ENERGY STAR Lamps Partner
Unit Shipment Data for Calendar Year 2015
Office of Atmospheric Programs

PARTNER NAME (Per your Partnership Agreement): _____

DATE OF SUBMISSION: _____

SUBMITTED BY (Your name): _____

IMPORTANT: Please read these instructions carefully before completing this form.

- Report shipments to or within the U.S. of all models certified under your ENERGY STAR partnership.
- To ensure no double counting occurs, do not report shipments of products certified under another company's p. if you are the Original Equipment Manufacturer of those products. As a reminder, any product sold under a brand company owns or licenses must be certified under your ENERGY STAR partnership.
- If you shipped zero ENERGY STAR certified models to or within the U.S. in 2015, please check here and leave blank.
- Reported shipments are to be based on watts used by each lamp, not wattage equivalency.

This form is programmed to calculate your total shipments. Therefore, EPA strongly encourages you to fill it out in Excel, instead of filling out a printed copy. Estimates of shipments are not accepted. Product Type definitions are Program Requirements at www.energystar.gov/specifications.
