INSTRUCTIONS

After the interview, assign a summary rating on the front cover that best reflects the school coordinator's responses, as well as any unsolicited comments he/she makes during your conversation that are relevant to the team's performance. The rating should factor in the school coordinator's overall evaluation of the team, as well as any favorable or unfavorable reports about individual team members. In assigning your rating, be sure to differentiate, when possible, a negative attitude about the NAEP program versus a negative evaluation of the assessment team's performance.

The rating scale for the overall evaluation consists of a five-category scale, with values ranging from "1," signifying excellent, to "5," meaning the performance was unacceptable. A "Not Enough Information" ("8") option is provided, but unless the school coordinator consistently answers your questions with "don't know," assign a rating based on the opinions the school coordinator was able to express. Ratings of "4" and "5" should be extremely rare and, when assigned, you will need to provide more details about the team's performance. Promptly discuss with your field manager if a team receives an overall rating of "4" or "5."

The rating scale is explained in more detail below.

- | | |
|---------------------------------------|---|
| Excellent | (1) The team was totally prepared, organized, and professional. The school coordinator had nothing but a glowing review for each question asked of them. Almost all questions were answered either "very well" or "very good." |
| Good | (2) The team was prepared and professional, but there were a few small missteps that kept this from being an excellent assessment. |
| Satisfactory / Adequate | (3) The team was adequate and got the job done, but the school coordinator answered most of the questions as "satisfactorily" or "adequate" (as opposed to very well/very good). Additional briefing or training may be in order. |
| Unsatisfactory | (4) The team was unprepared and/or unprofessional at times. The team's performance definitely requires improvement. Additional briefing or training may be in order. |
| Unacceptable / Problem | (5) The team was totally unprepared and/or unprofessional. This performance was unacceptable, and immediate remedial action is definitely required. |
| Not Enough Information to Rate | (8) Due to the session scheduling, the school coordinator was unable to observe any portion of the team's performance or enough of the team's performance to rate the team. |

Please consult the **NAEP Assessment Team Quality Control Form Telephone Version 2015 MAIN/TBA Question-by-Question Specifications** for additional guidelines on what you should consider when assigning these ratings.
