U.S. DOT Hazardous Material Regulations

To obtain information on whether the commodities an applicant intends to transport are considered as hazardous materials: Refer to the provisions governing the transportation of hazardous materials found under Parts 100 through 180 of [Title 49 of the Code of Federal Regulations](#) (CFR), particularly the Hazardous Materials Table at 49 CFR § 172.101 or visit the U.S. DOT, Pipeline and Hazardous Materials Safety Administration web site: <http://hazmat.dot.gov>. The web site also provides information about DOT hazardous materials transportation registration requirements.

SPECIFIC INSTRUCTIONS FOR COMPLETING EACH SECTION OF THE APPLICATION FORM

Section I. Applicant Information

Applicant's Legal Business Name and Doing Business As Name

The applicant's name should be its full legal business name — the name on the incorporation certificate, partnership agreement, tax records, etc. If the applicant uses a trade name that differs from its official business name, indicate this under "Doing Business As Name." Example: If the applicant is John Jones, doing business as Quick Way Trucking, enter "John Jones" under **Legal Business Name** and "Quick Way Trucking" under **Doing Business As Name**.

Because the FMCSA uses computers to retain information about licensed carriers, it is important to spell, space, and punctuate any name the same way each time the applicant writes it. Example: John Jones Trucking Co., Inc.; J. Jones Trucking Co., Inc.; and John Jones Trucking are considered three separate companies.

Business Address/Mailing Address

The business address is the physical location of the business (*for example, 24 Calle 10-08 Zona 11 Granai 2, Quetzaltenago, Guatemala*). If applicant receives mail at an address different from the business location, then provide the mailing address as well (*for example, P.O. Box 3721*).

To receive FMCSA notices and to ensure that insurance documents filed on applicant's behalf are accepted, notify in writing the Federal Motor Carrier Safety Administration, MC-RS, W65-206, 1200 New Jersey Avenue, S.E., Washington, DC 20590, if the business or mailing address changes. If applicant also maintains an office in the United States, that information should also be provided.

Representative

If someone other than the applicant is preparing this form, or otherwise assisting the applicant in completing the application, provide the representative's name, title, position, or relationship to the applicant, address, and telephone and fax numbers. Applicant's representative will be the person contacted if there are questions concerning this application.

U.S. DOT Number

Applicants are required to obtain a U.S. DOT Number from the U.S. Department of Transportation (U.S. DOT) before initiating service. Motor carriers that already have been issued a U.S. DOT Number should provide it. Applicants that have not previously obtained a U.S. DOT Number will be issued a U.S. DOT number along with their DOT registration.

A completed and signed Form MCS-150 Motor Carrier Identification Report must be submitted along with this application.

Form of Business

A business is a corporation, a sole proprietorship, or a partnership. If the business is a sole proprietorship, provide the name of the individual who is the owner. In this situation, the Owner is the registration applicant. If the business is a partnership, provide the full name of each partner.

Section 1A. Additional Applicant Information

All applicants must answer each question in this section. The applicant must provide the requested information concerning its current operations in the United States and any motor carrier registration issued by any Non-North American government.

Section 2. Affiliations Information

All applicants must disclose pertinent information concerning any relationships or affiliations which the applicant has had with other entities registered with FMCSA or its predecessor agencies. Applicant must indicate whether these entities have been disqualified from operating commercial motor vehicles anywhere in the United States.

Section 3. Type(s) of Registration Requested

Check the appropriate box(es) for the type(s) of registration the applicant is requesting. A separate filing fee is required for **certain types** of registration requested. Section 3 describes those types. Filing fees are waived for for-hire motor carriers exempt under [49 United States Code, Chapter 135, Subchapter I](#).

Section 4. Insurance Information

Check the appropriate box(es) that describes the type(s) of business the applicant will be conducting.

If the applicant is applying for motor passenger carrier registration, check the box that describes the seating capacity of its vehicles. If all the vehicles the applicant operates have a seating capacity of 15 passengers or fewer, the applicant must maintain \$1,500,000 minimum liability coverage. If any one of the vehicles the applicant operates has a seating capacity of 16 passengers or more, the applicant must maintain \$5,000,000 minimum liability coverage.

If the applicant is applying for motor property carrier registration and it operates vehicles with a gross vehicle weight rating of 10,000 pounds or more and hauls only non-hazardous materials, the applicant must maintain \$750,000 minimum liability coverage for the protection of the public. Hazardous materials referred to in the FMCSA's insurance regulations in [item \(c\) of the table at 49 CFR 387.303 \(b\)\(2\)](#) require \$1 million minimum liability coverage; those in [item \(b\) of the table at 49 CFR 387.303 \(b\)\(2\)](#) require \$5 million minimum liability coverage.

