey.

Informed Consent

Before you get started, we'd like need to give you some more information to help you decide whether or not you would like to participate.

- Your participation in this survey is voluntary. In the course of this survey, you may refuse to answer specific questions. You may also choose to end the discussion at any time.
- The survey is designed to take about 15 minutes.
- All of the answers you provide will be maintained in a secure manner. We will not disclose your responses or anything about you unless we are compelled by law. Your responses will be combined with other information we receive and reported in the aggregate as feedback from the group. In our project reports, your name will not be linked to the comments you provide in this discussion.

- There are no right or wrong answers or ideas—we want to hear about YOUR experiences and opinions.
- CDC is authorized to collect information for this project under the Public Health Services Act.
- There are no risks or benefits to you personally for participating in this discussion.
- We are interested in your comments so that we can improve the Work@Health® program for future participants. Please feel free to contact Dr. Jennifer Lauby at PHMC. Her phone number is 216-985-2556 and her email is Jennifer@phmc.org

Over the next 12 months, to what extent does your organization plan to support additional training for staff to implement or enhance worksite health promotion programs, policies and environmental supports?

- We will provide financial resources for staff to participate in additional training
- We will only allow staff time to participate in free training opportunities
- We will not provide support for additional training

What additional types of training or other types of support would have been helpful for implementing or expanding a program at your worksite?

How important was the Work@Health® funding for starting or enhancing health promotion activities or policies at your worksite?

- We could not have gotten started without the funds
- The funds helped, but were not essential to our program
- The funds did not make a difference in our efforts

What major costs are associated with your worksite's health promotion efforts?
