The 2018 Census of Tribal Law Enforcement Agencies (CTLEA) is a census of all tribal law enforcement agencies granted authority by federally recognized tribes, tribal constitution, or tribal code, the Bureau of Indian Affairs (BIA), or state justice enforcement agencies. Information collected on this form will provide needed information to tribes, law enforcement agencies, federal agencies, and other partners working on tribal lands. The Bureau of Justice Statistics (BJS) greatly appreciates your assistance.

INSTRUCTIONS

1. Please answer all questions with reference to the tribal law enforcement agency specified above.
2. For all questions, the phrase **"during calendar year 2017"** refers to **January 1, 2017 through December 31, 2017**.
3. For any series of yes or no response questions, please check either "Yes" or "No" for each option.
4. Please submit your completed form by mailing it to NORC in the enclosed postage paid envelope, by faxing to NORC at xxx xxx xxxx, or by scanning and emailing all pages to CTLEA@norc.org.
5. If you have questions or need assistance in completing the survey, please contact NORC via email at CTLEA@norc.org or call 1-877-346-5693.

BURDEN STATEMENT

Federal agencies may not conduct or sponsor an information collection, and a person is not required to respond to a collection of information, unless it displays a currently valid OMB Control Number. The public reporting burden for this collection of information is estimated to average **30 minutes per response**, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden, to the Director, Bureau of Justice Statistics, 810 Seventh Street, NW, Washington, DC 20531. The Omnibus Crime Control and Safe Streets Act of 1968, as amended (34 USC 10132), authorizes this information collection. Data about your agency collected in this survey will be made publicly available after analysis. However, BJS will not release the names, phone numbers, or email addresses of the actual persons responsible for completing the instrument. Although this survey is voluntary, BJS needs your participation to make the results comprehensive, accurate, and timely.

CTLEA COGNITIVE INTERVIEW DEBRIEFING SCRIPT/QUESTIONNAIRE

Hi,

My name is _____ and I'm calling on behalf of the Bureau of Justice Statistics regarding the Census of Tribal Law Enforcement pilot survey. May I please speak to _____?

I'm calling regarding Census of Tribal Law Enforcement Agencies/ pilot survey you recently completed for us. Thank you so much for completing the survey. Could we schedule a time to conduct a debriefing of the survey? It shouldn't take more than half an hour.

If available at the time of the call, make sure they have copy of completed survey in front of them.

Great, let me walk you through the basic process of how the debriefing will work. First we will start with general questions about the survey. Next, I will ask questions about a subset of the items on the survey. We will also talk about how long the survey took to complete and the accessibility of the information needed to complete the survey. I have your survey responses in front of me. Do you have any questions before we start?

General Questions:

Were any of the questions difficult to answer?

If yes, which question(s) and why? Was any response unclear, confusing, overlapping, or missing or terminology that needed to be better defined?

Were any additional definitions needed? If yes, for which question(s)?

What systems/records did you use to complete the survey?

How long did it take you to complete the survey? How long did it take to collect and assemble the requested information?

Did requesting data by calendar year make it easier or more difficult to retrieve this information?

Were you able to complete the survey all at once or did it require multiple sessions?

Was the level of effort to complete the survey appropriate for the questions the survey asked?

Were any of these questions not applicable to your agency? Which ones?

Were any of questions unclear or difficult to understand? Which ones?

Would you recommend that we make any changes to the survey to enhance the clarity of the questions or to make the survey easier to complete?

Turning to specific questions, please provide details on the following...

B4: How difficult was it to provide this information? About how long did it take to retrieve this information? Did you have to consult other staff to answer this question? What percentage of your time completing this question was spent on providing information for full time officers compared as compared to part time officers? Would it have taken significantly less time to complete this question if fewer categories had been provided?

C1: (If unable to provide the information/information unavailable) If you had answered this question, about how long would it have taken to retrieve this data? Did you consult other staff to retrieve this data?

C2: (If unable to provide the information/information unavailable) If you had answered this question, about how long would it have taken to retrieve this data? Did you consult other staff to retrieve this data?

C3: (If unable to provide the information/information unavailable) If you had answered this question, about how long would it have taken to retrieve this data? Did you consult other staff to retrieve this data?

E1: How familiar are these terms to your agency?

E2: How familiar are these database names?

E5: Is the term 'IT Specialist' clear? How easy was this question to answer?

Dear <<'TITLE>> <<LAST_NAME>>:

I am writing to request your participation in a test of the 2018 Census of Tribal Law Enforcement Agencies (CTLEA) pilot survey being conducted by the NORC at the University of Chicago (NORC) on behalf of the U.S. Department of Justice, Bureau of Justice Statistics (BJS).

Your agency is one of a select few asked to participate in this test to assess the survey content, question clarity, and time required to complete the survey prior to the full data collection in 2019. The CTLEA is designed to collect information from tribal law enforcement agencies such as yourself on agency characteristics, functions and needed resources including, but not limited, to staffing, training, work activities and functions, technology, and information sharing between law enforcement agencies.

