

## ESRD Grievant Satisfaction Survey

### Introduction

Hello. May I please speak with **[participant name]**?

*If the participant is not available, please provide a callback number for the participant to call back before [auto populate the end date of the survey calls cycle], thank the person on the phone, and end the call by saying, "Thank you for your time. If we do not hear back from **[participant name]**, we will call back. What is the best time to call back?" [Time captured needs to be based on participants' time zone and rescheduled in the scheduler].*

*If the participant answers the phone, state the following:*

Good **[morning/afternoon/evening, participant name]**. My name is **[surveyor name]**. I'm calling because you told **[Network name]** when you filed your grievance you'd help Medicare by answering some questions about your experience with **[Network name]**. I'm with the Subcontractor Name and as explained in the letter you received I'm not with **[Network name]** or Medicare. Everything you tell me will be private.

Our records show you contacted **[Network Name]** around **[date]** to file a grievance. Is this correct?

*If yes, continue with the survey. If no, ask if the date is wrong and obtain the correct date. [This date will need to be captured for reporting purposes]. If the patient didn't file a grievance, conclude the survey and thank the respondent.*

Is this a good time for you to talk?

*If yes, continue with the survey. If no, schedule a follow-up call.*

We will use what we learn today to help improve the Network grievance process. We will talk for about 15 minutes today. What you say will be kept private, will not be shared with your dialysis facility or Network, and will not change your Medicare benefits.

## Conclusion

On behalf of [name of survey vendor], I want to thank you for your time today. Medicare oversees all dialysis facilities, transplant centers, and Networks. Even if you don't have Medicare your feedback on your experience is important. Again, if you have any questions or concerns about this survey or the way I asked questions, please contact CMS Representative at XXX-XXX-XXXX or [FirstName.LastName@cms.hhs.gov](mailto:FirstName.LastName@cms.hhs.gov)

Supplemental Script [To be used as Frequently Asked Questions by the surveyor]

*If the patient refuses to take the survey due to not getting the outcome they desired: I'm sorry you did not get the outcome you desired from filing a grievance, but we would be very grateful if you would participate in the survey. Your experience is very important feedback for us to report to Medicare.*

*If the patient refuses to take the survey due to a lack of clarity of Medicare's involvement: I understand you don't have Medicare, but the Social Security Act makes Medicare responsible to oversee the quality of care for all patients in a dialysis facility, transplant center or the Network, not just those receiving Medicare benefits. Your experience is very important feedback for us to report to Medicare.*

*If the patient refuses due to lack of clarity about who is calling: I work for the [Subcontractor Name]. Medicare hired my firm to do this survey so patients can be sure everything they say is private. As the letter you received stated your answers will be added to all the other patients responding in your Network, without names, before being given to Medicare. Your experience is very important feedback for us to report to Medicare.*