If the applicant operates only vehicles with a gross vehicle weight rating of less than 10,001 pounds but will be transporting any quantity of Division 1.1, 1.2 or 1.3 explosives, any quantity of poison gas (Division 2.3, Hazard Zone A, or Division 6.1, Packing Group 1, Hazard Zone A materials), or highway route controlled quantity of radioactive materials, the applicant must maintain \$5 million minimum liability coverage.

Applicant does not have to submit evidence of insurance with the application. However, applicant will be required to present acceptable evidence of necessary insurance coverage to the FMCSA as part of a pre-authorization safety audit. Appropriate insurance forms must be filed within **90 days** after the applicant submits its application: These include Form BMC-91 or BMC-91X for bodily injury and property damage for all applicants and Form BMC-34 for cargo insurance (household goods carriers only).

The FMCSA does not furnish copies of insurance forms. The applicant must contact its insurance company to arrange for the filing of all required insurance forms.

If an application is granted by the FMCSA, DOT registration is still not effective and operations under that registration may not begin unless an insurance filing has been made with and accepted by the FMCSA as required under 49 CFR [387.7](#), [387.31](#) and [387.301](#).

Section 5. Safety Certifications

Applicants for motor carrier registration must complete the safety certifications. The applicant should check the "YES" response only if the applicant can attest to the truth of the statements. The carrier official's signature at the end of this section applies to the Safety Certifications. The "Applicant's Oath" at the end of the application form applies to all certifications. False certifications are subject to the penalties described in that oath.

Applicants should complete all applicable Attachment pages and, if necessary to complete the responses, attach additional pages identifying the applicant on each supplemental page and referring to the section and item number in the application for each response.

Section 6. Household Goods Requirements

Applicants applying for registration as a household goods motor carrier as defined in [49 U.S.C. 13102\(12\)](#) must provide certain information regarding their arbitration program and tariff. They must also certify they are familiar with FMCSA's consumer protection requirements applicable to household goods transportation. Applicants must disclose all relationships involving common stock, common ownership, common management, or common familial relationships between the applicant and any other motor carrier, freight forwarder, or broker of household goods within 3 years of the date of the filing of this application. The signature should be that of the same company official who completes the Applicant's Oath.

Section 7. Scope of Operating Registration Sought

Applicant must indicate, by checking one or more boxes, the description(s) of the registration(s) for which application is being made.

Section 8. Compliance Certifications

All applicants are required to certify accurately to their willingness and ability to comply with statutory and regulatory requirements and to their understanding that their agent for service of process is their official representative in the U.S. to receive filings and notices in connection with enforcement of any Federal statutes and regulations.

Applicants are required to certify their willingness to produce records for the purpose of determining compliance with the applicable safety regulations of the FMCSA.

Applicants are required to certify that they are not now prohibited from filing an application because a previously granted FMCSA registration is currently under suspension or was revoked less than 30 days before the filing of this application.

Section 9. Applicant's Oath

The applicant or an authorized representative may prepare applications. In either case, **the applicant must sign the oath and all safety certifications.** (For information on who may sign, see "[General Instructions for Completing the Application Form](#)" in the instructions for this application.)

LEGAL PROCESS AGENTS

All motor carrier applicants must designate a process agent in each State where operations are conducted. For example, if the applicant will operate only in California and Arizona, it must designate an agent in each of those States; if the applicant will operate in only one State, an agent must be designated for that State only. Process agents who will accept filings and notices on behalf of the applicant are designated on FMCSA [Form BOC-3](#). Form BOC-3 must be filed with the application, unless the applicant uses a Process Agent Service. If the applicant opts to use a Process Agent Service, it must submit a letter with the application informing the FMCSA of this decision and have the Process Agent Service electronically file the BOC-3 with FMCSA within 90 days after the applicant submits its application.

Applicants may not begin operations unless Form BOC-3 has been filed with FMCSA.

STATE NOTIFICATION

Before beginning operations, all applicants must contact the appropriate regulatory agencies in every State in and through which the carrier will operate to obtain information regarding various State rules applicable to interstate registrations. It is the applicant's responsibility to comply with registration, fuel tax, and other State regulations and procedures. Please refer to the additional information provided in the application packet for further information.

MAILING INSTRUCTIONS

To file for registration an applicant must submit an **original and one copy** of this application with the appropriate filing fee to FMCSA. **Note:** Retain a copy of the completed application form and any attachments for the applicant's records.