The CTLEA is part of BJS's on-going efforts to expand statistical activities related to American Indian and Alaska Native crime and justice issues under the Tribal Law and Order Act (TLOA). TLOA expanded the role of BJS to establish and implement a tribal data collection system and requires that BJS report to Congress annually the data collected and analyzed in accordance with the act (P.L. 111-211, 124 Stat. 2258, § 251(b)).

To participate in this effort, first please fill out the enclosed questionnaire in its entirety and return it using the prepaid envelope addressed to NORC, the BJS data collection agent. Second, please participate in a short interview to discuss your experience completing the survey and understanding of the survey questions. A representative of NORC will contact you to arrange a time to discuss the questionnaire once your completed survey is received. It will be useful to retain a copy of the survey for your reference.

Please complete the survey by DATE. If you need assistance or have any questions concerning this pilot test, please contact NORC at 877-346-5693 or at ctlea@norc.org. For comments or questions about the CTLEA program, please contact Steven W. Perry, BJS Program Manager, at 202-307-0777 or at Steven.W.Perry@usdoj.gov.

Thank you in advance for your time and consideration in helping BJS on this important survey.

Sincerely,

Jeffrey H. Anderson
Director

Responses to frequently asked questions:

Why are you conducting this survey?

This survey is being conducted to better understand the unique functions of tribal law enforcement; the complexity surrounding tribal, state, and federal jurisdictions; and the interrelationships that exist among the different law enforcement agencies in Indian Country. Information collected from this survey will help inform funding and policy decisions to help tribes access the resources they need for public safety.

Your participation in the CTLEA is critical and will help us gather the most accurate and comprehensive picture of the strengths, capacity, and needs of tribal law enforcement.

PILOT AGENCIES: The pilot is being conducted survey to help us develop a survey that collects critical information from tribal law enforcement agencies.

Who else is it being sent to?

The survey is being sent to all tribal law enforcement agencies and those agencies with special authority including natural resources, fish and wildlife, casino and gaming enforcement that serve federally recognized tribes and have the authority to issue arrests and/or citations. For the project to be successful and representative of all of Indian Country, it is important that we hear from all tribal law enforcement agencies.

PILOT AGENCIES: A select number of agencies were sent the pilot survey based on the size and location of the agency and resident population.

How will these results be used?

The results will be used to develop an accurate and comprehensive understanding of the administration, operations, services, and capabilities, as well as the challenges, resource gaps, and emerging crime concerns. With recent legislative changes through the Tribal Law and Order Act (TLOA), this information will help us measure changes in tribal law enforcement authority and capacity. The information will help inform federal agencies, as they craft legislation, allocate resources, and develop funding programs that will better meet tribes' public safety needs.

PILOT AGENCIES: Your response to the pilot survey will help us to refine the survey questions that will be used during the full data collection.

How long will this take?

TLE: We expect that the survey will take about 30 minutes to complete.

PILOT AGENCIES: The interview to review the survey content and your experience completing the survey will take approximately 1 hour.

How will this survey benefit my agency or tribe?

The survey will provide statistical information for tribes to demonstrate their capabilities and challenges when applying for funding and advocating on behalf of their needs. It will also alert tribes about emerging crime trends in Indian Country, so tribes can be more proactive about safeguarding their tribal members from emerging threats. With increased understanding about the capacity and professionalism of tribal law enforcement, the CTLEA will also help raise the profile of tribal law enforcement, which can assist tribes in forming stronger partnerships and gaining access to vital criminal justice resources.

PILOT AGENCIES: Your participation in the pilot survey will help us develop a survey that collects critical information from tribal law enforcement agencies.

Dear <<TITLE>> <<LAST_NAME>>:

I am writing to follow up on my previous request for your participation and support for the 2018 Census of Tribal Law Enforcement Agencies (CTLEA) pilot survey and cognitive interview.

As one of a select few agencies asked to participate in this effort, it is important we have your participation. The CTLEA is designed to collect information from tribal law enforcement agencies on staffing, training, budgets, work activities and functions, technology, and information sharing between law enforcement agencies, among other topics.

The Tribal Law and Order Act (TLOA) expanded the role of BJS to establish and implement a tribal data collection system and requires that BJS report to Congress annually on the data collected and analyzed in accordance with the act (P.L. 111-211, 124 Stat. 2258, § 251(b)). CTLEA is part of these efforts.

Please fill out the enclosed questionnaire in its entirety and return it using the prepaid envelope addressed to NORC at the University of Chicago, BJS' data collection agent. Additionally, we ask that you participate in a short debriefing interview to discuss your experience completing the survey. A representative of NORC will contact you to arrange a time to discuss the survey questions once your completed form is received. Please retain a copy of the completed survey for your reference.

Please complete and return the survey by DATE. For assistance or questions about the pilot survey, contact NORC at 877-346-5693 or via e-mail at ctlea@norc.org. If you have any comments or questions about the CTLEA program, contact Steven W. Perry, BJS Program Manager, at 202-307-0777 or e-mail at Steven.W.Perry@usdoj.gov.

Again, thank you in advance for your time and consideration in helping BJS on this important survey.

Sincerely,

Jeffrey H. Anderson
Director
