NOTICE TO APPLICANTS

The Federal Communications Commission uses information collected in FCC Form 177 in determining whether applicants are legally, technically, and financially qualified to participate in Commission auctions to relinquish spectrum usage rights. The Commission's auctions to relinquish spectrum usage rights, including the collection of information to determine applicants' qualifications to participate pursuant to Commission rules and requirements, are designed to limit the competitive bidding to qualified applicants; to deter possible abuse of the bidding process; and to enhance the use of competitive bidding in furtherance of the public interest.

The Commission estimates that each response to this collection of information will take on average 1.5 hours. This estimate includes the time to read the instructions, look through existing records, gather and maintain required data, and actually complete and review the form or response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-XXXX). We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED APPLICATION FORMS TO THIS ADDRESS.

The information collected in FCC Form 177 is required to be filed by all applicants to participate in a Commission auction to relinquish spectrum usage rights, pursuant to Sections 309(j)(5) and 1452(a)(1) of the Communications Act, as amended, and section 1.2204 of the Commission's rules. See 47 U.S.C. §§ 309(j)(5) and 1452(a)(1), 47 C.F.R. § 1.2204. Information collected in a submitted FCC Form 177 may be available, subject to confidentiality requirements pursuant to Section 1452(a)(3) of the Communications Act, as amended, and section 1.2206 of the Commission's rules. See 47 U.S.C. § 1452(a)(3), 47 C.F.R. § 1.2206.

You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a current valid OMB control number with this notice. This collection has been assigned OMB control number 3060-XXXX.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

The screenshot shows the FCC Auction 1001 Station Selection page. The page title is "Auction 1001 Sample Reverse Auction" and "Station Selection". Below the title, there is a note: "* indicates required field". The main heading is "Relinquishment Options for 915 (TEST-1)". Below this heading, there is a question: "* Which of the following relinquishment options would you like to have the ability to bid on in the reverse auction? Please note that options that you do not select **will not** be available for you to bid on in the reverse auction." There are three radio button options: "Go Off-Air", "Move to High-VHF Channel", and "Move to Low-VHF Channel". The "Move to High-VHF Channel" and "Move to Low-VHF Channel" options are selected. At the bottom of the page, there are buttons for "« Back", "Save", and "Save & Continue »".

Confirmation Required

Warning: If the auction system cannot move the selected station to a VHF channel to accommodate the selected relinquishment option(s), the station will be assigned to a channel in its pre-auction band and will not be able to participate further in the auction. To increase the likelihood that the station can participate further in the auction, the applicant may select the go off-air relinquishment option, which always can be accommodated.

[◀ Help](#)

By clicking the "Certify & Submit" button below, I certify the following:

1. that the applicant and all of the person(s) disclosed under paragraph (c)(1) of 47 C.F.R. § 1.2204 are not person(s) who have been, for reasons of national security, barred by any agency of the Federal Government from bidding on a contract, participating in an auction, or receiving a grant. For the purposes of this certification, the term "person" means an individual, partnership, association, joint-stock company, trust, or corporation, and the term "reasons of national security" means matters relating to the national defense and foreign relations of the United States.
2. that the applicant agrees that it has sole responsibility for investigating and evaluating all technical and marketplace factors that may have a bearing on the bids it submits in the reverse auction.
3. that the applicant agrees that the bids it submits in the reverse auction are irrevocable, binding offers by the applicant.
4. that the individual submitting the application to participate and providing the certifications is authorized to do so on behalf of the applicant, and if such individual is not an officer, director, board member, or controlling interest holder of the applicant, can provide evidence that such individual has the authority to bind the applicant.
5. that the applicant is in compliance with all statutory and regulatory requirements for participation in the reverse auction, including any requirements with respect to the license(s) identified in the application to participate.
6. that the applicant acknowledges and agrees that any information provided by the Commission's outside contractors who are advising and assisting the Commission with education and outreach, in connection with the reverse auction is for informational purposes only and that neither the Commission nor any of the Commission's outside contractors makes any representations or warranties with respect to any such information and shall have no liability to the applicant in connection therewith.
7. that the applicant: (a) acknowledges its liability to the Commission for any debt owed to the Commission that the applicant incurred before, or that it may incur after, the reverse auction application deadline, including all accrued interest, penalties and costs, and that the debt will continue to accrue interest, penalties and costs until paid; and (b) agrees that the Commission may pay all debt owed by the applicant to the Commission from the applicant's share of auction proceeds.
8. that the applicant agrees that if an appeal of, or request for waiver or compromise of, any debt owed by the applicant to the Commission is pending at the conclusion of the incentive auction, the Commission may withhold so much of the applicant's share of the auction proceeds as is necessary to pay the debt in full, including accrued interest, penalties and costs, until issuance of a final non-appealable decision regarding the debt or waiver or compromise request, and may then pay the debt from the applicant's withheld share.

By clicking the "Certify & Submit" button below, I, the individual identified as the Applicant's certifying representative below, declare under penalties of perjury that, based on all the information available to the Applicant, all the information provided in or with this application, including the certification statements above, are true and correct.
